Reeds And Mud:

Reeds and Mud Vicente Blasco Ibáñez, 1966 Set in Valencia a poverty stricken city on the coast of Spain this novel portrays the struggle of the common man against his environment Based on the author s first hand experience in this area the story centres around three generations of a poor Valencian family circa 1900 who are as divided in their views on how to get along in this hostile world as any three individuals can be The old grandfather pampered by the villagers and extremely pig headed sees fishing along with a little illegal hunting on the side as the only means of maintaining one s dignity His son on the other hand who is blessed with high intelligence as well as with a powerful physique looks upon fishing and especially upon illegal hunting as degrading and sees emancipation only in land cultivation But land is more easily yearned for than acquired The grandson strong handsome and brash looks upon fishing with loathing and upon cultivation as unrewarding labour This however leaves him with nothing causing him to become involved where he can bring pain not only to others but also to himself Reeds and Mud Ibanez Blasco, 1966
