Handbook of American Indian Languages Franz Boas, 1922 The Koryak Waldemar Jochelson, 2016-04-26 Since the 18th century researchers and scientists have traveled the peninsula of Kamchatka in the Russian Far East. Many of them were of German origin and had been commissioned by the Russian government to perform specific tasks. Their exhaustive descriptions and detailed reports are still considered some of the most valuable documents on the ethnography of the indigenous peoples of that part of the world. These works inform us about living conditions and particular ways of natural resource use at various times and provide us with valuable background information for current assessment. As the first profound anthropological descriptions of that region, the publications of the Jesup North Pacific Expedition undertaken in the first years of the 20th century marked the beginning of a new era of research in Russia. They represented a shift of the already existing transnational research networks toward North America. Jochelson's work *The Koryak* was an important milestone for Russian and North American anthropology that provides to this day a unique contribution to thoroughly understanding the cultures of the North Pacific rim.

Voices from Four Directions Brian Swann, 2004-01-01 Gathers stories and songs from thirty-one native groups in North America including the Inupiaqs, the Lushoots, the Catawbas, and the Maliseets.

Raven's Rescue Ophelia Kee, *Raven's Rescue: Valkyrie Riders Volume 1: A Draoi the Saga Tale Rescued* by a Black Dragon Knight Emrick Driscoll. The resurrected dragon known as Ash found the Dire Wolf King and applied to serve as the new kingdom's Lord of Dragons. He and his brothers finally had their chances to find their Valkyries if the prophecy they followed proved true. Only working for Luke Mendez is a serious challenge, and Raven isn't what Ash expected when he rescued her from an evil warehouse. Leonora D. Souza, a young bartender known as Raven, finds herself in a no-win situation after her abduction. Forced to take part in a horrific medical experiment involving immortal shifters and broken magic, Raven believed death was her only option until a dragon steals her from her dire situation and whisks her away to a safe haven. But the world she finds herself in is dark and confusing. The things of legends or myths and the shadowy figures from murky fairytales freely roam a realm hidden in plain sight. Not everyone acts as kindly as her dragon knight, and Raven wonders if Ash is truly her rescuer or part of a worsening nightmare. Read the first volume of *Valkyrie Riders* and discover an all-new miniseries filled with dragon knights and the beautiful women destined to become their Valkyries, set in the dream as part of the *Draoi the Saga* by Ophelia Kee. It's more than a story; it's an experience. Welcome to the dream.
