Cunningham, 2002-12 *An Open Envelope: A Look Within* Stewart Hall, 2007 *LOOKING FOR A MIRACLE...LOOK WITHIN YOUR LIFE* May Lewis, 2017-06-03 This book is about how miracles and signs are constantly happening in our lives We keep looking for miracles and signs as if they do not exist I had to take a step back and look at my life and seen that more miracles and signs had already taken place in my life than I could have ever imagined I have incorporated those experiences into this book to give you a clearer picture of what happens when you truly believe in the One and Only God **ReLovenship™: Look Within to Love Again!** Mario P. Cloutier, 2015-05-19 We all long for a blissful relationship No matter how many attempts you have made in the past to find the one or how many break ups you may have had if you are still determined to get another shot at finding or attracting your true soul mate let ReLovenship Look Within to Love Again be your next step Looking Within A Book Of Poems By Michelle Carpenter Michelle D. Carpenter, 2004-10-01 These poems are meant to challenge and inspire the reader You will see that poetry is a matter of perception My poems will make you laugh cry shout hurrah and search for the humanity in society My Search for God Through the Akashic Records Lee Fisher, 2014-05-29 What is a soul Does the soul have a personality The Akashic Records response was The soul is the personality There is no determining factor as to how many times the soul re incarnates This is left up to the individual as to how many times they re incarnate There is no such thing as a failed incarnation The soul is never discarded or destroyed Once the soul reaches perfection it rejoins the spirit of God for all eternity **The Subjective Self** Harwood Fisher, 2001-01-01 For all their strides in understanding how we create and think about cultures psychologists linguists and logicians have had difficulty explaining how we conceive our selves how the self can in fact be both the object and the subjective originator of its surroundings Harwood Fisher's purpose in this far reaching interdisciplinary book is to depict the subjective self in its true complex duality In *The Subjective Self* Fisher argues that the key to depicting both aspects of the self simultaneously and thus modeling it more holistically than before is to visualize the self in a logical space From an origin point inside this space the self tries out metaphors and launches categories to logically order what it wants sees and encounters This is a creative cognitive process metaphoric framing by which the self invents new forms and depicts new organizations of its experiences impressions and information It is also a generative linguistic process bracketing by which the self can step outside its own expressed thoughts gain new levels of awareness re position itself as an agent responsible for its ideas and statements and in short empower its own identity The framing sets in motion versatile mental categories forms that are projected into mental space where they

become objectified The bracketing sets in motion the logical bounds of the I stabilizing the individual s identity and giving thrust to the subjective self s dynamic causal role In elaborating this theory Fisher extends the ideas of Kurt Lewin Jean Piaget and C S Peirce among others By drawing on each of these thinkers he is able to bring their common themes of perspective and construction together in his portrait of the self as a creative iconic space
