This book is based upon more than two years of ethnographic fieldwork and personal experiences with the Teet it Gwich in community in northern Canada. The author provides insight into Gwich'in understandings of life as well as into historical and political processes that have taken place in the North. He outlines the development of an educational approach towards conducting ethnography and writing anthropological literature starting with the premise you have to live it. The book focuses on ways of knowing and collaboration through learning and being taught by interlocutors. Building on the work of Tim Ingold, Looovers investigates the notion of reading life, land, water and weather as well as texts and analyses the reading of texts as acts of conversations or correspondences. Laugrand, Oosten, 2014-12-11T00:00:00. Pens dans une perspective anthropologique et comparative ce livre traite de la nature et de la culture des esprits de leur multiplicité. Les auteurs interrogent la fois les catégories fabriquées par les chercheurs pour comprendre les ontologies autochtones et celles des participants des sociétés. L'étude toutes situations ici dans les Amériques ou en Asie. L'animisme et la prédation, la transformation chamanique et la métaphorisation de l'alliance, l'expérience spirituelle et la transmission des pouvoirs, l'apparence corporelle et la représentation des esprits, leur ambiguïté comme le montrent les cas de l'ours et du chien sont quelques-unes des thématiques abordées. Le livre traite aussi des valeurs qui fondent les relations entre humains et animaux dans des sociétés où la chasse demeure encore une activité fondamentale. Il examine enfin l'actualisation des cosmologies, en particulier l'incorporation de nouvelles figures non humaines dans des contextes socioreligieux et socioéconomiques. in dits.
