Masculinity and Emotion in Early Modern English Literature Jennifer C. Vaught,2016-12-05 The first full length treatment of how men of different professions social ranks and ages are empowered by their emotional expressiveness in early modern English literary works this study examines the profound impact of the cultural shift in the English aristocracy from feudal warriors to emotionally expressive courtiers or gentlemen on all kinds of men in early modern English literature Jennifer Vaught bases her analysis on the epic lyric and romance as well as on drama pastoral writings and biography by Shakespeare Spenser Sidney Marlowe Jonson and Garrick among other writers Offering new readings of these works she traces the gradual emergence of men of feeling during the sixteenth and seventeenth centuries to the blossoming of this literary version of manhood during the eighteenth century **The Lyric Voice in English Theology** Elizabeth S.

Dodd,2023-09-21 In this book Elizabeth S Dodd traces the contours of a lyric theology through the lens of English lyric tradition She addresses the dominance of narrative and drama in contemporary theological aesthetics by drawing on recent developments in lyric theory Informed by the work of critics such as Jonathan Culler Dodd explores the significance of lyric for theological discourse Lyric is presented here as a short musical expressive and personal form that is also fragmentary embodied socially located and performative The main chapters address key moments in English lyric tradition This selective approach aims to expand the theological gaze beyond the monochromatic features of the traditional canon It covers Anglo Saxon hymns medieval lullaby carols early modern sonnets and the prophetic poetry of Romanticism but also Grime and hip hop performance poetry social media poetry and Geoffrey Hill *The Lyric in Victorian Memory* Veronica Alfano,2017-11-11 This book is a study of nineteenth century poems that remember yearn for fixate on and forget the past Reflecting the current critical drive to reconcile formalist and historicist approaches to literature it uses close readings to trace the complex interactions between memory as a theme and the often memorable formal traits such as brevity stanzaic structure and sonic repetition that appear in the lyrics examined This book considers the interwoven nature of remembering and forgetting in the work of four Victorian poets It uses this theme to shed new light on the relationship between lyric and narrative on the connections between gender and genre and on the way in which Victorians represented and commemorated the past

Imagining the Soul in Premodern Literature Abe Davies,2021-06-28 This book is a study of ghostly matters of the soul in literature spanning the tenth century and the age of Shakespeare All people according to John Donne constantly beleieve that they have an immortal soul But he also reflects that in fact there is nothing so well established as constrains us to beleieve both that the soul is immortall and that every particular man hath such a soul In understanding the question of man s disembodied part as at once fundamental and fundamentally uncertain he was entirely of his time and Imagining the Soul in Premodern Literature considers this fraught shifting yet uniquely compelling entity in the context of the literary

forms and effects involved in its representation Gruesome medieval dialogues between damned souls and worm eaten bodies verse and prose works by Donne Ren Descartes Margaret Cavendish and Andrew Marvell a profusion of sonnet sequences sermons manuals of instruction and travelogues Hamlet and its natural philosophical thinking about the apparently disembodied soul haunting Elsinore these chapters range across all this and more offering a rigorous yet accessible account of an essential aspect of premodern literature that will be of interest to scholars students and the general reader alike

The Harley manuscript was produced upon England's Welsh March by a scribe whose generation died in the Black Death. It contains a diverse set of writings: love lyrics and devotional literature, political songs and fabliaux, saints' lives, courtesy texts, bible stories and travelogues. These works alternate between languages: Middle English, Anglo-Norman, and Latin, but operate in conversation with one another. The introduction explores how this fragmentary miscellany keeps being sutured into wholeness by commentary upon it. Individual chapters examine different genres and social groupings and demonstrate that there are many Harley landscapes still waiting to be discovered. It will be of great value to those studying literary history, medieval studies, cultural geography, gender studies, Jewish studies, and book history.

The Ethics of Mourning R. Clifton Spargo, 2004-11-18. Publisher Description

The Lyric Theory Reader Virginia Walker Jackson, Yopie Prins, 2014-02. Reading lyric poetry over the past century. The Lyric Theory Reader collects major essays on the modern idea of lyric, made available here for the first time in one place. Representing a wide range of perspectives in Anglo-American literary criticism from the twentieth and twenty-first centuries, the collection as a whole documents the diversity and energy of ongoing critical conversations about lyric poetry. Virginia Jackson and Yopie Prins frame these conversations with a general introduction, bibliographies for further reading, and introductions to each of the anthology's ten sections: genre theory, historical models of lyric, New Criticism, structuralist and post-structuralist reading, Frankfurt School approaches, phenomenologies of lyric reading, avant-garde, anti-lyricism, lyric and sexual difference, and comparative lyric. Designed for students, teachers, scholars, poets, and readers with a general interest in poetics, this book presents an intellectual history of the theory of lyric reading that has circulated both within and beyond the classroom, wherever poetry is taught, read, discussed, and debated today.

Cartesian Poetics Andrea Gadberry, 2020-11-10. What is thinking? What does it feel like? What is it good for? Andrea Gadberry looks for answers to these questions in the philosophy of René Descartes and finds them in the philosopher's implicit poetics. Gadberry argues that Descartes's thought was crucially enabled by poetry and shows how markers of poetic genres, from love lyric and elegy to the puzzling forms of the riddle and the anagram, betray an impassioned negotiation with the difficulties of thought and its limits. Where others have seen Cartesian philosophy as a triumph of reason, Gadberry reveals that the philosopher, accused of having slashed poetry's throat, instead enlisted poetic form to contain thought's frustrations. Gadberry's approach to seventeenth-century writings poses questions urgent for the twenty-first. Bringing literature and philosophy into rich dialogue, Gadberry centers close reading as a method uniquely equipped to manage skepticism, tolerate critical ambivalence, and detect feeling in philosophy. Helping us read classic moments of philosophical argumentation in a new light, this elegant study also expands outward to redefine thinking in light of its poetic formations.

The Challenges of Orpheus Heather Dubrow, 2011-06-15. This

critical exploration of how we define lyric poetry is thorough penetrating and on the cutting edge of contemporary scholarship Choice As a literary mode lyric is difficult to define The term is conventionally applied to brief songlike poems expressing the speaker's interior thoughts but many critics have questioned the underlying assumptions of this definition While many people associate lyric with the Romantic era Heather Dubrow turns instead to the poetry of early modern England The Challenges of Orpheus confronts widespread assumptions about lyric exploring such topics as its relationship to its audiences the impact of material conditions of production and other cultural pressures lyric's negotiations of gender and the interactions and tensions between lyric and narrative Dubrow offers fresh perspectives on major texts of the period from Sir Thomas Wyatt's *My lute awake* to John Milton's *Nativity Ode* as well as poems by lesser known figures She also extends her critical conclusions to poetry in other historical periods and to the relationship between creative writers and critics recommending new directions for the study of lyric and of genre A Choice Magazine Outstanding Academic Title

The Muse in the Machine T. R. Hummer, 2006 Music race politics and conscience In these eight essays written over the span of a decade and a half T R Hummer explains how for him such abiding concerns revolve around the practice of poetry and the evolution of a culturally responsible personal poetics Hummer writes about the suicide of poet Vachel Lindsay the culture wars at the National Endowment for the Arts the 1991 Persian Gulf War the divided soul of his native American South and the salving transcendent practice of musicianship Inevitably entwined with a personal or cultural component Hummer's criticism is thus grounded in experience that is always familiar and often straight to the heart in its rightness In one of those statements of poetic purpose that goes hand in hand with a residency guest editorship or lecture tour Hummer once wrote that poetry inhabits and enunciates an incommensurable zone between individual and collective between body and body politic an area very ill negotiated by most of us most of the time Our culture with its emphasis on the individual mind and body teaches us very little about how even to think about the nature of this problem *E pluribus unum* is a smokescreen what pluribus what unum And yet this phrase is an American mantra as if it explained something This is a quintessential Hummer moment a writer has just given himself a good reason to quit What Hummer knows must happen next is what *The Muse in the Machine* is all about

Tennyson's Name Anna Barton, 2016-12-05 Seeking to understand Tennyson's poetry as the

work of a man concerned with making and then living up to one of the most famous names in Victorian literature Anna Barton offers close readings of Tennyson's major works From his obscure beginning as A T one of two anonymous brothers to the height of his success when he held the impressive title Alfred Lord Tennyson DCL Poet Laureate the development of Tennyson's career took place in a period increasingly aware that a name could command considerable cultural capital In the marketplace goods were sold on the strength of their brand name in the press the battle for signed articles was fought and won and in Victorian drawing rooms young ladies collected the autographs of family and friends and pasted them into scrap books From his early lyrics to his Arthurian Idylls Barton argues the laureate's keen sense of professional identity forced him to grapple with modern concerns about the ethics of print in order to establish his own responsible poetic
