Rational Womans Guide To Self Defense:

The Rational Woman's Guide to Self-defense Mary Conroy, 1975 **Breaking the Gender Code** Georgina Hickey, 2023-12-12

Historian Georgina Hickey investigates challenges to the code of urban gender segregation in the 20th century focusing on organized advocacy to make the public spaces of American cities accessible to women. She traces waves of activism from the Progressive Era with its calls for public restrooms, rooming houses, anti-spitting ordinances, covered bus stops, employment bureaus, lunch rooms, and women police, through and beyond second wave feminism and its focus on the creation of alternative women-only spaces. In doing so, Hickey looks at how class, race, and sexuality shaped activists' agendas and shaped women's experiences of urban space and the gains and limitations of this activism. She uses a wide range of archival material from press coverage to neighborhood association records to etiquette manuals and studies a variety of cities from Minneapolis to Atlanta. Throughout, she draws connections between the vulnerability of women in public spaces, real and presumed, and contemporary debates surrounding rape culture, bathroom bills, and domestic violence. Ultimately, Hickey unveils the institutionalized hierarchies that have made women feel uncomfortable in American cities and the both strikingly successful and incomplete initiatives activists undertook to open up public space to women. The manuscript is organized into eight chapters that move chronologically through the twentieth century with an epilogue that reflects on how these issues manifest in the present.

Real Knockouts Martha McCaughey, 1997-07-01

An examination of women's self-defense culture and its relationship to feminism. "I was once a frightened feminist." So begins Martha McCaughey's odyssey into the dynamic world of women's self-defense, a culture which transforms women involved with it and which has equally profound implications for feminist theory and activism. Unprecedented numbers of American women are learning how to knock out, maim, even kill men who assault them. Sales of mace and pepper spray have skyrocketed. Some 14 million women own handguns. From behind the scenes at gun ranges, martial arts dojos, fitness centers offering Cardio Combat and in padded attacker courses like Model Mugging, *Real Knockouts* demonstrates how self-defense trains women out of the femininity that makes them easy targets for men's abuse. And yet much feminist thought like the broader American culture seems deeply ambivalent about women's embrace of violence even in self-defense. Investigating the connection between feminist theory and women physically fighting back, McCaughey found self-defense culture to embody literally a new brand of feminism.
