Rediscovering Budo From A Swordsmans Perspective:

Rediscovering Budo Roald Knutsen, 2021-10-25 In an environment where Budo has lost much of its original spirit in the inevitable process of changing attitudes towards sport Roald Knutsen reappraises and reaffirms the profound and intrinsic importance of the underlying warrior culture and its real legacy Technical knowledge rests entirely in the dojo this book is intended to show those interested something of the roots that underpin the true Bujutsu and Budo and to throw some light on the other complex influences from the past that have enriched so many of the surviving traditions A number of these roots are purely warrior based in nature others are intellectual or even esoteric If a student is only searching for technique then this book will be of limited value But for those inclined to look below the surface there is much to commend it Indeed it will be widely welcomed by more serious Budo practitioners as well as interested observers who are looking for a return to first principles concerned more about substance than style and thereby gain valuable insight into the mind set of Japan's unique warrior culture

Tengu Roald Knutsen, 2011-08-15 This fully illustrated volume including an eight page colour plate section is the first in depth study in English to examine the warrior and shamanic characteristics and significance of tengu in the martial art culture bugei of Muromachi Japan 1336 1573 According to Roald Knutsen who is widely known for his writings on the samurai tradition prompting his life long study of tengu the part human part animal creatures was the early discovery that the tengu of the Muromachi period were interacting with the deadly serious bugei masters teaching the arts of war Here were beings who did not conform to the comic goblin like creatures of common folklore and were not the creations of the Buddhist priests intent on demonizing that which they did not understand and could not control As this study shows the part hidden tengu under review passed on and taught the clearest theory of tactics and strategy to bushi of the highest calibre the absorption and mastery of which often decided if the warrior and his clan lived or were annihilated on the all too frequent killing grounds of the Muromachi age Tengu will be widely welcomed in many contexts including studies relating to martial arts religion and folklore shamanism and mythology and the social and military history of Japan

Bushidan Pauli Kidd, 2024-01-18 The later Sengoku period is the era of warfare depicted in classical Japanese movies such as The Seven Samurai Ran and Kagemusha a colourful period that has a very distinct difference in the arms equipment tactics and culture from that seen in Europe at the time It is a period that sees the dominance of firearms in warfare and the evolution of increasingly complex small unit tactical systems But there still remained a heroic ethos where leaders and the bearers of age old honoured names would still try to seek out worthy adversaries to battle blade to blade While massive armies did meet and clash such encounters were surprisingly rare The endemic warfare of the period was dominated by raids small battles incursions and the clash of clan warbands Small families battled one another for local regional dominance seeking the leverage to become major powers Meanwhile rearms and armour improved in an increasingly lethal arms race Bushidan allows players to control the forces of samurai families ikko ikki covenants pirates bandits and warrior monks or even forces

engaged against the Japanese of the era such as the Ming Chinese and Joseon Koreans The game focuses on the small unit tactical systems that were developing to meet the demands of the new age of warfare Players must plan their tactical box of tricks with care and choose the ferocity style and cunning that their forces will bring to the battlefield The game includes a campaign system to allow players to pit their Bushidan against one another in longer conflicts This is a colourful period for wargamers to paint and to model The rules are intended for use with 28mm figures but can easily be played with smaller scale and a typical army might have 8 or 9 units each of 4 to 16 figures each

Sun Tzu and the Art of Medieval Japanese Warfare Roald Knutsen, 2021-11-01 For the first time this study examines in depth how the medieval Japanese masters of Heiho the Art of War sought to interpret illustrate and transmit the principles of China's time honoured military strategist Sun Tzu during possibly the most turbulent period of Japanese history the war torn Muromachi period c 1350 1575 In these two centuries a number of gifted warriors steeped in the teachings of Sun Tzu and the Chinese Military Classics developed their own concepts of the arts of warfare expressed in personal combat to heights of formidable effectiveness Rather than consider the weaknesses and strengths of the medieval military command structures the author focuses instead on certain basic strategies still to be found in the upper levels of these individual masters teachings some of which have fortunately survived the five hundred or more years that have elapsed since these strategists passed away Sun Tzu's lasting legacy was encapsulated in one simple statement All warfare is based on deception This volume supported by a sixteen page Plate Section demonstrates how and from where some of these master swordsmen derived their unique understanding of these ancient teachings

Budo Perspectives Alexander Bennett, 2005

Art of Life and Death Daniel Fletcher, Sleiman Azizi, 2012-11-10 This masterfully crafted guide to ninjitsu or budo explores in depth the history culture and philosophy of this fascinating and enduring Japanese martial art Budo is one of the least understood forms of art in the world Even more than skills or techniques the teachings of budo require faith to learn and courage to understand One of the fundamental teachings of budo is ninjutsu the art of perseverance that forms the basis of the Japanese martial arts The lessons in this book come directly from experiencing the living vitality of the world's foremost master of the ninja arts Masaaki Hatsumi Through the use of stories poetry art and earned wisdom the authors move beyond the common image of the martial arts and reveal the nature of the unexpected changes in themselves as they struggled to come to terms with what being a martial artist in the ninja tradition meant The Art of Life and Death is a reflection of the discipline the aesthetics and the philosophy that lies hidden within the martial way It is a glimpse at the hidden potential of the martial arts one where the practitioner can embrace transcendence and transformation in order to face all the fears that litter life and also life's most fearsome opponent Death

[The Essence of Budo](#) Dave Lowry, 2010-10-12 A guide to the practice history and etiquette of budo the study of Japanese martial arts for self cultivation written by an American martial arts master The study of budo or the Japanese martial arts for self cultivation is a lifelong path toward perfection of character Here Dave

Lowry a sword master who has practiced and taught budo for over forty years addresses the myriad issues vagaries and inconsistencies that arise for students of karate do judo kendo kenjutsu aikido and iaido as their training develops He examines such questions as What is the relationship between the student and teacher and what should one expect from the other What does rank really mean How do you correctly and sensitively practice with someone less experienced than you What does practice look like as one ages Why do budo arts put such an emphasis on etiquette And many others Lowry also gives practical advice for beginning and advanced students on improving structural integrity in posture and movement focusing under stress stances and preparatory actions before engaging with an opponent and recognizing a good teacher from a bad one

Budo Secrets John Stevens,2001 In Budo which can be translated as The way of brave and enlightened activity martial arts and spirituality merge at the highest level of skill Budo Secrets contains the essential teachings of Budo's greatest masters of sword Karate Judo Aikido and other disciplines John Stevens has gathered an eclectic and historically rich collection of teachings that include principles and practice guidelines from training manuals excerpts of texts on Budo philosophy and instructional tales gathered from a number of sources Since many of the martial arts masters were also fine painters and calligraphers who used brush and ink as a teaching medium Stevens has included their artwork throughout with explanation and commentary This book includes the training secrets of such masters as The legendary swordsmen Miyamoto Musashi Yagyu Renya and Yamaoka Tesshu Gichin Funakoshi the father of modern Karate Morihei Ueshiba the founder of Aikido Kyuzo Mifune the greatest Judo master of the common era From a historical perspective the lessons in this book provide a fascinating view into the minds of Japan's most esteemed martial artists But the teachings are far from dated Most are absolutely essential for today's martial artists regardless of school or discipline and are applicable to fields such as business education and psychology
