Maria C. Scott

Look Out For Strangers:

Look Out for Strangers Paul Humphrey, Alex Ramsay, 2003 A no nonsense book with a strong safety message for young children about how they should avoid potentially dangerous situations The narrative throughout is in simple straightforward language which is undramatic and reassuring whilst stressing dangers **The Lookout for Christ and the Church** , 1903

Kissing Strangers Neha Singh, 2019-05-20 Strawberries and cigarettes still taste like you Arya a vogueish overachiever gets into IIT and finds herself in a whirlwind of reckless antics and youthful highs She is a misfit at the prestigious engineering college as she resolves to pursue art As life happens on campus that seems estranged to her she keeps chasing highs with her friends until she stumbles upon an art instructor The irrevocable collision of their worlds turns out to be an aesthetic awakening for Arya She is caught up in an exquisite affair of love and pain as she encounters strangers on the way who make her world tragical and magical in their own ways Empathy and the Strangeness of Fiction Maria C. Scott, 2020-03-02 Explores how and why narrative fiction engages empathy including Theory of Mind Offers a broad overview of current scientific work on the effects of fiction reading on empathy including Theory of Mind Provides an original intervention in the field of literary theory centring on the reflexive properties of the fictional stranger Includes stand alone close readings of three novels by important French authors This book studies recent psychological findings which suggest that reading fiction cultivates empathy encouraging us to be critically reflective suspicious readers as well as participatory nave readers Scott draws on literary theory and close readings to argue that engagement with fictional stories also teaches us to resist uncritical forms of empathy and reminds us of the limitations of our ability to understand other people The book treats figures of the stranger in Balzac's *La Fille aux yeux d'or* Stendhal's *Le Rouge et le Noir* and Sand's *Indiana* as emblematic of the strangeness of narrative fiction both drawing us in and keeping us at a distance *Lookout* Trina Moyles, 2021-03-30 A page turning memoir about a young woman's grueling revelatory summers working alone in a remote lookout tower and her eyewitness account of the increasingly unpredictable nature of wildfire in the Canadian north While growing up in Peace River Alberta Trina Moyles heard many stories of Lookout Observers strange eccentric types who spent five month summers alone climbing 100 foot high towers and watching for signs of fire in the surrounding boreal forest How could you isolate yourself for that long she wondered I could never do it she told herself Craving a deeper sense of purpose she left northern Alberta to pursue a decade long career in global humanitarian work After three years in East Africa and newly engaged Trina returned to Peace River with a plan to sponsor her fiancé Akello's immigration to Canada Despite her fear of being alone in the woods she applied for a seasonal lookout position and got the job Thus begins Trina's first summer as one of a handful of lookouts scattered throughout Alberta with only a farm dog Holly labeled a domesticated wolf by her former owners to keep her company While searching for smoke Trina unravels under the pressure of a long distance relationship and a dawning awareness of the environmental crisis that climate change is producing in the boreal Through

megafires lightning storms and stunning encounters with wildlife she learns to survive at the fire tower by forging deep connections with nature and with an extraordinary community of people dedicated to wildfire detection and combat In isolation she discovers a kind of self awareness and freedom that only solitude can deliver Lookout is a riveting story of loss transformation and belonging to oneself layered with an eyewitness account of the destructive and regenerative power of wildfire in our northern forests

Engaging Strangers Daniel J. Monti Jr.,2013 Partisans on both the left and right wings of America s theory class and political spectrum believe we re in trouble big trouble The economy is limping along Inequality has reached unprecedented levels And we seem to be on the verge of being overwhelmed by immigrants who don t look and act anything like our grandparents did much less the men and women who founded our country Angry scared disengaged and distrustful when we aren t openly antagonistic toward each other Americans can t figure out who we are as a people and openly fret about our best days being behind us To make matters worse our political system the one place we re supposed to be able to work on behalf of a broader public good with people who aren t like us appears even more broken than these other parts of our culture There s some unexpected good news however and it s coming from one of the last places in America you d expect different people to be getting along Boston Bostonians well known for their unwelcoming and sometimes violent treatment of newcomers and unwillingness to find common ground with people deemed outsiders aren t acting broken or taking their resentments out on each other these days They ve turned instead to calmer ways of talking about each other and treating each other in public Far from being disconnected and afraid people in Boston are better connected and more respectful of each other and their city is better organized and more orderly than at any time in its long and storied history Bostonians have learned to get along with the strangers among them in ways their ancestors never knew or expected the rest of us would be willing to entertain much less master They have their civic act together Engaging Strangers explores how the people of Boston have learned to practice a more congenial and respectful set of civic virtues In this book the author provides a model for civic conduct for the rest of America to study and follow

The Golden Rule ,1896 *Strange Encounters* Sara Ahmed,2013-02-01

Examining the relationship between strangers embodiment and community Strange Encounters challenges the assumptions that the stranger is simply anybody we do not recognize and instead proposes that he or she is socially constructed as somebody we already know Using feminist and postcolonial theory this book examines the impact of multiculturalism and globalization on embodiment and community whilst considering the ethical and political implication of its critique for post colonial feminism A diverse range of texts are analyzed which produce the figure of the stranger showing that it has alternatively been expelled as the origin of danger such as in neighbourhood watch or celebrated as the origin of difference as in multiculturalism The author argues that both of these standpoints are problematic as they involve stranger fetishism they assume that the stranger has a life of its own
