Read Me Software Art Cultures 2004 Edition

Alex McLean, Roger T. Dean

Read Me Software Art Cultures 2004 Edition:

Revisiting Normativity with Deleuze Rosi Braidotti, Patricia Pisters, 2013-03-14 This volume assembles some of the most distinguished scholars in the field of Deleuze studies in order to provide both an accessible introduction to key concepts in Deleuze's thought and to test them in view of the issue of normativity This includes not only the law but also the question of norms and values in the broader ethical political and methodological sense The volume argues that Deleuze's philosophy rejects the unitary vision of the subject as a self-regulating rationalist entity and replaces it with a process-oriented relational vision of the subject But what can we do exactly with this alternative nomadic vision What modes of normativity are available outside the parameters of liberal self-reflexive individualism on the one hand and the communitarian model on the other This interdisciplinary volume explores these issues in three directions that mirror Deleuze and Guattari's defense of the parallelism between philosophy science and the arts The volume therefore covers socio-political and legal theory the epistemological critique of scientific discourse and the cultural artistic and aesthetic interventions emerging from Deleuze's philosophy

The Metainterface Christian Ulrik Andersen, Søren Bro Pold, 2023-10-31 How the interface has moved from the PC into cultural platforms as seen in a series of works of net art software art and electronic literature The computer interface is both omnipresent and invisible at once embedded in everyday objects and characterized by hidden exchanges of information between objects The interface has moved from office into culture with devices apps the cloud and data streams as new cultural platforms In *The Metainterface* Christian Ulrik Andersen and Søren Bro Pold examine the relationships between art and interfaces tracing the interface's disruption of everyday cultural practices They present a new interface paradigm of cloud services smartphones and data capture and examine how particular art forms including net art software art and electronic literature seek to reflect and explore this paradigm Andersen and Pold argue that despite attempts to make the interface disappear into smooth access and smart interaction it gradually resurfaces there is a metainterface to the displaced interface Art can help us see this the interface can be an important outlet for aesthetic critique Andersen and Pold describe the semantic capitalism of a metainterface industry that captures user behavior the metainterface industry's disruption of everyday urban life changing how the city is read inhabited and organized the ways that the material displacement of the cloud affects the experience of the interface and the potential of designing with an awareness of the language and grammar of interfaces

Art Platforms and Cultural Production on the Internet Olga Goriunova, 2012-05-23 In this book Goriunova offers a critical analysis of the processes that produce digital culture Digital cultures thrive on creativity developing new forces of organization to overcome repetition and reach brilliance In order to understand the processes that produce culture the author introduces the concept of the art platform a specific configuration of creative passions codes events individuals and works that are propelled by cultural currents and maintained through digitally native means Art platforms can occur in numerous contexts bringing about genuinely new cultural production that

given enough force come together to sustain an open mechanism while negotiating social technical and political modes of power Software art digital forms of literature 8 bit music 3D art forms pro surfers and networks of geeks are test beds for enquiry into what brings and holds art platforms together Goriunova provides a new means of understanding the development of cultural forms on the Internet placing the phenomenon of participatory and social networks in a conceptual and historical perspective and offering powerful tools for researching cultural phenomena overlooked by other approaches

Cyberarts ,2004 *Curating Immateriality* Joasia Krysa,2006 The site of curatorial production has been expanded to include the space of the Internet and the focus of curatorial attention has been extended from the object to dynamic network systems Part of the DATA Browser series this book explores the role of the curator in the face of these changes

Эстетика цифрового изобразительного искусства С. Ерохин,2024-05-08 Neural ,2007 **General Ecology** Erich Hörl,James Edward Burton,2017-05-04 Ecology has become one of the most urgent and lively fields in both the humanities and sciences In a dramatic widening of scope beyond its original concern with the coexistence of living organisms within a natural environment it is now recognized that there are ecologies of mind information sensation perception power participation media behavior belonging values the social the political a thousand ecologies This proliferation is not simply a metaphorical extension of the figurative potential of natural ecology rather it reflects the thoroughgoing imbrication of natural and technological elements in the constitution of the contemporary environments we inhabit the rise of a cybernetic natural state with its corresponding mode of power Hence this ecology of ecologies initiates and demands that we go beyond the specificity of any particular ecology a general thinking of ecology which may also constitute an ecological transformation of thought itself is required In this ambitious and radical new volume of writings some of the most exciting contemporary thinkers in the field take on the task of revealing and theorizing the extent of the ecologization of existence as the effect of our contemporary sociotechnological condition together they bring out the complexity and urgency of the challenge of ecological thought one we cannot avoid if we want to ask and indeed have a chance of affecting what forms of life agency modes of existence human or otherwise will participate and how in this planet s future
