Valenzuela,2024-02-23 For most women whether single consecrated or married our menstrual cycles are present throughout a large part of our existence here on earth We intuit that there is something strange strong and beautiful at work within our bodies Yet that positive inclination is often at odds with what we have experienced personally or seen among our family and friends What good can we find in our cycles especially when we ponder the fact that both men and women are equally made in the image and likeness of God The Language of Your Body delves deep into this and other groundbreaking questions using the wisdom of saints like Hildegard von Bingen Pope John Paul II and Thomas Aquinas to explore this unique fundamental aspect of God s design for female bodies Despite menstruation being labeled sometimes as a woman s curse the Catholic Church invites us to claim our cycles for good This book is a beacon to all women searching for positive ways to integrate our menstrual cycles into our sense of self our relationships and our prayer      **Library Journal** ,1970-04      The Southern
