Sturman, 1989-09 **Psychology** Wayne Weiten, Weiten, 1998-07 No higher compliment need be paid than to say as one reviewer recently did that this is the text by which all others for the course are measured Since the first edition of this book appeared professors have praised Weiten s scholarship as exemplary and the accessibility of his prose as unparalleled This is the text that redefined the way Introductory Psychology is taught by using integrative themes to develop the connections among different areas of psychological research And now with this Fourth Edition Weiten again raises the bar a notch higher for competitors Not only has he continued to refine and improve his fine text but Weiten has developed an exciting multimedia CD ROM for the course giving instructors a new engaging way to teach and students an interactive way to learn Now Weiten not only explains the interdependent links between research and applications but he gives students a fascinating way to explore psychological concepts through experiments and activities included on the PsycTrek CD ROM Using integrative themes to emphasize connections among different areas of research in psychology Weiten challenges students to grapple with the big issues and tough questions while mastering the basic concepts of psychology Throughout the Fourth Edition Weiten emphasizes the unity in psychology s intellectual heritage the themes as well as psychology s immense diversity the variations Long after your students have completed their final examinations they will retain a genuine understanding of the basic ideas about psychology and behavior **Human Behavior in the Social Environment** José B. Ashford, Craig W.

LeCroy, Kathy L. Lortie, 2006 Ashford LeCroy and Lortie's ground breaking book offers students a balanced integrated introduction to human behavior in the social environment. Lively and comprehensive, this book succeeds by helping students connect foundation knowledge with practice concerns. Clarified through the introduction of study tables and concept maps at the end of each discussion, behavior in the development chapters, the authors look at biopsychosocial development across the life span using an integrative multidimensional approach, discussing integrative practice, theory, treatment, and services throughout. This multidimensional framework provides a concrete tool for the reader to assess human behavior from a perspective that truly reflects the values and knowledge base of the social work profession. Together, the book's solid coverage of foundation knowledge, integration of the biopsychosocial dimensions for assessing social functioning, its multidimensional framework, and its use of case studies to illuminate the applied aspects of HBSE content, along with the authors' consistent attention to diversity, successfully combine to give readers a meaningful, exciting experience.
