Steven Brown provides managers from new to experienced with essential leadership tools This is the book that ought to be in the top drawer of every manager's desk Are you guilty of Being a buddy not a boss Never admitting that you are accountable Managing different people in the same way Failing to set common business goals Trying to control your people instead of influencing their thinking with enthusiasm These are just a few of the 13 fatal errors managers make Errors that waste valuable time money and talent This book will show you how to recognize problems and avoid them before they happen Author Steven Brown a nationally recognized professional trainer and consultant provides the essential guide for effective managers and shows you how to get the best from your workers your company and yourself

**Don't Say That at Work!** Greg Marine, Michael D Callaghan, 2020-10-02 An eye opening guide to the communication mistakes we all make and what to say instead Have you ever been told that your communication style is too confrontational Do you have problems persuading your coworkers and managers without sounding arrogant or condescending Have you said something and immediately regretted it Have you ever said something you can't take back Have you ever wondered later what was I thinking We have all

been there We all make mistakes We all suffer from a lapse in good judgment from time to time Sometimes these mistakes are a one off but when made repeatedly can lead to a domino effect of problems When that happens it can be hard to recover The important thing as professionals is that we learn from our mistakes and hopefully do not make the same ones again thus stopping the dominoes before they all fall I've been making the mistakes contained in this book for almost three decades as a professional software developer I was fired from on my first jobs for being too arrogant and also asking too many questions I once nearly lost my job because I knew better than my leadership One mistake even nearly got me arrested All these stories and more are in this book Had I never learned from these mistakes they probably would have been the end of my career Fortunately we humans are good at learning from experience This book is your chance to learn from mine and hopefully have a good laugh at my expense from time to time In fact I hope you do laugh I often look back chuckle and wonder what had possessed me to say something

FAQ

Why did you write this book The idea of the book came about in response to a few tweets and a couple of blog posts about spelling grammar treating others with respect and what happens when you fail spectacularly Someone finally commented that I should consolidate all my stories and advice into one place

Don't Say That at Work was born

Are you concerned about retaliation for any of the stories First of all most of the stories are about things I did which were entirely my own fault That said I have taken care not to reveal the identities of any individuals I describe in the book It is possible that those who shared the experience with me could guess the people involved but I'm not worried about that They were there I have also tried to be careful when naming names of my employer when things happened In most cases I believe I have treated them fairly

**Breaking the Code of Silence** Mitchell Kusy, Louellen Essex, 2005-02-02 Kusy and Essex draw from interviews with leaders in both the private and public sectors as well as analyze high profile critical errors made by leaders reported in the press including those at Enron Arthur Anderson and the Catholic church They further provide leaders with a step by step game plan for recovery while also realistically recognizing that not all failure is recoverable

**Derailed** Tim Irwin, 2012-10 Written for leaders aspiring leaders and anyone who makes a difference in the lives of others Derailed by Tim Irwin PhD examines how failures of character common to even the most capable individuals including deficits in authenticity humility self management and courage repeatedly lead to downfall By profiling the collapse of CEOs Robert Nardelli Home Depot Carly Fiorina HP Durk Jager Proctor and Gamble Steven Heyer Starwood Hotels Frank Raines Fannie Mae and Dick Fuld Lehman Brothers the book shows readers how our failings become more dangerous as we take on greater leadership responsibilities and how they can cause us to ignore glaring warning signs that might otherwise

prevent catastrophe We re always astonished to hear when smart respected individuals with glittering resumes and histories of successful leadership drive their career train dramatically off course By asking what we can learn from those who have fallen and how we can avoid our own failure Derailed teaches us to stay on track Often derailment actually happens long before the crash Learn the character qualities that are essential for successful leadership and how to cultivate them so that you can avoid derailing your own life and career
