*Dream Well for Nothing Is out of Reach* Jennifer Presley, 2008-08-15 These poems are to maintain your lightness of being They are for moments when you could use reminding that there is more to life than what the seemingly mundane world has to offer Combining depth and subtle inspiration they speak about a way of being our souls recognize but our conscious minds forget to embrace always They echo Rumi in their simple lines reflecting our inner relationship to the Divine They mirror the essence of awaken consciousness leaders like Eckhart Tolle Dr Wayne Dyer and Dr Deepak Chopra They all speak about living beyond ego into Real Being and co creating our life with an awareness of Who We Really Are This leading edge of information coming from many directions both from new and very old sources is becoming a wave of understanding causing a critical mass of change in how we think and feel about our ordinary reality This book of poetry reflects these ideas beautifully It holds elements of truth that can be understood equally through the language of science world religion and the general society alike Let the Divine pour through my essence into you until you see how you were never alone even before me I am the living embodiment

of Source come to hold you with all the tenderness and depth of love that exists awakening you to know that this too is you How we feel is more important than simply what we think Understanding is vital but to be in alignment with our desires we must clear up the depths of how we feel Our assumptions affect how we navigate in this world and the quality of both what we receive and of what we give to others immediately and in the broader sense of existence As above so below microcosm macrocosm even in heaven as on earth all reflect this truth we have been given in so many forms through the ages Being reminded of these things is the purpose of this poetry My bliss spills over my lips and I am unable to contain the unbounded possibility such joy gives me You are a gift of light illuminating my true essence awakening Source within me by your presence and laughter Written in two sections it focuses on the quality of life in how that is felt which governs most of our behaviour regardless of how left brained we are focused on being The first section is On Love since that is the bond between us all in so many forms and expressions That is our fundamental connection both to each other and to the greater whole being of the living universe whether you call that God Goddess the Divine Source energy whatever name you give to the nameless I feel your presence with me Make room for me in your life you whisper My heart opens with joy knowing my soul has found beauty to nestle with flourish The second section and Other Things includes all other topics from being in nature to the nature of manifestation of both our dreams and ordinary realities It has simple observations of life and glimpses of the greater truths in small things that those who are awakening have begun to notice more As we focus our attention on what is important nuanced mirrors reflect back to us elements of ourselves in so many forms We see if we are open pieces of us in everyone This gives us a deeper understanding of not only ourselves but of all life Standing still enough so that all of me is motionless there is no reason to hug the trees They reach out to touch me as a new member of the forest gently welcoming me into their collective feelings of joy and belonging The breeze lovingly caresses around our core stillness as we softly deepen into the earth

*Reach Your Dreams* Alice Chan, 2011-06-16 Do you have a picture of your dream but feel uncertain or even afraid of what it'd take to make it real Do you feel an inner nudge to do something but have no clear idea of what it is let alone what to do Are you frustrated with seemingly just marking time in your life but don't know what you really want or what changes to make Are you tired of wondering why things seem to just happen to you and wishing you had more control over your own destiny Are you simply looking for a concise roadmap to raise your consciousness in how you live If your answer to any of these questions is yes this book has your answers After feeling lost for many years even questioning the point of being alive author Alice Chan can deeply relate to your discontent and pain She transformed her life by shifting her perspective from victimhood to self empowerment Based on her own success she has developed a roadmap to step you through how to do the same for yourself By following these five steps you too can create the life of your dreams Release limiting beliefs and hidden barriers blocking your path to your dreams Envision living the life you want and having your dreams fulfilled Act on inner guidance to fulfill your dreams one smart step at a time Celebrate the good in your life even the

**Shadow Lines** Lorna Martens, 1996-01-01 Intellectual culture in early twentieth century Austria reached levels of originality and excellence that have rarely been equalled before or since Shadow Lines examines works by major novelists dramatists poets and intellectuals of that extraordinary era among them Sigmund Freud Arthur Schnitzler Robert Musil Hugo von Hofmannsthal Rainer Maria Rilke Ludwig Wittgenstein and Franz Kafka Lorna Martens considers how each of these authors contributed to a decisive transformation in Austrian culture involving a shift away from the dialectical syntheses of much nineteenth century German thought and culture to potent unresolvable dualisms of known and unknown orderly and chaotic features of human experience consciousness and the unconscious reason and the irrational language and the inexpressible In most of these writers according to Martens all that is knowable reasonable and orderly is grounded in that which is dark irrational chaotic What Martens calls the dark area emerges variously as the unconscious Freud the sexual drive Freud Schnitzler Musil the death instinct Freud Schnitzler the dangerous chaos below the surface of things Rilke the inaccessible totality von Hofmannsthal or the unsayable Mauthner von Hofmannsthal Musil Wittgenstein The essential yet enigmatic relation between

the known and the unknown leads to much that is unsettling and strangely fascinating in these writers works A book that shrewdly relates the works of these authors to the intellectual and political turmoil of the times *Shadow Lines* is a new critical appraisal of Austrian literature and intellectual culture at the dawn of the century Lorna Martens is an associate professor in the Department of Germanic Languages and Literatures at the University of Virginia She is the author of *The Diary Novel*
