*Men in the Middle* James Gilbert,2005-07 While the 1950s have been popularly portrayed on television and in the movies and literature as a conformist and conservative age the decade is better understood as a revolutionary time for politics economy mass media and family life Magazines films newspapers and television of the day scrutinized every aspect of this changing society paying special attention to the lifestyles of the middle class men and their families who were moving to the suburbs newly springing up

outside American cities Much of this attention focused on issues of masculinity both to enforce accepted ideas and to understand serious departures from the norm Neither a period of male crisis nor yet a time of free experimentation the decade was marked by contradiction and a wide spectrum of role models This was in short the age of Tennessee Williams as well as John Wayne In *Men in the Middle* James Gilbert uncovers a fascinating and extensive body of literature that confronts the problems and possibilities of expressing masculinity in the 1950s Drawing on the biographies of men who explored manhood either in their writings or in their public personas Gilbert examines the stories of several of the most important figures of the day revivalist Billy Graham playwright Tennessee Williams sociologist David Riesman sex researcher Alfred Kinsey Playboy literary editor Auguste Comte Spectorsky and TV sitcom dad Ozzie Nelson and allows us to see beyond the inherited stereotypes of the time Each of these stories in Gilbert's hands adds crucial dimensions to our understanding of masculinity the 1950s No longer will this era be seen solely in terms of the conformist man in the gray flannel suit or the Marlboro Man

**The Gatekeepers** Jen Lancaster, 2017-10-10 How could we know that forever could end at seventeen Anyone passing through North Shore Illinois would think it was the most picture perfect place ever with all the lakefront mansions and manicured hedges and iron gates No one talks about the fact that the brilliant talented kids in town have a terrible history of throwing themselves in front of commuter trains Meet Simone the bohemian transfer student from London who is thrust into the strange new reality of an American high school Mallory the hypercompetitive queen bee and Stephen the first generation genius who struggles with crippling self doubt Each one is shocked when a popular classmate takes his own life except not too shocked It's happened before With so many students facing their own demons can they find a way to save each other as well as themselves

*Now a Major Motion Picture* Christine Geraghty, 2008 Going beyond the process of adaptation Geraghty is more interested in the films themselves and how they draw on our sense of recall While a film reflects its literary source it also invites comparisons to our memories and associations with other versions of the original For example a viewer may watch the 2005 big screen production of *Pride and Prejudice* and remember Austen's novel as well as the BBC's 1995 television movie Adaptations also rely on the conventions of genre editing acting and sound to engage our recall elements that many movie critics tend to forget when focusing solely on faithfulness to the written word

*The Long Reach* Richard Eberhart, 1984 Poems deal with truth religion nature thought the role of poetry death visions age and the past
