Luther and the Peasants' War Robert N. Crossley, 1974      **The Concept of Just War in Judaism, Christianity and Islam** Georges Tamer, Katja Thörner, 2021-09-07 For Jews Christians and Muslims as for all human beings military conflicts and war remain part of the reality of the world The authoritative writings of Judaism Christianity and Islam namely the Hebrew Bible the New Testament and the Koran as well as the theological and philosophical traditions based on them bear witness to this fact Showing the influence of different historical political situations various views sometimes quite similar sometimes more divergent have developed in the three religions to justify the waging of war under certain circumstances Such views have also been integrated in different ways into legal systems while in certain cases theologies have provided legitimation for military expansion and atrocities The aim of the volume *The Concept of Just War in Judaism Christianity and Islam* is to explore the respective understanding of just war in each one of these three religions and to make their commonalities and differences discursively visible In addition it highlights and explains the significance of the topic to the present time Can the concepts developed in the Jewish Christian and Islamic traditions in order to justify war serve as a foundation for contemporary peace ethics Or do religious arguments always add fuel to the fire in armed conflict The contributions in this volume will help provide answers to these and other socially and politically relevant questions

*Protestant Resistance in Counterreformation Austria* Peter Thaler, 2020-02-28 Protestant Resistance in Counterreformation Austria examines Austrian Protestants who actively resisted the Habsburg Counterreformation in the early seventeenth century While a determined few decided early on that only military means could combat the growing pressure to conform many more did not reach that conclusion until they had been forced into exile Since the climax of their activism coincided with the Swedish intervention in the Thirty Years War the study also analyzes contemporary Swedish policy and the resulting Austro-Swedish interrelationship Thus a history of state and religion in the early modern Habsburg Monarchy evolves into a prime example of *histoire croisée* of historical experiences and traditions that transcend political borders The book does not only explore the historical conflict itself however but also uses it as a case study on societal recollection Austrian nation building which tenuously commenced in the interwar era but was fully implemented after the restoration of Austrian statehood in 1945 was anchored in a conservative ideological tradition with strong sympathies for the Habsburg legacy This ideological perspective also influenced the assessment of the confessional period The modern representation of early modern conflicts reveals the selectivity of historical memory      *Between Luther and Münzer* Steven D. Martinson, 1988      **Martin Luther's Theology** Oswald Bayer, 2008-11-03 Forty years of in-depth research on Martin Luther's theology uniquely qualifies Oswald Bayer to present this comprehensive introduction to Luther's thought written for those lacking an academic background in theology Bayer's noteworthy study explores the basics of Luther's understanding of theology discussing his response to the philosophy of science tradition the formula by which he studied theology and the

basic philosophy that informed him Bayer then takes Luther's stance on Christian dogmatics and ethics and applies it to our own theological understanding in the modern age With such a complete Lutheran dogmatic concept the first of its kind offered the stunning inner consistency of Luther's theology and its ease of application to contemporary studies become unmistakably clear

Lorsqu'il commenta l'Épître aux Romains 1515-1516 Luther avait semble-t-il déjà découvert le thème central de sa théologie Identifiant péché et tentation il fut désormais convaincu que l'homme reste toute sa vie indigne du salut Le péché originel est trop profond et trop grave Mais Dieu se refuse regarder les fautes d'un pécheur qui continue d'espérer dans son sauveur C'est la doctrine de la justification par la foi Le présent ouvrage la replace dans son contexte historique et en suit la diffusion dans la partie de la chrétienté devenue protestante Pour la première fois dans l'histoire une hérésie chrétienne tenait en échec l'autorité romaine
