Meeting,1972 The Oxford Handbook of the British Sermon 1689-1901 Keith A. Francis,William Gibson,2012-10-04 The period 1689 1901 was the golden age of the sermon in Britain It was the best selling printed work and dominated the print trade until the mid nineteenth century Sermons were highly influential in religious and spiritual matters but they also played important roles in elections and politics science and ideas and campaigns

for reform Sermons touched the lives of ordinary people and formed a dominant part of their lives Preachers attracted huge crowds and the popular demand for sermons was never higher Sermons were also taken by missionaries and clergy across the British empire so that preaching was integral to the process of imperialism and shaped the emerging colonies and dominions The form that sermons took varied widely and this enabled preaching to be adopted and shaped by every denomination so that in this period most religious groups could lay claim to a sermon style The pulpit naturally lent itself to controversy and consequently sermons lay at the heart of numerous religious arguments Drawing on the latest research by leading sermon scholars this handbook accesses historical theological rhetorical literary and linguistic studies to demonstrate the interdisciplinary strength of the field of sermon studies and to show the centrality of sermons to religious life in this period

The Cambridge Companion to the French Enlightenment Daniel Brewer, 2014-10-27 The Enlightenment has long been seen as synonymous with the beginnings of modern Western intellectual and political culture As a set of ideas and a social movement this historical moment the age of reason of the seventeenth and eighteenth century is marked by attempts to place knowledge on new foundations The Cambridge Companion to the French Enlightenment brings together essays by leading scholars representing disciplines ranging from philosophy religion and literature to art medicine anthropology and architecture to analyse the French Enlightenment Each essay presents a concise view of an important aspect of the French Enlightenment discussing its defining characteristics internal dynamics and historical transformations The Companion discusses the most influential reinterpretations of the Enlightenment that have taken place during the last two decades reinterpretations that both reflect and have contributed to important re evaluations of received ideas about the Enlightenment and the early modern period more generally

Prophecy, Piety, and the Problem of Historicity Jan Stievertmann, 2016-03-11 Jan Stievertmann's pioneering study of Cotton Mather's *Biblia Americana* examines this Puritan scholar's engagement with the Hebrew Bible as Old Testament The author focuses specifically on Mather's struggle to uphold or modify traditional typological and allegorical readings in the face of a growing awareness of the historicity of Scriptures Other key issues include Mather's interventions in the contemporary debates over the legitimacy of Christian interpretations of the prophets as well as over the authorship provenance genre and spiritual import of texts such as *Ecclesiastes* and *Canticles* Stievertmann's book yields fascinating insights into an underappreciated phase of exegesis that was at once traditionalist and innovative apologetically oriented pious and open to new modes of historical textual criticism Moreover it shows how Mather's biblical exegesis fits into the broader development of Puritan theology and identity

The Rise of the Fiscal State in Europe c.1200-1815 Richard Bonney, 1999-09-02 In this volume an international team of scholars builds up a comprehensive analysis of the fiscal history of Europe over six centuries It forms a fundamental starting point for an understanding of the distinctiveness of the emerging European states and highlights the issue of fiscal power as an essential prerequisite for the

development of the modern state The study underlines the importance of technical developments by the state its capacity to innovate and however imperfect the techniques the greater detail and sophistication of accounting practice towards the end of the period New taxes had been developed new wealth had been tapped new mechanisms of enforcement had been established In general these developments were made in western Europe the lack of progress in some fiscal systems especially those in eastern Europe is an issue of historical importance in its own right and lends particular significance to the chapters on Poland and Russia By the eighteenth century mountains of debt and high debt revenue ratios had become the norm in western Europe yet in the east only Russia was able to adapt to the western model by 1815 The capacity of governments to borrow and the interaction of the constraints on borrowing and the power to tax had become the real test of the fiscal powers of the modern state by 1800 15
