Reflective Journeys Methuselah:

Reflective Journeys... George Kassabgi, 2006-02 Reflective Journeys Methuselah is a philosophical exploration of concepts pondered from childhood Take a journey of thought and introspection unlike any before Immerse yourself in this collection of writings organized in three sections Infinity Empty and Familiar Revisit your inquisitiveness and emerge with new questions and new meaning In the silent pauses of our lives subtle gaps amid our commotion We sit next to our elder selves only to move in haste Summoned back to the noise of the moment Bench A bristlecone pine in the California White Mountains Methuselah is the world's oldest living thing It lives in a desert climate at over 10 000ft elevation Over 46 centuries old it was a seedling before the Egyptian pyramids were erected For more on Reflective Journeys Methuselah please visit our web site at <http://www.ugik.com> *Reflective Journeys - Vitae* G. Kassabgi, 2024-05-07 What if our conscious thoughts are living forms vitae What is happening in the brain when a mind and consciousness are felt internally Where does consciousness come from Are consciousness and nature somehow interconnected I cannot think of a more interesting thing to ponder and so for over 2 decades I've explored concepts surrounding these types of reflections using a poetic shape a type of mirror for the reader's mind Occasionally these pieces are directly and specifically aimed at the center of the inquiry and often they were tangential or in the shadow of the central themes In the shadow of a source we are sometimes able to see things that would otherwise not be seeable The collections have approached the questions surrounding these vitae as such each inspired by a unique living organism Methuselah an exploration of our journey through time above all else we must consider the dimension of time There are things that transcend the dimension of time what does this mean and how can we our lives so brief and fragile comprehend this Architect this questions about things known to exist but unseen Let's think about this things known to exist but unseen empiricism is challenged What do we make of the countless things that believed to exist To believe is not exactly equivalent as to know and this is no academic detour Questions of faith surface quickly Actias Luna the incredible metamorphosis and transformation the caterpillar and moth An inevitable destiny understood in a manner apart from cognition Here we begin to ponder what it means to know something in ways having nothing to do with cerebral thought processes Tuugaalik the unicorn whale What unfolds as we live out a dream is more transformational more awe inspiring than we could have ever imagined Notice the use of live out a here and remember that thoughts as vitae do precisely this they live Questions about knowability run deep what we come to know often unfolds in ways we could not have imagined It is thus the ambitious aim of these collections to present the reader with an ensemble a framework of mental mirrors to approach some of the most elemental questions In reality every reader is while he is reading the reader of his own self The writer's work is merely a kind of optical instrument which he offers to the reader to enable him to discern what without this book he would perhaps never have perceived in himself Marcel Proust We return to our vitae towards the end of this work and for the first time in over 2 decades attempt to assemble some of the puzzle pieces *Reflective Journeys G.*

The Autobiography of Methuselah John Kendrick Bangs,2019-12-10 In The Autobiography of Methuselah John Kendrick Bangs masterfully intertwines humor and philosophical reflection offering a unique and satirical take on the biblical figure known for his extraordinary longevity Written in a style reminiscent of both the Victorian era s humor and contemporary wit Bangs employs a first person narrative that brings Methuselah s thoughts and experiences to life The book is enriched with clever references to the cultural and scientific milieu of the late 19th century reflecting the era s fascination with aging mortality and the human condition while simultaneously providing a comedic lens through which to view the age old themes of life and death John Kendrick Bangs an American author and humorist was known for his playful engagement with literary forms and traditions His career blossomed during a time when contemporary writers were exploring new ground in fiction often blending genres to challenge societal norms Bangs insights into both human nature and societal absurdities were undoubtedly influenced by his experiences in academic circles and his personal contemplation of life s mysteries rendering him well equipped to tackle the monumental character of Methuselah in an accessible and engaging format This book is highly recommended for readers who appreciate literary humor blended with philosophical depth Bangs not only entertains but also provokes thought about existence making it a compelling read for anyone interested in exploring the intersection of comedy spirituality and the contemplative aspects of life

Around the

World in 366 Tales - January Journeys Steve Wilson, 2018-01-18 Ten year old Sadie Meadows is reading in bed on New Year's Eve when she finds a book called *The World from Your Bedroom There and Back Again* but when she opens it up and begins to read she is a little disappointed to see it is nothing more than a travel book packed with pages detailing hundreds of places across the world. She reads the first page then puts the book down just as sleep claims her at the instant that the New Year arrives. She awakes to find that instead of being in her bedroom at home in Skipton somehow she has been transported to Wexford in the Republic of Ireland the location that she had just read about in the book. There follow a series of adventures each set in a different location as Sadie finds herself travelling across the globe as she attempts to get back home again. Her journeys this month take her to south western Europe North Africa and the extreme north of the North American landmasses.

Touching Stories of My Life in Journey to Christian Holiness and Hands-on Patient Care in a Weeping Healthcare Ramsis F. Ghaly FACS, MD, 2019-08-26 This is the twelfth book of the series *Christianity and the Human Brain*. It integrates the neuroscience and the Bible the Holy Book of our Lord Jesus. My love for our Lord Jesus Christ abides with my lifetime passion for neurosurgery and medicine my continual obsession of spiritual connectivity of the Holy Spirit to the human brain that indeed separates mankind from all other living creation. It has been my belief that the human brain does not limit itself to the physical skull but rather extends in a nonphysical form to the outside spiritual world even while living on earth. In other words a big part of the human brain is actually outside the skull and the body. As I perform brain surgeries for three decades I realize my theory is so true. The majestic human brain can't be just the 1 500 grams of jelled matter inside the skull. The human journey therefore is transforming the human brain to become a brain of a man of God and the hand of man to a hand of a man of God. The spiritual human brain never dies only the flesh. It is the center of my calling and unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science demand of me. My life is dedicated to my Lord Jesus patients and residents. As a physician I have reached the top in America I am a professor of both neurological surgery and anesthesiology and I am well published in famous medical journals. As an academic teacher I trained for more than thirty four years graduating thousands of trainee. But all is nothing as I strive for the Christian holiness and fullness. In a weeping healthcare with many patients falling victims I included actual patients miracles testimonials and sincere quotes as a testament to the Almighty and the dire need for faith and integral goodhearted medicine. This book is full of many vibrant stories that I love to share. It is timely since I consider my generation soon will be viewed obsolete to the future generations and what will remain are the books I authored. The book is a text of wealth covering broad and diverse topics of my life's journey in 134 chapters and organized over 14 sections. So many chapters are written about my special love for Lord Jesus Christ and His children. In poems deep reflections and spiritual release of mind I wrote extensively. In fact I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories. A special section is dedicated to the mothers newborns and little children. While my soul is grieving a section

is designated on the ongoing Christian persecution especially the genocide of Christians in my country Egypt the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn't otherwise convey for one reason and another such as neuroscience in aerospace and some of the timely touching subjects like drug overdose human trafficking and healthcare crises Few chapters included are about my personal views and introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our Savior It is never enough to share our love write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about **First Move of the Anti-Christ** Annette Akerman, 2019-12-22 Written from the standpoint that Satan's onslaught of the human race began as a result of his success with his temptation of Eve and continues still today First Move of the Antichrist tell a story beginning with the temptation in the garden The story builds credence with the introduction of humans that had been the preliminary creation of God from the very beginning It is a story of violence hatred and loss of innocence told as it might have occurred using the premise in scripture that there was no man to till the ground until God created Adam The story gives life and personality to the fathers of the Old Testament and builds to a cataclysmic end as it lays the groundwork for the first move of the antichrist *Skeletons* J. A. Zalasiewicz, Mark Williams, 2018 The evolution of skeletons enabled an unprecedented array of bodies to evolve from the tiniest seed shrimp to dinosaurs and blue whales This book explores the incredible variety of skeletons in nature and the impacts of climate change and of medical and technological advances for the future of skeletons The Dealings of God, Man, and the Devil; as Exemplified in the Life, Experience and Travels of L.
