**Rediscovering Palestine** Beshara Doumani, 1995-10-12 Drawing on previously unused primary sources this book paints an intimate and vivid portrait of Palestinian society on the eve of modernity Through the voices of merchants peasants and Ottoman officials Beshara Doumani offers a major revision of standard interpretations of Ottoman history by investigating the ways in which urban rural dynamics in a provincial setting appropriated and gave meaning to the larger forces of Ottoman rule and European economic expansion He traces the relationship between culture politics and economic change by looking at how merchant families constructed trade networks and cultivated political power and by showing how peasants defined

their identity and formulated their notions of justice and political authority Original and accessible this study challenges nationalist constructions of history and provides a context for understanding the Palestinian Israeli conflict It is also the first comprehensive work on the Nablus region Palestine s trade manufacturing and agricultural heartland and a bastion of local autonomy Doumani rediscovers Palestine by writing the inhabitants of this ancient land into history

**Rediscovering a Lost Freedom** Patrick M. Garry, 2011-12-31 Since ratification of the First Amendment in the late eighteenth century there has been a sea change in American life When the amendment was ratified individuals were almost completely free of unwanted speech but today they are besieged by it Indeed the First Amendment has for all practical purposes been commandeered by the media to justify intrusions of offensive speech into private life In its application the First Amendment has become one sided Even though America is virtually drowning in speech the First Amendment only applies to the speaker s delivery of speech Left out of consideration is the one participant in the communications process who is the most vulnerable and least protected the helpless recipient of offensive speech In *Rediscovering a Lost Freedom* Patrick Garry addresses what he sees as the most pressing speech problem of the twenty first century an often irresponsible media using the First Amendment as a shield behind which to hide its socially corrosive speech To Garry the First Amendment should protect the communicative process as a whole And for this process to be free and open listeners should have as much right to be free from unwanted speech as speakers do of not being thrown in jail for uttering unpopular ideas *Rediscovering a Lost Freedom* seeks to modernize the First Amendment With other constitutional rights changed circumstances have prompted changes in the law Restrictions on political advertising seek to combat the perceived influences of big money the Second Amendment right to bear arms due to the prevalence of violence in America has been curtailed and the Equal Protection clause has been altered to permit affirmative action programs aimed at certain racial and ethnic groups But when it comes to the flood of violent and vulgar media speech there has been no change in First Amendment doctrines This work proposes a government facilitated private right to censor *Rediscovering a Lost Freedom* will be of interest to students of American law history and the U S Constitution
