*1550-1700* Richard A. McCabe,2008-10-30 This is a full length study of incest in English Renaissance and Restoration drama Richard McCabe s comprehensive survey offers a literary history of this theme informed by an investigation of the intellectual background with particular emphasis on changing concepts of natural law and consequent reassessments of classical tradition It examines a wide range of theological philosophical legal and literary sources in the context of modern psychological and sociological theories of family development Extensive comparisons with classical models and contemporary European dramatists from Tasso to Corneille and Racine explore the volatile association between dramatic form and emotional content structural experiment and sexual ambivalence The centrality of the family to all human relationships and the mutual reflection of familial politics and the patriarchal state make incest a powerful metaphor for the ambivalence of all concepts of natural authority and for various forms of social and political revolt      **Torquato Tasso** C. P. Brand,1965-01-02

This 1965 volume was a comprehensive study in English of the life and work of Torquato Tasso Dr Brand here reassesses his writings to illustrate the essential qualities of his poetry and estimates his contribution to English literature on which particularly on Spenser and Milton his influence was profound      **The Nobility and Excellence of Women and the**

**Defects and Vices of Men** Lucrezia Marinella,2007-11-01 A gifted poet a women s rights activist and an expert on moral and natural philosophy Lucrezia Marinella 1571 1653 was known throughout Italy as the leading female intellectual of her age Born into a family of Venetian physicians she was encouraged to study and fortunately she did not share the fate of many of her female contemporaries who were forced to join convents or were pressured to marry early Marinella enjoyed a long

literary career writing mainly religious epic and pastoral poetry and biographies of famous women in both verse and prose Marinella's masterpiece *The Nobility and Excellence of Women and the Defects and Vices of Men* was first published in 1600 composed at a furious pace in answer to Giuseppe Passi's diatribe about women's alleged defects This polemic displays Marinella's vast knowledge of the Italian poetic tradition and demonstrates her ability to argue against authors of the misogynist tradition from Boccaccio to Torquato Tasso Trying to effect real social change Marinella argued that morally intellectually and in many other ways women are superior to men *Catalogue of the London Library* London

Library, Robert Harrison, 1875 **Pastoral Drama and Healing in Early Modern Italy** Federico Schneider, 2016-05-13

*Pastoral Drama and Healing in Early Modern Italy* represents the first full length study to confront seriously the well rehearsed analogy of the pastoral poet as healer Usually associated with the edifying function of the Renaissance pastoral this analogy if engaged more profoundly raises a number of questions that remain unanswered to this day How does the pastoral heal How exactly do the inner workings of the text cater to the healing What socio cultural conventions make the healing possible What are the major problems that pastoral poetry as mimesis must overcome to make its healing morally legitimate In the wake of Derrida's seminal work on the Platonic pharmakon which has in turn led recent criticism to formulate a much more concrete understanding of the theater drug analogy the stringent approach to the therapeutic function of the Renaissance pastoral offered in this work provides a valuable critical tool to unpack the complexity contained within a little understood cliché **The Cambridge Companion to the Italian Renaissance** Michael Wyatt, 2014-06-26

Leading international contributors present a lively and interdisciplinary panorama of the Italian Renaissance as it has developed in recent decades **Major Tudor Authors** Alan Hager, 1997-06-18 The Tudor era 1485-1603 was one of the most culturally significant periods in history Under three generations of Tudor rulers the era witnessed the advent of humanism the birth of the Reformation and the rise of the British Empire The literature of the period is marked by complexity of thought and form and reflects the political religious and cultural changes of the era This reference book surveys the literature of Tudor England Included are alphabetically arranged entries for nearly 100 authors who wrote between 1485 and 1603 Some figures covered are widely taught such as Shakespeare Donne and Spenser Others are less well known such as Edward Fairfax and Abraham Fraunce The work includes entries for notable women writers of the period many of whom have been neglected until recent years Also included are entries for continental writers such as Ariosto Tasso Calvin and Erasmus whose writings were influential in England Entries are written by expert contributors and contain valuable bibliographies of primary and secondary sources Included are entries for nearly 100 people who wrote between 1485 and 1603 The entries are written by expert contributors and are arranged alphabetically to facilitate use Some of the authors profiled are major canonical figures such as Shakespeare Spenser and Donne But the volume also includes a significant number of entries for women writers whose work has been unjustly disregarded until recent years While most of the authors were from England

**From Madrigal to Opera** Mauro Calcagno,2012-04-18 In this bold highly original book Mauro Calcagno ventures into areas where no other scholar has tread He explores the Petrarchian view of the self over a century long arc from the early madrigal to the beginnings of opera with Monteverdi s masterpieces taking center stage A brilliant tour de force From Madrigal to Opera proffers a remarkable new way to look at music

performance and reception that rings true not only for the early modern period but also for our own age. A must read for scholars, performers and lovers of early music. Jane A. Bernstein, author of *Print Culture and Music in Sixteenth Century Venice*. The mini renaissance of early modern music studies continues apace and Mauro Calcagno's *From Madrigal to Opera* is its latest, particularly impressive installment. Drawing on methodological impulses from a variety of sources: linguistics, phenomenology, narratology and above all performance studies, Calcagno pays close attention to the interplay of the abstract text and live performance in both early opera and late madrigal. Common strategies rooted in Petrarch's poetic practice indeed united the two genres. This book will shape the discussion of early modern vocal music in the coming years. Karol Berger is the author of *Bach's Cycle*, *Mozart's Arrow*, *An Essay on the Origins of Musical Modernity*. In this pathbreaking study, Calcagno offers a new and dynamic interpretation of the relationship between Monteverdi's madrigals and operas based on perceptions of subjectivity expressed in Renaissance literature: the poetry of Petrarch in particular. Calcagno interprets Monteverdi's work as realizing a Petrarchan notion of the dialogical self, a concept that extends well beyond the early modern period to illuminate and enrich our own experience of virtually any vocal work in performance. This book should be required reading not only for those interested in music and text of the Early Modern period but for anyone involved in performance studies. Ellen Rosand, author of *Monteverdi's Last Operas: A Venetian Trilogy*. **The Oxford Handbook of the Baroque**, John D. Lyons, 2019. Baroque, the cultural period extending from the mid sixteenth to the mid eighteenth century, created some of the world's most striking monuments: music, artworks and literature. This Handbook goes beyond all existing studies by presenting Baroque not only as a style but also as a global cultural phenomenon arising in response to enormous religious, political and technological changes.
