

The book cover features a collage of images. On the left, a young woman with dark hair is smiling and raising her right arm. In the center, a young man with dark hair is wearing a white shirt and suspenders, holding a guitar. To his right, a man with dark hair and sunglasses is wearing a dark suit. The background is a mix of these images and a textured, brownish-grey pattern. The title 'Refried Elvis' is in large, bold, black letters, and the author's name 'ERIC ZOLOV' is in smaller, bold, black letters below it. At the bottom, a black banner with white text reads 'THE RISE OF THE MEXICAN COUNTERCULTURE'.

**Brian D. Behnken, Simon Wendt**

## **Refried Elvis:**

**Refried Elvis** Eric Zolov, 1999-07-05 This powerful study shows how America's biggest export rock and roll became a major influence in Mexican politics society and culture From the arrival of Elvis in Mexico during the 1950s to the emergence of a full blown counterculture movement by the late 1960s Eric Zolov uses rock and roll to illuminate Mexican history through these charged decades and into the 1970s This fascinating narrative traces the rechanneling of youth energies away from political protest in the wake of the 1968 student movement and into counterculture rebellion known as La Onda The Wave Refried Elvis accounts for the events of 1968 and their aftermath by revealing a mounting crisis of patriarchal values linked both to the experience of modernization during the 1950s and 1960s and to the limits of cultural nationalism as promoted by a one party state Through an engrossing analysis of music and film as well as fanzines newspapers government documents company reports and numerous interviews Zolov shows how rock music culture became a volatile commodity force whose production and consumption strategies were shaped by intellectuals state agencies transnational and local capital musicians and fans alike More than a history of Mexican rock and roll Zolov's study demonstrates the politicized nature of culture under authoritarianism and offers a nuanced discussion of the effects of cultural imperialism that deepens our understanding of gender relations social hierarchies and the very meanings of national identity in a transnational era

**Rock Over the Edge** Roger Beebe, Denise Fulbrook, Ben Saunders, 2002-04-23 A collection of interdisciplinary essays examining the ever changing communities and discussions connected to American popular music     Inventing Elvis Mathias Haeussler, 2020-12-10 Elvis Presley stands tall as perhaps the supreme icon of 20th century U S culture But he was perceived to be deeply un American in his early years as his controversial adaptation of rhythm and blues music and gyrating on stage performances sent shockwaves through Eisenhower's conservative America and far beyond This book explores Elvis Presley's global transformation from a teenage rebel figure into one of the U S's major pop cultural embodiments from a historical perspective It shows how Elvis's rise was part of an emerging transnational youth culture whose political impact was heavily conditioned by the Cold War As well as this the book analyses Elvis's stint as G I soldier in West Germany where he acted as an informal ambassador for the so called American way of life and was turned into a deeply patriotic figure almost overnight Yet it also suggests that Elvis's increasingly synonymous identity with U S culture ultimately proved to be a double edged sword as the excesses of his superstardom and personal decline seemingly vindicated long held stereotypes about the allegedly materialistic nature of U S society Tracing Elvis's story from his unlikely rise in the 1950s right up to his tragic death in August 1977 this book offers a riveting account of changing U S identities during the Cold War shedding fresh light on the powerful role of popular music and consumerism in shaping images of the United States during the cultural struggle between East and West     *The Posthumous Career of Emiliano Zapata* Samuel Brunk, 2008-10-01 Before there was Che Guevara there was Emiliano Zapata the charismatic revolutionary who left indelible marks on Mexican politics and society

The sequel to Samuel Brunk's 1995 biography of Zapata *The Posthumous Career of Emiliano Zapata* traces the power and impact of this ubiquitous immortalized figure Mining the massive extant literature on Zapata supplemented by archival documents and historical newspaper accounts Brunk explores frameworks of myth and commemoration while responding to key questions regarding the regime that emerged from the Zapatista movement including whether it was spawned by a genuinely popular revolution Blending a sophisticated analysis of hegemonic systems and nationalism with lively accessible accounts of ways in which the rebel is continually resurrected decades after his death in a 1919 ambush Brunk delves into a rich realm of artistic geographical militaristic and ultimately all encompassing applications of this charismatic icon Examining all perspectives from politicized commemorations of Zapata's death to popular stories and corridos *The Posthumous Career of Emiliano Zapata* is an eloquent engaging portrait of a legend incarnate **San Miguel de Allende** Lisa Pinley Covert, 2017-06-01 An exploration of the intersections of economic development and national identity formation in San Miguel de Allende during the twentieth century which analyzes both the Mexican and the foreign population within national international and transnational contexts **Building the Urban Environment** Harold L Platt, 2015-10 History and critique of post World War II urban planning explores its effects on the environment race labor housing and municipal administration Crossing Boundaries Brian D. Behnken, Simon Wendt, 2013-06-27 *Crossing Boundaries* Ethnicity Race and National Belonging in a Transnational World explores ethnic and racial nationalism within a transnational and transcultural framework in the long twentieth century late nineteenth to early twenty first century The contributors to this volume examine how national solidarity and identity with their vast array of ideological political intellectual social and ethno racial qualities crossed juridical territorial and cultural boundaries to become transnational how they altered the ethnic and racial visions of nation states throughout the twentieth century and how they ultimately influenced conceptions of national belonging across the globe Human beings live in an increasingly interconnected transnational global world National economies are linked worldwide information can be transmitted around the world in seconds and borders are more transparent and fluid In this process of transnational expansion the very definition of what constitutes a nation and nationalism in many parts of the world has been expanded to include individuals from different countries and more importantly members of ethno racial communities But crossing boundaries is not a new phenomenon In fact transnationalism has a long and sordid history that has not been fully appreciated Scholars and laypeople interested in national development ethnic nationalism as well as world history will find *Crossing Boundaries* indispensable On Site, In Sound Kirstie A. Dorr, 2018-01-25 In *On Site In Sound* Kirstie A Dorr examines the spatiality of sound and the ways in which the sonic is bound up in perceptions and constructions of geographic space Focusing on the hemispheric circulation of South American musical cultures Dorr shows how sonic production and spatial formation are mutually constitutive thereby pointing to how people can use music and sound to challenge and transform dominant conceptions and configurations of place Whether tracing how the evolution of the

Peruvian folk song El Condor Pasa redefined the boundaries between national international and rural urban or how a pan Latin American performance center in San Francisco provided a venue through which to challenge gentrification Dorr highlights how South American musicians and activists created new and alternative networks of cultural exchange and geopolitical belonging throughout the hemisphere In linking geography with musical sound Dorr demonstrates that place is more than the location where sound is produced and circulated it is a constructed and contested domain through which social actors exert political influence

*Students of Revolution* Claudia Rueda,2019-11-15 Students played a critical role in the Sandinista struggle in Nicaragua helping to topple the US backed Somoza dictatorship in 1979 one of only two successful social revolutions in Cold War Latin America Debunking misconceptions *Students of Revolution* provides new evidence that groups of college and secondary level students were instrumental in fostering a culture of insurrection one in which societal groups from elite housewives to rural laborers came to see armed revolution as not only legitimate but necessary Drawing on student archives state and university records and oral histories Claudia Rueda reveals the tactics by which young activists deployed their age class and gender to craft a heroic identity that justified their political participation and to help build cross class movements that eventually paralyzed the country Despite living under a dictatorship that sharply curtailed expression these students gained status as future national leaders helping to sanctify their right to protest and generating widespread outrage while they endured the regime s repression *Students of Revolution* thus highlights the aggressive young dissenters who became the vanguard of the opposition

*Mexploitation Cinema* Doyle Greene,2015-01-28 Thanks in large part to an exploitation film producer and distributor named K Gordon Murray a unique collection of horror films from Mexico began to appear on American late night television and drive in screens in the 1960s Ranging from monster movies clearly owing to the heyday of Universal Studios to the lucha libre horror films featuring El Santo and the Wrestling Women these low budget Mexploitation films offer plenty of campy fun and still inspire cult devotion yet they also reward close study in surprising ways This work places Mexploitation films in their historical and cultural context and provides close textual readings of a representative sample showing how they can be seen as important documents in the cultural debate over Mexico s past present and future Stills accompany the text and a selected filmography and bibliography complete the volume

**NOT THE TRIUMPH BUT THE STRUGGLE** Amy Bass,2002 In this far reaching account Amy Bass offers nothing less than a history of the black athlete Beginning with the racial eugenics discussions of the early twentieth century and their continuing reverberations in popular perceptions of black physical abilities Bass explores ongoing African American attempts to challenge these stereotypes Although Tommie Smith and John Carlos were reviled by Olympic officials for their demonstration Bass traces how their protest has come to be the defining image of the 1968 Games with lingering effects in the sports world and on American popular culture gen

**The Routledge Handbook of the Global Sixties** Chen Jian,Martin Klimke,Masha Kirasirova,Mary Nolan,Marilyn Young,Joanna Waley-Cohen,2018-02-06 This extraordinary

collection is a game changer Featuring the cutting edge work of over forty scholars from across the globe The Routledge Handbook of the Global Sixties is breathtaking in its range incisive in analyses and revolutionary in method and evidence Here fifty years after that iconic 1968 Western Europe and North America are finally de centered if not provincialized and we have the basis for a complete remapping a thorough reinterpretation of the Sixties Jean Allman J H Hexter Professor in the Humanities Director Center for the Humanities Washington University in St Louis This is a landmark achievement It represents the most comprehensive effort to date to map out the myriad constitutive elements of the Global Sixties as a field of knowledge and inquiry Richly illustrated and meticulously curated this collection purposefully provincializes the United States and Western Europe while shifting the loci of interpretation to Africa the Middle East Asia and Latin America It will become both a benchmark reference text for instructors and a gateway to future historical research Eric Zolov Associate Professor of History Director Latin American Professor of Public Affairs and History The University of Texas at Austin As the fiftieth anniversary of 1968 approaches this book reassesses the global causes themes forms and legacies of that tumultuous period While existing scholarship continues to largely concentrate on the US and Western Europe this volume will focus on Asia Africa the Middle East and Eastern Europe International scholars from diverse disciplinary backgrounds explore the global sixties through the prism of topics that range from the economy decolonization and higher education to forms of protest transnational relations and the politics of memory

*Continental Divides* Rachel Adams, 2010-06-15 North America is more a political and an economic invention than a place people call home Nonetheless the region shared by the United States and its closest neighbors North America is an intriguing frame for comparative American studies *Continental Divides* is the first book to study the patterns of contact exchange conflict and disavowal among cultures that span the borders of Canada the United States and Mexico Rachel Adams considers a broad range of literary filmic and visual texts that exemplify cultural traffic across North American borders She investigates how our understanding of key themes genres and periods within U S cultural study is deepened and in some cases transformed when Canada and Mexico enter the picture How for example does the work of the iconic American writer Jack Kerouac read differently when his Franco American origins and Mexican travels are taken into account Or how would our conception of American modernism be altered if Mexico were positioned as a center of artistic and political activity In this engaging analysis Adams charts the lengthy and often unrecognized traditions of neighborly exchange both hostile and amicable that have left an imprint on North America s varied cultures

*Politics of Children in Latin American Cinema* María Soledad Paz-MacKay, Omar Rodriguez, 2019-10-14 *Politics of Children in Latin American Cinema* explores the trend of portraying children and adolescents in a subjective adult constructed point of view in Latin American cinema This trend in which the filmmakers are able to express their own anxieties while subordinating the child s draws new political implications to these constructions of children s subjective character Chapters in this volume touch on intersectional historic contexts such as the Brazilian judicial system Mexico s

youth protest Venezuelan social crisis the Southern Cone's post dictatorships and race and gender issues in Peru Ecuador and Argentina to elucidate these implications and how they affect child agency Contributors to this book argue for children's increased agency in film and in society as they analyze films in which children have more active roles These films mirror the shift toward filmmaking that emphasizes innovative narratives and aesthetic techniques that allow children to be portrayed as social commentators rather than passive figures Scholars of Latin American studies film studies history sociology race studies and gender studies will find this book particularly useful *Mexico's Unscripted Revolutions* Stephen E.

Lewis, 2024-02-09 Explore the forces and movements shaping contemporary Mexican politics and society In *Mexico's Unscripted Revolutions Political and Social Change Since 1958* distinguished historian Stephen Lewis offers a well argued and provocative presentation of Mexico's recent unofficial grassroots revolutions The book explores generational change and youthful rebellion in the 1960s and the emergence of second wave feminism in the 1970s It also discusses Mexico's uniquely protracted democratic transition initiated by the hegemonic Institutional Revolutionary Party PRI but pushed forward at critical moments by ordinary citizens opposition parties and even armed insurgencies In clear accessible prose the author argues that persistent inequality and authoritarian practices have hobbled Mexico's democratic consolidation since 2000 He also provides coverage of the presidency of Andr s Manuel L pez Obrador 2018-2024 who promised peaceful revolution but seemed nostalgic for a return to Mexico's populist authoritarian past Readers will also find A revealing examination of racism and classism in Mexico which persist despite the state's celebration of the country's Indigenous heritage and its promotion of biological and cultural mixing known as *mestizaje* The provocative suggestion that democratization may have unwittingly contributed to the surge in cartel related violence A timely chronicle of how women took advantage of the democratic opening to push for gender quotas in politics which has produced gender parity today in the national congress and in state legislatures An overview of Mexico's surprising and growing religious diversity both within the Catholic Church and without Perfect for undergraduate students studying Mexican and Latin American history and politics *Mexico's Unscripted Revolutions Political and Social Change Since 1958* will also benefit students in Latin American Studies political science anthropology religious studies and women's studies and laypersons with an interest in contemporary Mexico

**Rock the Nation** Roberto Avant-Mier, 2010-05-06 *Rock the Nation* analyzes Latino a identity through rock n roll music and its deep Latin o history By linking rock music to Latinos and to music from Latin America the author argues that Latin o music people and culture have been central to the development of rock music as a major popular music form in spite of North American racial logic that marginalizes Latino as outsiders foreigners and always exotic According to the author the Latin o Rock Diaspora illuminates complex identity issues and interesting paradoxes with regard to identity politics such as nationalism Latino as use rock music for assimilation to mainstream North American culture while in Latin America rock music in Spanish is used to resist English and the hegemony of U S culture Meanwhile singing in English and adopting U S popular

culture allows youth to resist the hegemonic nationalisms of their own countries Thus throughout the Americas Latino as utilize rock music for assimilation to mainstream national culture s for resistance to the hegemony of dominant culture s and for mediating the negotiation of Latino a identities

**Audiotopia** Josh Kun,2005-11 With Audiotopia Kun emerges as a pre eminent analyst interpreter and theorist of inter ethnic dialogue in US music literature and visual art This book is a guide to how scholarship will look in the future the first fully realized product of a new generation of scholars thrown forth by tumultuous social ferment and eager to talk about the world that they see emerging around them George Lipsitz author of Time Passages Collective Memory and American Popular Culture The range and depth of Audiotopia is thrilling It s not only that Josh Kun knows so much it s that he knows what to make of what he knows Greil Marcus author of Lipstick Traces A Secret History of the 20th Century The way Josh Kun writes about what he hears the way he unravels word sound and power is breathtaking provocative and original A bold expansive and lyrical book Audiotopia is a record of crossings textures tangents and ideas you will want to play again and again Jeff Chang author of Can t Stop Won t Stop A History of the Hip Hop Generation

**Dissonant Divas in Chicana Music** Deborah R. Vargas,2012 Explores the resounding musical performances of Mexican American women such as Chelo Silva Eva Ybarra Eva Garza and Selena within Tejano Chicano music [Iconic Mexico](#) Eric Zolov,2015-08-26 Going far beyond basic historical information this two volume work examines the deep roots of Mexican culture and their meaning to modern Mexico In this book readers will find rich in depth treatments by renowned as well as up and coming scholars on the most iconic people places social movements and cultural manifestations including food dress film and music that have given shape and meaning to modern Mexico and its people Presenting authoritative information written by scholars in a format that is easily accessible to general audiences this book serves as a useful and thorough reference tool for all readers This work combines extensive historical treatment accompanied by illuminating and fresh analysis that will appeal to readers of all levels from those just exploring the concept of Mexico to those already familiar with Mexico and Latin America Each entry functions as a portal into Mexican history culture and politics while also showing how cultural phenomena have transformed over the years and continue to resonate into today

**The Routledge Handbook to Sociology of Music Education** Ruth Wright,Geir Johansen,Panagiotis A. Kanellopoulos,Patrick Schmidt,2021-03-29 The Routledge Handbook to Sociology of Music Education is a comprehensive authoritative and state of the art review of current research in the field The opening introduction orients the reader to the field highlights recent developments and draws together concepts and research methods to be covered The chapters that follow are written by respected experienced experts on key issues in their area of specialisation From separate beginnings in the United States Europe and the United Kingdom in the mid twentieth century the field of the sociology of music education has and continues to experience rapid and global development It could be argued that this Handbook marks its coming of age The Handbook is dedicated to the exclusive and explicit application of sociological constructs and theories to issues such as globalisation

immigration post colonialism inter generational musicking socialisation inclusion exclusion hegemony symbolic violence and popular culture Contexts range from formal compulsory schooling to non formal communal environments to informal music making and listening The Handbook is aimed at graduate students researchers and professionals but will also be a useful text for undergraduate students in music education and cultural studies
