Rediscovering The Teaching Of The Evangelists:

Rediscovering the Teaching of the Evangelists Joachim Rohde, 1968 *Mark's Gospel* C. Clifton Black, 2023-05-11 A culmination of contemporary scholarship on the Gospel of Mark A preeminent scholar of the Gospel of Mark C Clifton Black has been studying and publishing on the Gospel for over thirty years This new collection brings together his most pivotal work and fresh investigations to constitute an all in one compendium of contemporary Markan scholarship and exegesis The essays included cover scriptural commentary historical studies literary analysis theological argument and pastoral considerations Among other topics Black explores the Gospel's provenance authorship and attribution the significance of redaction criticism in Markan studies recent approaches to the Gospel's interpretation literary and rhetorical analyses of the Gospel's narrative the kingdom of God and its revelation in Jesus Mark's theology of creation suffering and discipleship the Gospel of Mark's relationship to the Gospel of John and Paul's letters the passion in Mark as the Gospel's recapitulation Scholars advanced students and clergy alike will consider this book an indispensable resource for understanding the foundational Gospel *The Historical-Critical Method: A Guide for the Perplexed* David R. Law, 2012-04-26 Historical Critical Analysis is the main way in which the Bible both the Hebrew Bible Old Testament and the New Testament has been examined and read by scholars in the last century The term refers to a range of methodologies which examine the origins of biblical texts in relation to other contemporaneous texts to form critical approaches and to questions of authorship audience and authenticity The aim is to get as close to the original text and its original meaning as possible For many years Historical Critical Method has been the cornerstone upon which biblical scholarship is built even as modern studies examine other theoretical approaches to reading the text in history tradition and from different audience perspectives the Historical Critical Method still presents the crucial starting point for students and scholars *New Testament Interpretation and Methods* Stanley E. Porter, Craig A. Evans, 1997-03-01 This new volume collects the best articles on this topic from the first 50 issues of the *Journal for the Study of the New Testament* Here the reader will find ground breaking studies that introduce new critical questions and move into fresh areas of enquiry surveys of the state of play in these particular fields of New Testament study and articles that engage with each other in specific debates This volume will make an excellent textbook for students

Light of All Nations Daniel J. Harrington, 2018-11-30 The twelve essays reprinted in this volume illustrate how biblical scholars have worked in one area of research the church in the New Testament and furnish a record of some of the issues that have concerned the church and its people during recent years From the Introduction *Books and Readers in the Early Church* Harry Y. Gamble, 1995-01-01 This fascinating and lively book provides the first comprehensive discussion of the production circulation and use of books in early Christianity It explores the extent of literacy in early Christian communities the relation in the early church between oral tradition and written materials the physical form of early Christian books how books were produced transcribed published duplicated and disseminated how Christian libraries were formed who read the

books in what circumstances and to what purposes Harry Y Gamble interweaves practical and technological dimensions of the production and use of early Christian books with the social and institutional history of the period Drawing on evidence from papyrology codicology textual criticism and early church history as well as on knowledge about the bibliographical practices that characterized Jewish and Greco Roman culture he offers a new perspective on the role of books in the first five centuries of the early church Community of the New Age Howard Clark Kee,1983 *Community and Gospel in*

Luke-Acts Philip Francis Esler,1989-11-24 In this widely acclaimed study Dr Esler makes extensive use of sociology and anthropology to examine the author of Luke Acts theology as a response to social and political pressures upon the Christian community for whom he was writing As well as interesting those concerned with recent developments in New Testament scholarship Esler s book offers a New Testament paradigm for those interested in generating a theology attuned to the social and political realities affecting contemporary Christian congregations *The New Testament* W. R. Telford,2014-01-09 The New Testament writings are the foundational documents of early Christianity But to fully understand them we need a broad historical awareness of the wider social economic political and religious context that produced them Exploring the transition from an oral to a written tradition this fascinating primer depicts the growth of the early church amid the Roman and Hellenistic Empires Focusing on the composition and content of the Synoptic Gospels those of Matthew Mark and Luke W R Telford furnishes the reader with an appreciation of the methods contemporary scholars apply to the Gospels and also offers an assured in depth guide to the texts themselves Broaching difficult questions about the differing accounts of Jesus life that the New Testament has left us this is an invaluable starting point for anyone looking to understand the roots of Christianity

The Gospel of Mark Francis J. Moloney, SDB,2012-05-01 The Gospel of Mark addressed to an early Christian community perplexed by failure and suffering presents Jesus as suffering Messiah and Son of God Recognizing that failure and suffering continue to perplex Christians today world renowned New Testament scholar and theologian Francis Moloney marries the rich contributions of traditional historical scholarship with the contemporary approach to the Gospels as narrative Now in paperback this commentary combines the highest level scholarship with pastoral sensitivity It offers an accessible and thoughtful reading of Mark s narrative to bring the Gospel s story to life for contemporary readers **New Testament**

Foundations, Vol. 1 Ralph P. Martin,1999-11-19 The merits of this volume are many The author writes in a very readable and intelligible sly making the book clear and easy to understand His evaluations are objective carefully weighing both strengths and weaknesses and doing so from the standpoint of liturgical principle rather than dogmatic assertion Despite the scholarly approach there is a practical emphasis not found in many introductions New Testament Foundations represents scholarship at its best The Theological Educator **New Testament Interpretation** I. Howard Marshall,2006-10-01 These eighteen pieces have been commissioned to provide a succinct yet comprehensive guide to the best of recent evangelical thinking about how the New Testament is to be interpreted so that it may speak most clearly to today s world The need for

such a handbook can be felt more keenly as on the one side a secularized world dismisses the biblical faith as outmoded unworkable and unsatisfying and on the other numerous Christian communities committed to taking that faith with ultimate seriousness are driven by controversies about how to read and understand the Bible Following the editor's introduction in which I Howard Marshall examines a familiar New Testament passage in order to exemplify the problems and rewards that await the careful interpreter the essays are arranged under four headings beginning with overviews of the history of New Testament study and the role of the interpreter's presuppositions in this enterprise then going on to discuss the various critical tools the methods of exegesis and the application of the New Testament to the faith and life of the contemporary reader An annotated bibliography concludes the presentation Because the issues involved here have too often been ignored in many quarters more than one approach to or opinion about a given matter may surface in these essays yet undergirding this diversity is the author's shared conviction as conservative evangelicals with a high regard for the authority of Holy Scripture that we are called upon to study the Bible with the full use of our minds As the editor writes The passages which we interpret must be the means through which God speaks to men and women today Our belief in the inspiration of the Bible is thus a testimony that New Testament exegesis is not just a problem it is a real possibility God can and does speak to men through even the most ignorant of expositors of his Word At the same time he calls us on to devote ourselves to his Word and use every resource to make its message the more clear

Luke Leon L. Morris, 2015-03-20 With awareness of scholarly discussions and attentiveness to both the text and the reader Leon Morris places the themes of Luke's Gospel within the context of God's plan for all people

Luke Leon Morris, 1988 Morris's study on the Gospel of Luke is part of the Tyndale New Testament Commentaries a popular series designed to help the general Bible reader understand clearly what the text actually says and what it means without overuse of scholarly technicalities

Contested Issues in Christian Origins and the New Testament Luke T. Johnson, 2013-01-15 In a collection of essays spanning some 35 years Luke Timothy Johnson takes on some of the most contested issues in the study of Christian Origins and the New Testament from the historical Jesus and the Jesus of the Gospels through exegetical studies of Luke Acts and Paul to questions pertaining to the development of early Christian history relations with Judaism the uses of polemic sexuality and law Johnson's work is characterized by close attention to texts and a concern for methodological rigor Far from representing scholarly consensus these essays consistently display independence of judgment whether concerning the authorship of Paul's disputed letters the legitimacy of the quest for the historical Jesus or the toxic character of some early Christian texts

Adults as Children James M. M. Francis, 2006 This book is a study of the image of the child in the teaching of Jesus and the literature of the New Testament set against the background of the ancient world the Old Testament and Judaism It also reflects on the complex relationship between attitudes to children and the imaging of the child It is suggested that child imagery serves generally speaking as a window on tradition and in religious discourse in particular it offers perspectives on the relationship between believing and belonging In

exploring how child imagery informs the teaching of Jesus it is argued that his own use of such imagery whilst not unique being influenced primarily by the wider imagery of Israel as God's son child and servant is nevertheless distinctive As a metaphor symbolising primarily a call to change and renewal it conveys in microcosm the central themes of his message of the kingdom of God The study goes on to explore the meanings of child imagery in the theologies of the Gospel writers and in other New Testament literary contexts

Introduction to the Bible, 1971-01-01 This profusely illustrated book is doubly valuable It introduces the reader to both the content of the Bible and to the life faith and history of ancient Israel early Judasim and early Christianity

The Faith That Does Justice John C. Haughey, 2006-02-10 The essays in this volume address a closely interconnected set of questions To be true to its mission what function is the Church meant to perform What does the faith of Christians contribute to the human perception of justice What is the theological significance of action undertaken by Christians for political or social transformation Is justice to be looked on as one of the moral virtues that it is incumbent on Christians to practice or has it a more intrinsic link to the gift of faith which Christians have received Does the following of Christ call Christians away from social systems into the new creation or is the call extended to them to concern themselves with the social systems which shape human beings from the Foreword Contributors include Avery Dulles William Dych John Donahue John Langan David Hollenbach Richard Roach William Walsh

The Old Testament in the Gospel Passion Narratives Douglas J. Moo, 2008-03-25

Evangelism in the Early Church Michael Green, 2004-05-17 Provides a comprehensive look at the ways the first Christians from the New Testament period up until the middle of the third century worked to spread the good news to the rest of the world This book will both show contemporary readers what can be learned from the past and help renew their own evangelistic vision
