**The Murder of Maxim Gorky** Arkadi Vaksberg, 2006-12-15 A fascinating view of the Soviet system at the beginning of the Stalin Terror among intellectuals     *Religion and Secular Modernity in Russian Christianity, Judaism, and Atheism* Ana Siljak, 2024-11-15 Religion and Secular Modernity in Russian Christianity Judaism and Atheism is a multifaceted account of the engagement between religion and the secular in Russia s Christian Jewish and atheist traditions Ana Siljak brings together an interdisciplinary group of leading scholars to present unique perspectives on the secularization dynamic in Russia and the Soviet Union telling stories about theologians sects churches poets and artists From the Jewish Christian priest Alexander Men to the cross dressing poet Zinaida Gippius to the Soviet promoter of Yiddish theater Solomon Mikhoeles Religion and Secular Modernity in Russian Christianity Judaism and Atheism gives a voice to a variety of actors who have grappled with the possibilities of faith and unbelief in an industrialized modern and seemingly secular world Now more than ever as one narrative of Russia s religious history dominates official Russian accounts alternative perspectives of the relationship between Russian religion and secularism should be highlighted and emphasized     **Showcasing the Great Experiment** Michael David-Fox, 2012-01-12 Showcasing the Great Experiment provides the most far reaching account of Soviet methods of cultural diplomacy innovated to influence Western intellectuals and foreign visitors Probing the declassified records of agencies charged with crafting the international image of communism it reinterprets one of the great cross cultural and trans ideological encounters of the twentieth century     **Modern Greek Studies Yearbook**, 2008

Gheith, 2002-07-11 A History of Women s Writing in Russia offers a comprehensive account of the lives and works of Russia s women writers Based on original and archival research this volume forces a re examination of many of the traditionally held assumptions about Russian literature and women s role in the tradition In setting about the process of reintegrating women writers into the history of Russian literature contributors have addressed the often surprising contexts within which women s writing has been produced Chapters reveal a flourishing literary tradition where

none was thought to exist They redraw the map defining Russia's literary periods they look at how Russia's women writers articulated their own experience and they reassess their relationship to the dominant male tradition The volume is supported by extensive reference features including a bibliography and guide to writers and their works *Yankees in Petrograd, Bolsheviks in New York* Milla Fedorova, 2013-03-15 *Yankees in Petrograd Bolsheviks in New York* examines the myth of America as the Other World at the moment of transition from the Russian to the Soviet version The material on which Milla Fedorova bases her study comprises a curious phenomenon of the waning nineteenth and early twentieth centuries pilgrimages to America by prominent Russian writers who then created travelogues The writers' missions usually consisted of two parts the physical journey which most of the writers considered as ideologically significant and the literary fruit of the pilgrimages Until now the American travelogue has not been recognized and studied as a particular kind of narration with its own canons Arguing that the primary cultural model for Russian writers' journey to America is Dante's descent into Hell Fedorova ultimately reveals how America is represented as the country of dead souls where objects and machines have exchanged places with people where relations between the living and the dead are inverted *Charlottengrad* Roman Utkin, 2023-08 *Charlottengrad* examines the Russian migr and exile community that found itself in Berlin during the first wave of emigration after the 1917 Revolution brought the tsarist government of Russia crashing down Roman Utkin shows that the idea of a community aligned with Imperial Russia and hostile to the new Soviet government is far too simplistic By closely studying the intellectual output of some of the hundreds of thousands of Russian migr's ensconced in Berlin's Charlottenburg neighborhood Utkin reveals a picture of some of the world's first stateless peoples struggling to understand their new identity as emigrants and exiles balancing their sense of Russianness with their position in a modern bustling Western city and navigating their political and personal positionality toward a homeland that was no longer home

*Russian Prose Writers Between the World Wars* Christine Rydel, 2003 In an era of political economic and social conflict the opposition between ideas and actions characterizes the literary atmosphere in Russia between the world wars Writers during this period were drawn to tradition or progress individual freedom or collective responsibility free imaginations or tendentious templates creativity or conformity energy or entropy Monthly Index of Russian Accessions Library of Congress.
