Secularist Heresy:

The Secularist Heresy Harry Blamires, 1980 Blamires fullest exploration of the phenomenon of secularism and the threat it presents to the Church back cover *Religion of the Field Negro* Vincent W. Lloyd, 2017-11-07 Black theology has lost its direction To reclaim its original power and to advance racial justice struggles today black theology must fully embrace blackness and theology But multiculturalism and religious pluralism have boxed in black theology forcing it to speak in terms dictated by a power structure founded on white supremacy In *Religion of the Field Negro* Vincent W Lloyd advances and develops black theology immodestly privileging the perspective of African Americans and employing a distinctively theological analysis As Lloyd argues secularism is entangled with the disciplining impulses of modernity with neoliberal economics and with Western imperialism but it also contaminates and castrates black theology Inspired by critics of secularism in other fields *Religion of the Field Negro* probes the subtle ways in which religion is excluded and managed in black culture Using Barack Obama Huey Newton and Steve Biko as case studies it shows how the criticism of secularism is the prerequisite of all criticism and it shows how criticism and grassroots organizing must go hand in hand But scholars of secularism too often ignore race and scholars of race too often ignore secularism Scholars of black theology too often ignore the theoretical insights of secular black studies scholars and race theorists too often ignore the critical insights of religious thinkers *Religion of the Field Negro* brings together vibrant scholarly conversations that have remained at a distance from each other until now Weaving theological sources critical theory and cultural analysis this book offers new answers to pressing questions about race and justice love and hope theorizing and organizing and the role of whites in black struggle The insights of James Cone are developed together with those of James Baldwin Sylvia Wynter and Achille Mbembe all in the service of developing a political theological vision that motivates us to challenge the racist paradigms of white supremacy

The Secularist, 2003 *Empires of Dirt: Secularism, Radical Islam, and the Mere Christendom Alternative* Douglas Wilson, 2016-11-08 As it self destructs the strategy of secularism the idea that nations can be religiously neutral is splitting between American exceptionalism and radical Islam American exceptionalism the belief that America is more than a nation is folly Radical Islam is obviously wrong as well but Muslims at least own the nature of the current cultural conflict You must follow somebody whether it s Allah the State or Jesus Christ This important and timely book is an analysis of the changing face of religion and politics and also an extended argument for Christian expression of faith in Jesus Christ This does not mean a withdrawal from politics to our own communities and churches Instead we Christians must take what we have learned from the wreck of secularism and build a Christendom of the New Foundation A network of nations bound together by a formal public civic acknowledgement of the lordship of Jesus Christ and the fundamental truth of the Apostles Creed

Secular States, Religious Politics Sumantra Bose, 2018-05-03 Presents a comparative study of two major attempts to build secular states India and Turkey in the non Western world **Encyclopedia of Fundamentalism: Volume 3 of Religion &**

Society Brenda Brasher, 2001-10-19 The Encyclopedia of Fundamentalism is the third volume of the acclaimed Religion Society series The Encyclopedia of Fundamentalism follows a broad definition of fundamentalism and covers fundamentalism across time and place although the emphasis remains on its primary manifestation Protestant fundamentalism in the United States It draws upon the work of historians sociologists religious scholars anthropologists political scientists and others

Modern Heresies John McGill Krumm, 1961 *Christian Nationalism and the Paradox of Secularism* Andrew Fiala, 2025-05-08 Christian nationalism is a backlash against the success of secularism and the growth of nonreligion Its proponents go so far as to claim that secularism is diabolical This rejection of secularism poses a significant challenge for secular systems which aim to be inclusive of diverse religious ideas This book explains the depth of this challenge while recounting the views of Christian nationalists including Donald Trump It shows how key figures in the American tradition Adams Jefferson Madison and others promoted political secularism It uses Christian theology and modern political philosophy to argue in defence of secularism and against Christian nationalism *Beyond Secularism and Jihad?* Peter D. Beaulieu, 2012-07-13 Peter D Beaulieu examines the challenge posed by and to modernity and historic Islam as they encounter one another He compares the Western separation of Church and state with the unitary Islamic State and explores the proposed cultural and societal principles of the Second Vatican Council as potentially influencing long term events in both arenas Beaulieu s research is comprehensive and richly documented yet offers an accessible triangular inquiry into the mosque the manger and modernity By restoring a place at the table for Trinitarian Christianity alongside the engulfing monotheism of Islam and the alternative skepticism of Western rationalism this inquiry broadens the pallet of inter religious and intercultural contact points *Beyond Secularism and Jihad* provides balanced attention to the differences as well as the similarities between Christianity Islam and modernity An emerging theme is natural law which is universal and intrinsic to all mankind and not confined to competing theologies Neglected in the West that it helped create natural law might contribute to the needed grammar for dialogue between the citizens in the West and the followers of Islam *The Shield of faith* ,1880
