Martin Luther in the American Imagination Hartmut Lehmann, 1988 *Reformation Marriage* Michael Parsons, 2011-09-15 For centuries its critics have argued that the Reformation was all about sex Beyond the caricature there is something significant in the observation The theological revolution which began in Wittenberg and engulfed so much of early modern Europe was not confined to the cloister of the university it had an immediate and palpable impact on everyday life Historians such as Steven Ozment have done much to bring this dimension of the Reformation's impact into full view Michael Parsons' important study *Reformation Marriage* continues this exploration Aware of appeals made to the teaching of the Reformers by both sides of contemporary debates about gender and relational issues Dr Parsons allows us to hear Luther and Calvin for ourselves locating their comments about family life against the background of medieval teaching on the subject and placing them in the context of each man's wider theological concerns Here is careful and accessible scholarship that challenges popular misunderstandings about the contribution of the Reformation in this area Mark D Thompson Moore Theological College Sydney Australia In the only book specifically on the subject to date Michael

Parsons investigates the theology of marriage in the writings of Martin Luther and John Calvin carefully examining a daunting breadth of the Reformers theological exegetical and homiletic works He concentrates on the role of the wife in the conjugal relationship but avoids the common polarity between the modern feminist critique of the woman's role in a Christian understanding of marriage and society and those who simply ignore the gender difference between man and woman While appreciating the questions raised by the modern liberationist and feminist scholars of the Reformers Parsons believes they have generally failed to deal with the corpus of the Reformers in a sufficiently nuanced way On the other hand unlike some scholars who want to rescue these Reformers from contemporary criticism Parsons carefully argues from wide primary evidence that neither Luther nor Calvin envisaged modifying the traditional hierarchical structure of marriage or the subordinationist conjugal relationship between man and woman He refuses to turn the Reformers into pro twentieth century thinkers much as we might like them to conform more readily to our own contemporary attitudes His interpretation therefore injects a much needed dimension of historical realism into the ongoing scholarly debate on the Reformers social theology Rowan Strong Murdoch University Perth Western Australia Michael Parsons is Commissioning Editor for Paternoster Press and Associate Research Fellow at Spurgeon College London Previously he was Director of Postgraduate Research at Vose Seminary Perth Western Australia He lives with his wife and two children

Historical Dictionary of Lutheranism Günther Gassmann, Mark W. Oldenburg, 2011-10-10 The Reformation of the 16th century was a complex and multifaceted political social cultural and religious process Most historians agree however that in the framework of this process it was the religious and theological efforts to reform and renew the late medieval church decadent and irrelevant in many ways that were the initiating forces that set a broad historical movement in motion Among these reforming religious and theological forces the Lutheran reform movement was the most important and influential one It was the historical impact of the theological genius of the Wittenberg professor Martin Luther 1483-1546 that profoundly changed and shaped the face of Europe and beyond Today Lutheranism has become a worldwide communion of churches that stretches from Germany to Siberia Papua New Guinea Madagascar and Surinam The second edition of the Historical Dictionary of Lutheranism presents information on major theological issues historical developments of Lutheranism worldwide Lutheran ecumenical and missionary involvement and activities worship and liturgy spirituality social ethics inter religious and Jewish relations Lutheranism and the arts theology and important representatives of Lutheranism This is done through a detailed chronology an introductory essay an appendix of Lutheran Churches a bibliography and hundreds of cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about Lutheranism

The A to Z of Lutheranism Günther Gassmann, Duane Howard Larson, Mark W. Oldenburg, 2007 On October 31 1517 the German Priest Martin Luther posted his 95 Theses challenging the

teachings of the Roman Catholic Church on the door of the church in Wittenberg It is widely held that this act triggered the large exodus from the Catholic Church which became known as the Protestant Reformation Lutheranism one of the many Protestant movements that were spawned as a result of this revolution is largely founded on the teachings and writings of Martin Luther The A to Z of Lutheranism sheds light on the many and varied concerns of the church from its earliest manifestations in the 16th century to recent decisions at the turn of the 20th century This is accomplished through a chronology an introduction a bibliography an appendix and hundreds of cross referenced dictionary entries on important persons major events and institutions the theology and ethics significant concepts and the broader social cultural and economic impact of Lutheranism and its worldwide expansion Divine Apology Brett Miller,2002-05-30 While the defense of public image in political corporate and celebrity rhetoric has been widely studied religious image repair has been largely ignored Divine Apology considers the unique circumstances facing religious figures in need of restoring their reputations by examining a blend of historical and contemporary defenses offered by various figures and groups The author covers apologia as advanced by the Apostle Paul Justin Martyr Martin Luther Jimmy Swaggart evangelical opponents of the Jesus Seminar and conservative leaders of the Southern Baptist Convention He concludes that strategies used for religious image repair often differ significantly from those employed by politicians corporations and other public figures In this unique volume Miller demonstrates that religious groups and individuals are as motivated as anyone else to purify their public images The issues prompting defenses however are more likely to focus on epistemological conflicts and clashes of worldviews than on inappropriate behaviors As a consequence religious apologists are more likely to associate attacks against their beliefs as assaults against their characters This causes religious image restoration discourse to manifest itself as more transcendent than defenses in traditional situations involving laypeople Miller posits that the presence of God and religious antecedents as salient audiences as well as other factors concerning audience and context work to shape a form of apology that is characteristically religious **Martin Luther** Scott H.
