Radio Modernism Todd Avery, 2016-12-05 Radio Modernism marries the fields of radio studies and modernist cultural historiography to the recent ethical turn in literary and cultural studies to examine how representative British writers negotiated the moral imperative for public service broadcasting that was crafted embraced and implemented by the BBC's founders and early administrators Weaving together the institutional history of the BBC and developments in ethical philosophy as mediated and forged by writers such as T S Eliot H G Wells E M Forster and Virginia Woolf Todd Avery shows how these and other prominent authors' involvement with radio helped to shape the ethical contours of literary modernism In so doing Avery demonstrates the central role radio played in the early dissemination of modernist art and literature and also challenges the conventional assertion that modernists were generally elitist and anti democratic Intended for readers interested in the fields of media and cultural studies and modernist historiography this book is remarkable in recapturing for a twenty first century audience the interest fascination excitement and often consternation that British radio induced in its literary listeners following its inception in 1922 *In Collaboration with British Literary Biography* Jane McVeigh, 2017-10-13 This book is about one person's reading and what has been learnt about how the lives of other people particularly authors have been written in British literary biographies over the last fifty years It is less interested in what happened in the lives of the people described in these biographies and more concerned with how these stories have been told It aims to have a conversation with British biographers particularly Michael Holroyd Richard Holmes Hermione Lee and Claire Tomalin to make their voices heard to set them talking It understands biography as an ongoing collaboration not only between biographers and their subjects but between biographers and their readers This is also a study of haunting in which we haunt the lives of others to help us come to a better understanding of our own **Under Review** Anthony Powell, 1994-07 A splendid book I cannot think of one so calculated to delight intrigue beguile and inform To pick up and browse through it is like meeting some venerable old man of letters comfortably ensconced in his library only too ready to reveal some pear of humor or wisdom about each of the writers he has chosen to deal with Kate Wharton Evening Standard Powell is one of the great novelists of our time much more interested in other people than in his own views and ideas The result is that his extraordinary richness of act and detail also embodies a far more arresting and penetrating quantity of critical judgements on books authors fashions developments than are to be found in the theoretical pronouncement of modern academic criticism John Bayley The Sunday Times These delightful reviews could be said to amount to a latter day Brief Lives David Plante Times Literary Supplement *Catholic Sensationalism and Victorian Literature* Maureen Moran, 2007-01-01 Exotic corrupt and dangerous Roman Catholicism functioned in the popular Victorian imagination as a highly sensationalized and implacably anti English enemy Maureen Moran's lively study considers a wide range of key authors including Charlotte Brontë Robert Browning Wilkie Collins and George Eliot as well as a number of non canonical writers to give a detailed account of the cultural tensions between Catholics and Protestants Moran shows that rather than

representing a traditional religious schism the demonizing of Catholics resulted from secular fears over crime sex and violence
