Seeking The Woman In Late Medieval And Renaissance Writings Essays In Feminist Contextual Criticism:

Seeking the Woman in Late Medieval and Renaissance Writings Sheila Fisher, Janet E. Halley, 1989 **The Problem of Woman in Late-medieval Hispanic Literature** Robert Archer, 2005 This book argues that the problem of gender identity is vital to the large corpus of medieval Hispanic texts that discuss the nature of women What is a woman This book questions the persistent assumption that the large corpus of medieval Hispanic texts that discuss the nature of women can be defined in terms of the clichéd discourses of misogyny and defence of women arguing instead that the problem of gender identity is vital to them all The texts some well known others which have received scant critical attention are each discussed in their specific contexts and in relation to the ostensible reasons for their composition such as a political literary religious or didactic agenda They are also related to the literary traditions in which they are written misogynistic denunciation satire humour defence narrative debate among others and the particular theoretical problems arising from them are discussed But it is also argued that the full meaning of the texts lies at the less immediately accessible level at which they address this very problem of definition one which arises directly from the self-perpetuating contradictions of authoritative wisdom on the nature of women ROBERT ARCHER holds the Cervantes Chair of Spanish King's College London

The Discourse of Enclosure Shari Horner, 2001-05-24 2001 CHOICE Outstanding Academic Title Exploring Old English texts ranging from Beowulf to Ifric's Lives of Saints this book examines ways that women's monastic material and devotional practices in Anglo-Saxon England shaped literary representations of women and femininity Horner argues that these representations derive from a discourse of female monastic enclosure based on the increasingly strict rules of cloistered confinement that regulated the female religious body in the early Middle Ages She shows that the female subjects of much Old English literature are enclosed by many layers literal and figurative textual material discursive spatial all of which image and reinforce the powerful institutions imposed by the Church on the female body Though it has long been recognized that medieval religious women were enclosed and that virginity was highly valued this book is the first to consider the interrelationships of these two positions that is how the material practices of female monasticism inform the textual operations of Old English literature Maids and Mistresses, Cousins and Queens Susan Frye, Karen Robertson, 1999-01-28 This collection of sixteen essays considers evidence for the varied forms of women's alliances in early modern England Women who were prohibited from direct participation in the institutional structures that shaped the lives of men constructed informal connections with other women for survival advancement and creativity The essays presented here consider a variety of communities formed among groups as diverse as serving women vagrants aristocrats and authors in order to consider the historical traces of women's connections The Complete Poems R. Rebholz, Thomas Wyatt, 2015-07-30 As a diplomat in Renaissance Europe and a luminary at the court of Henry VII Sir Thomas Wyatt wrote in an incestuous world where everyone was uneasily subject to the royal whims and rages Wyatt had himself survived two imprisonments in the Tower as well as a

love affair with Anne Boleyn and his poetry that of an extraordinarily sophisticated passionate and vulnerable man reflects these experiences making disguised reference to current political events Above all though Wyatt is known for his love poetry which often dramatizes incidents and remembered conversations with his beloved with an ear acutely sensitive to patterns of rhythm and colloquial speech Conveying the actuality of betrayal or absence and the intense pressure of his longing for a love that could be trusted these are some of the most haunting poems in the English language

The Milieu and Context of the Wooing Group Susannah M Chewning,2009-03-01 This book brings together the most current interpretations of the Wooing Group from scholars currently working on the fields of medieval spirituality gender and the anchoritic tradition providing literary theological linguistic and cultural context for the works associated with the Wooing Group a collection of texts in English written by an unknown author in the late twelfth to early thirteenth centuries These works are unique in their context written almost certainly for a group of women living as anchoresses and recluses who were literate in English and were interested in guidance both in spiritual and worldly issues The book discusses and explains the impact and significance of these works and situates them within the continuum of medieval theological and literary culture

Re-Reading Mary Wroth K. Larson,N. Miller,2015-02-04 Approaching the writings of Mary Wroth through a fresh 21st century lens this volume accounts for and re invents the literary scholarship of one of the first canonized women writers of the English Renaissance Essays present different practices that emerge around reading Wroth including editing curating and digital reproduction

The Jews of Provence and Languedoc Ram Ben-Shalom,2024-05-08 This exhaustive history of Provençal Jewry examines the key aspects of Jewish life in Provence over some 1 500 years of cultural florescence with far reaching consequences A seminal examination of the crucial role of the Jews of Provence in shaping medieval Jewish culture in the Mediterranean basin

Court Politics, Culture and Literature in Scotland and England, 1500-1540 Jon Robinson,2017-11-30 The focus of this study is court literature in early sixteenth century England and Scotland The author examines courtly poetry and drama in the context of a complex system of entertainment education self fashioning dissimulation propaganda and patronage He places selected works under close critical scrutiny to explore the symbiotic relationship that existed between court literature and important socio political economic and national contexts of the period 1500 to 1540 The first two chapters discuss the pervasive influence of patronage upon court literature through an analysis of the panegyric verse that surrounded the coronation of Henry VIII The rhetorical strategies adopted by courtiers within their literary works however differed depending on whether the writer was at the time of writing the verse or drama excluded or included from the environs of the court The different often elaborate rhetorical strategies are through close readings of selected verse delineated and discussed in chapter three on David Lyndsay and chapter four on Thomas Wyatt and Thomas Elyot

English Women's Spiritual Utopias, 1400-1700 Alexandra Verini,2022-06-06 English Women's Spiritual Utopias 1400 1700 New Kingdoms of Womanhood uncovers a tradition of women's utopianism that extends back to medieval

women's monasticism overturning accounts of utopia that trace its origins solely to Thomas More As enclosed spaces in which women wielded authority that was unavailable to them in the outside world medieval and early modern convents were self consciously engaged in reworking pre existing cultural heritage to project desired proto feminist futures The utopianism developed within the English convent percolated outwards to unenclosed women's spiritual communities such as Mary Ward's Institute of the Blessed Virgin and the Ferrar family at Little Gidding Convent based utopianism further acted as an unrecognized influence on the first English women's literary utopias by authors such as Margaret Cavendish and Mary Astell Collectively these female communities forged a mode of utopia that drew on the past to imagine new possibilities for themselves as well as for their larger religious and political communities Tracking utopianism from the convent to the literary page over a period of 300 years New Kingdoms writes a new history of medieval and early modern women's intellectual work and expands the concept of utopia itself
