Michael Oakeshott

Rationalism In Politics And Other Essays:

Rationalism in Politics, and Other Essays Michael Oakeshott, 1962 Michael Oakeshott on Religion, Aesthetics, and Politics Elizabeth Campbell Corey, 2006 Argues that Oakeshott's views on aesthetics religion and morality which she places in the Augustinian tradition are intimately linked to a creative moral personality that underlies his political theorizing Also compares Oakeshott's Rationalism to Voegelin's concept of Gnosticism and considers both thinkers treatment of Hobbes to delineate their philosophical differences Provided by publisher

Post-Liberalism John Gray, 2014-02-04 John Gray has become one of our liveliest and most influential political philosophers This current volume is a sequel to his *Liberalisms Essays in Political Philosophy* The earlier book ended on a sceptical note both in respect of what a post liberal political philosophy might look like and with respect to the claims of political philosophy itself John Gray's new book gives post liberal theory a more definite content It does so by considering particular thinkers in the history of political thought by criticizing the conventional wisdom liberal and socialist of the Western academic class and most directly by specifying what remains of value in liberalism The upshot of this line of thought is that we need not regret the failure of foundationalist liberalism since we have all we need in the historic inheritance of the institutions of civil society It is to the practice of liberty that these institutions encompass rather than to empty liberal theory that we should repair

Oakeshott and His Contemporaries Wendell John Coats, 2000 Oakeshott and His Contemporaries is an exploration of the ideas of one of the most important twentieth century English political philosophers vis a vis related ideas in the thought of seven prominent European thinkers spanning a millennium and a half The intent of the exploration is not an attempt to uncover Oakeshott's intellectual influences a dubious project in the case of any original thinker but rather to show the importance and coherence of Oakeshott's various themes by showing how they modify amplify and contrast with similar and related themes in the thought of seven better known thinkers Montaigne St Augustine Hegel Hobbes Benjamin Constant Rousseau and Hume

Rationality in Politics and its Limits Terry Nardin, 2017-10-02 The word rationality and its cognates like reason have multiple contexts and connotations Rational calculation can be contrasted with rational interpretation There is the rationality of proof and of persuasion of tradition and of the criticism of tradition Rationalism and rationalists can be reasonable or unreasonable Reason is sometimes distinguished from revelation superstition convention prejudice emotion and chance but all of these also involve reasoning In politics three views of rationality economic moral and historical have been especially important often defining approaches to politics and political theory such as utilitarianism and rational choice theory These approaches privilege positive or natural law responsibilities or human rights and emphasize the importance of culture and tradition and therefore meaning and context This book explores the understanding of rationality in politics and the relations between different approaches to rationality Among the topics considered are the limits of rationality the role of imagination and

emotion in politics the meaning of political realism the nature of political judgment and the relationship between theory and practice This book was originally published as a special issue of *Global Discourse* **The Cambridge Companion to Oakeshott** Efraim Podoksik, 2012-06-07 A systematic and accessible presentation of the ideas of one of the leading British philosophers of the twentieth century *Michael Oakeshott and the Conversation of Modern Political Thought* Luke Philip Plotica, 2015-02-23 One of the seminal voices of twentieth century political thought Michael Oakeshott's work has often fallen prey to the ideological labels applied to it by his interpreters and commentators In this book Luke Philip Plotica argues that we stand to learn more by embracing Oakeshott's own understanding of his work as contributions to an ever evolving conversation of humanity Building from Oakeshott's concept of conversation as an engagement among a plurality of voices without symposiarch or arbiter to dictate its course Plotica explores several fundamental and recurring themes of Oakeshott's philosophical and political writings individual agency tradition the state and democracy When viewed as interventions into an ongoing conversation of modern political thought Oakeshott's work transcends the limits of familiar ideological labels and his thought opens into deeper engagement with some of the most significant thinkers of the twentieth century including Ludwig Wittgenstein Charles Taylor Michel Foucault and Hannah Arendt Attending to these often unexpected or unrecognized affinities casts fresh light on some of Oakeshott's most familiar ideas and their systematic relations and facilitates a better understanding of the breadth and depth of his political thought **Liability and Environment** Lucas Bergkamp, 2001-01-01 This book provides an analysis of civil liability for environmental harm in an inter and transnational context It covers both liability of private parties and state liability under international and EC law and discusses national law developments in this area It explores in particular the relationship between public environmental law and private liability law Applying an instrumental approach to legal instruments it aims to redefine the role of liability in this heavily regulated area from the Preface The Politics of Sex and Other Essays R. Grant, 2000-04-21 These essays cover topics as radically diverse as Charles Rennie Mackintosh V clav Havel The Magic Flute and Viz magazine All have been published before and many have already proved controversial The author a leading Oakeshott scholar contributes frequently to the TLS Witty moving and erudite his prose is also conspicuously graceful and clear This collection is addressed as much to the educated general reader as to the academic specialist It includes an otherwise almost unobtainable exchange with Sir Isaiah Berlin The Liberal Mind in a Conservative Party Geoffrey Robinson, 2025-06-17 Robinson analyses the peculiarly Australian intellectual tradition of liberal conservatism within the mainstream centre right Liberal Party of Australia Conservative intellectuals in Australia have forged a pragmatic sceptical and utilitarian liberal conservatism focused on the tasks of government It remains distant both from the romantic and organicist ideas of the populist right and the simplicities of libertarianism Focusing on key figures within this tradition Robinson tracks the progress of Australian liberal conservatism over the years through its origins in the work of David Hume to the thoughts of Peter Coleman David Kemp and Andrew Norton before

moving forward to George Brandis and Gregory Melleuish The Liberal Party of Australia has appealed successfully to the conservative sentiments of voters in a liberal society The Liberal Mind in a Conservative Party tells the story of seven intellectuals who helped make this possible Peter Coleman drew on John Anderson Georges Sorel and Michael Oakeshott to champion neoconservatism He argues that this potent political ideology has shaped a distinct political identity which rejects conservative traditionalism and libertarian economics while defending a pragmatic approach to capitalism A fascinating read for students and scholars of Australian politics this book will also be of great value to readers with an interest in international centre right politics Neoliberalizing the University: Implications for American Democracy Sanford Schram,2017-10-02

This collection brings together essays to address the crisis of Higher Education today focusing on its neoliberalization Higher Education has been under assault for several decades as neoliberalism's preference for market based reforms sweeps across the US political economy The recent push for neoliberalizing the academy comes at a time when it is ripe for change especially as it continues to confront growing financial pressure particularly in the public sector The resulting cutbacks in public funding especially to state universities led to a variety of debilitating changes increases in tuition growing student debt more students combining working and schooling declining graduation rates for minorities and low income students increased reliance on adjuncts and temporary faculty and most recently growing interest in mass processing of students via online instruction While many serious questions arise once we begin to examine what is happening in higher education today one particularly critical question concerns the implications of these changes on the relationship of education to as yet still unrealized democratic ideals The 12 essays collected in this volume create important resources for students faculty citizens and policymakers who want to find ways to address contemporary threats to the higher education democracy connection This book was originally published as a special issue of New Political Science **British Conservatism and the Legal**

Regulation of Intimate Relationships Andrew Gilbert,2018-08-23 What does conservatism as a body of political thought say about the legal regulation of intimate relationships and to what extent has this thought influenced the Conservative Party's approach to family law With this question as its focus this book explores the relationship between family law conservatism and the Conservative Party since the 1980s Taking a politico and socio legal perspective the discussion draws on an expansive reading of Hansard as well as recently released archival material The study first sets out the political tradition of conservatism relying largely on the work of Edmund Burke before going on to analyse the discourse around the development of four crucial statutes in the field namely the Matrimonial and Family Proceedings Act 1984 the Family Law Act 1996 the Civil Partnership Act 2004 and the Marriage Same Sex Couples Act 2013 This work offers the first extended synthesis of family law conservative political thought and Conservative Party politics and as such provides significant new insight into how family law is made Runner up of the 2020 PSA Conservatism Studies Book Prize Education and Conversation David Bakhurst,Paul Fairfield,2016-05-19 Since Michael Oakeshott spoke of education as initiation into the conversation of mankind

more than fifty years ago the idea has inspired a diverse array of thinkers and continues to be invoked today by those seeking to resist the influence of managerialism and narrow instrumentalism in educational policy and practice

Education and Conversation draws together papers written by scholars from both the analytic and continental philosophical traditions to offer a variety of perspectives on the implications of Oakeshott's educational ideas. The metaphor of the conversation of mankind is explored together with the roots of Oakeshott's thinking in his early philosophical work, the relevance of his ideas to the concept of *Bildung* and the significance of his political conservatism in evaluating the seemingly progressive potential of his educational ideas. In addition, concepts prominent in Oakeshott's thought are taken up and brought to bear on contemporary philosophical discussions about education, learning and development, including the nature of initiation, the phenomenology of listening and the value of the liberal arts tradition. **Education and Conversation** shows how the idea of conversation illuminates both the character and the ends of education, yielding insight into the scope and limits of the philosophy of education and the character of philosophical inquiry more generally.

The Conservative Case for Education Nicholas Tate, 2017-07-20. The Conservative Case for Education argues that educational thinking in English speaking countries over the last fifty years has been massively influenced by a dominant liberal ideology based on unchallenged assumptions. Conservative voices pushing against the current of this ideology have been few but powerful and drawn from across the political spectrum. The book shows how these twentieth century voices remain highly relevant today, using them to make a conservative case for education. Written by a former government adviser and head teacher, the book focuses on four of the most powerful of these conservative voices: the poet and social critic T. S. Eliot, the philosopher Michael Oakeshott, the political thinker Hannah Arendt and the educationist E. D. Hirsch. In the case of each thinker, the book shows how their ideas throw fresh light on contemporary educational issues. These issues range widely across current educational practice and include creativity, cultural literacy, mindfulness, the place of religion in schools, education for citizenship, the teaching of history and Classics, the authority of the teacher, the arguments for and against a national curriculum, the educational response to cultural diversity and more. A concluding chapter sums up the conservative case for education in a set of Principles that would be acceptable to many from the Left as well as the Right of the political spectrum. The book should be of particular interest to educators and educational policy makers at a time when conservative governments are in power in the UK and the USA, as well as to researchers, academics and postgraduate students engaged in the study of educational policy or those studying educational issues from an ethical, philosophical and cultural standpoint.

The Language of Progressive Politics in Modern Britain Emily Robinson, 2017-02-09. This book traces the word progressive through modern British history from the Enlightenment to Brexit. It explores the shifting meanings of this term and the contradictory political projects to which it has been attached. It also places this political language in its cultural context, asking how it relates to ideas about progressive social development, progressive business and progressive rock music. Progressive is often associated

with a centre left political tradition but this book shows that this was only ever one use of the term and one that was heavily contested even from its inception The power of the term progressive is that it appears to anticipate the future This can be politically and culturally valuable but it is also dangerous The suggestion that there is only one way forward has led to fear and doubt anger and apathy even amongst those who would like to consider themselves progressive people **Iris**

Murdoch and the Political Gary Browning, 2024-07-12 Iris Murdoch is a celebrated philosopher and novelist Was she a political theorist Many say that she focused upon the personal and the moral at the expense of the social and the political However this book argues the contrary Murdoch had lifelong interests in politics just as she did in literature and philosophy She saw historical experience as the foundation upon which the inter linked activities of literature philosophy and politics are based In reading Murdoch we get a clear insight into the nature of the modern political world From an early political radicalism to a later anti utopianism Murdoch reacted to the great political events of the twentieth century notably the Holocaust the rise and fall of ideologies sexual repression and the realities of totalitarianism Her political philosophy conceptualized relations between moral and political spheres and her novels deal imaginatively with questions of migration refugees sexuality and freedom Her letters and journals provide moment to moment reactions to major political events **Iris Murdoch and the Political** presents a lively discussion of Iris Murdoch and her political thought taking in the nature of socialist thought the New Left and liberalism in the UK in the latter part of the twentieth century The book is based upon a wide variety of sources including Murdoch s journals letters reviews essays novels and books It draws upon scholarship in philosophy literature and intellectual history in developing a coherent sense of how Murdoch theorized the political

Conservative Moments Mark Garnett, 2018-08-23 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com As a complex and multifaceted world view conservatism is often pigeonholed and partially understood And while the nature of conservative ideology is warmly contested among scholars no one can deny its prominence in contemporary debates and its effects on the politics of everyday life These 16 essays written by expert scholars and specialists offer a broad survey of conservative thought that extends beyond typical historical and geographic boundaries to include past thinkers like Plato and Edmund Burke non European conservative traditions such as Japan and Russia and political practitioners including Margaret Thatcher Ronald Reagan and Charles de Gaulle Each essay grapples with short primary source extracts while offering instructive criticism and commentary **Conservative Moments** offers students a useful accessible and comprehensive exposition of this political ideology ***The Skeptic's Oakeshott*** S. Gerencser, 2000-05-04 **The Skeptic's Oakeshott** poses the thesis that Michael Oakeshott s political philosophy is best understood from the vantage point of his skepticism and his intellectual affinity to Hobbes whose work he commented on extensively Margaret Thatcher based much of her political philosophy on Oakeshott s theories but Gerencser shows how she widely misinterpreted his work He argues persuasively against those who understand

Oakeshott in terms of the influence of British idealism Instead Gerencser argues that Oakeshott adopts and softens Hobbes idea of consent as the basis of political authority By insisting that political authority has its source in acknowledgement and recognition Oakeshott s philosophy opens the doors to democratic politics The book ends with persuasive criticisms of Oakeshott especially for thinking that politics offers only two alternatives either the legitimacy of authority is universally recognized or civil war and secession are the result Gerencser argues for the necessity of conflict and the contestation of the legitimacy of authority He uses examples from Oakeshott s own work to show that civil disobedience is not only integral to democratic politics but is required by Oakeshott s own understanding of the political Understanding the Tacit Stephen P. Turner,2014-01-21 This book outlines a new account of the tacit meaning tacit knowledge presuppositions practices traditions and so forth It includes essays on topics such as underdetermination and mutual understanding and critical discussions of the major alternative approaches to the tacit including Bourdieu s habitus and various practice theories Oakeshott s account of tradition Quentin Skinner s theory of historical meaning Harry Collins s idea of collective tacit knowledge as well as discussions of relevant cognitive science concepts such as non conceptual content connectionism and mirror neurons The new account of tacit knowledge focuses on the fact that in making the tacit explicit a person is not as many past accounts have supposed reading off the content of some sort of shared and fixed tacit scheme of presuppositions but rather responding to the needs of the Other for understanding **European Security in the Twenty-First Century** Adrian Hyde-Price,2007-02-12 Combining a sophisticated theoretical analysis with detailed empirical case studies this book provides an original view of the challenges and threats to a stable peace order in Europe The end of Cold War bipolarity has transformed Europe Using structural realist theory Adrian Hyde Price analyzes the new security agenda confronting Europe in the twenty first century Europe he argues is not primed for peace as mainstream thinking suggests rather it faces new security threats and the challenge of multipolarity This critical and original volume looks at European security after the Iraq War the failure of the EU constitution and the change of government in Germany Reflecting on the inherently competitive and tragic nature of international politics it concludes that realism provides the only firm foundations for an ethical foreign and security policy European Security in the Twenty First Century will appeal to students and scholars of international relations European politics and security studies

Decoding **Rationalism In Politics And Other Essays**: Revealing the Captivating Potential of Verbal Expression

Rationalism In Politics And Other Essays Introduction

In today's digital age, the availability of Rationalism In Politics And Other Essays books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Rationalism In Politics And Other Essays books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Rationalism In Politics And Other Essays books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Rationalism In Politics And Other Essays versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Rationalism In Politics And Other Essays books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Rationalism In Politics And Other Essays books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Rationalism In Politics And Other Essays books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Rationalism In Politics And Other Essays books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Rationalism In Politics And Other Essays books and manuals for download and embark on your journey of knowledge?

FAQs About Rationalism In Politics And Other Essays Books

1. Where can I buy Rationalism In Politics And Other Essays books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
