Lutheran Women in Ordained Ministry, 1970-1995 Gloria E. Bengtson, 1995 **Stories from Global Lutheranism** Martin J. Lohrmann, 2021-01-12 In an engaging and accessible style Martin J Lohrmann introduces readers to fascinating glimpses of faith courage and love in action within the global Lutheran community that now numbers over 70 million members in churches worldwide He shows how Lutheranism is a much more diverse and global expression of the Christian tradition than most realize This matches the expansive view of the church universal that the Reformers held when they presented the Augsburg Confession in 1530 As Philipp Melanchthon put it the church consists of people scattered throughout the entire world who agree on the gospel and have the same Christ the same Holy Spirit and the same sacraments whether or not they have the same human traditions Although Lutheranism first grew and spread in central and northern Europe some of the most vibrant Lutheran communities are now in Africa and Asia There are more Lutherans in Tanzania than in Sweden and more Lutherans in Indonesia than in Norway The single largest Lutheran church body in the world is the Ethiopian Evangelical Church Mekane Yesus with over 8 million members and a focus on caring for the whole person Outside of Europe Namibia is the only country with a majority Lutheran population Lutheran members of the global body of Christ have much to learn from and share with one another The book largely follows the subjects listed in the Timeline of Global Lutheranism that Lohrmann created for Lutheran Quarterly Journal to commemorate the 500 year anniversary of the Protestant Reformation *Transformative Lutheran Theologies* Mary J. Streufert, 2010-09-01 The first of its kind this book is a systematic representation of Lutheran feminist womanist and mujerista theologies systematic in that it addresses classical loci of systematic theology contemporary in that it is resoundingly constructive and relevant for the contemporary church and feminist in that the contributors write from a feminist perspective although they reflect a variety of positions within feminist discourse **Historical Dictionary of Lutheranism** Günther Gassmann, Mark W. Oldenburg, 2011-10-10 The Reformation of the 16th century was a complex and multifaceted political social cultural and religious process Most historians agree however that in the framework of this process it was the religious and theological efforts to reform and renew the late medieval church decadent and irrelevant in many ways that were the initiating forces that set a broad historical movement in motion Among these reforming religious and theological forces the Lutheran reform movement was the most important and influential one It was the historical impact of the theological genius of the Wittenberg professor Martin Luther 1483 1546 that profoundly changed and shaped the face of Europe and beyond Today Lutheranism has become a worldwide communion of churches that stretches from Germany to Siberia Papua New Guinea Madagascar and Surinam The second edition of the Historical Dictionary of Lutheranism presents information on major theological issues historical developments of Lutheranism worldwide Lutheran ecumenical and missionary involvement and activities worship and liturgy spirituality social ethics inter religious and Jewish relations Lutheranism and the arts theology and important

representatives of Lutheranism This is done through a detailed chronology an introductory essay an appendix of Lutheran Churches a bibliography and hundreds of cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about Lutheranism

Authority Vested Mary Todd, 2000 Like other major Protestant denominations in the United States the 2.6 million member Luther Church Missouri Synod LCMS founded in 1847 has struggled with issues of relevance and identity in society at large In this book Mary Todd chronicles the history of this struggle for identity in the LCMS critically examining the central often contentious issue of authority in relation to Scripture ministry and the role of women in the church In recounting the history of the denomination Todd uses the ministry of women as a case study to show how the LCMS has continually redefined its concept of authority in order to maintain its own historic identity Based on oral histories and solid archival research Authority Vested not only explores the internal life of a significant denomination but also offers critical insights for other churches seeking to maintain their Christian distinctives in religiously pluralistic America
