pithy and honest devotions draw from Carol's global experience and her textured life that speak forthrightly about challenging and difficult situations. Having lived on four continents, raised a family, helped lead organizations, and faced some very traumatic events, Carol has the credentials to address life issues with authenticity and raw honesty. Carol's writing is colorful and descriptive and draws the reader into the story in an engaging way. Biblical reflections provide great insights to the scriptural narrative. Not only will this devotional book inform, but it will inspire and it will confront the reader in order to make decisions that will enrich and transform their lives. Deliberately written in a forthright way, this book unapologetically calls its readers to courageous life choices through simple trust.

Investing In Your Health... You'll Love The Returns
 Will Shelton, 2018. This book examines current diets to help you make decisions about your eating style as well as taking a look at sleep patterns in association with our overall health. Health and physical education warrant a bigger role in our children's overall health and well-being. One of the chapters is entitled Games People Play, which focuses on games you played growing up. Will Shelton is deeply concerned that some neighborhoods, including parks, are too violent for youth to play in. He presents some innovative ideas that can help curtail violence in neighborhoods. We need to bring back pride as a core value in some neighborhoods so youth have a vested interest in their respective neighborhoods by creating jobs, safe parks, and recreational centers. Better teachers, principals, other school staff, school curriculum, mentorship programs, rites of passage programs, violence prevention programs, better training of police, and dramatically stop how guns, drugs, and other weapons enter neighborhoods. Will Shelton's book *Investing in Your Health: You'll Love the Return* is an insightful and innovative look at our personal health status and how we can improve it. It examines why we eat the foods we select. It answers the following questions and so much more: What can we specifically do to defeat the #1 Killer of Americans using empirical data? Is healthcare a right or privilege? What are the factors that are affecting our health? What cellular Master Switch can be turned on by eating the right kinds of foods to prevent diabetes, obesity, heart disease, and other diseases? How do you unlock the subconscious mind to health, wealth, and contentment? Why Financial Principles are a requirement for total health happiness? Why is generational health and wealth a vital legacy in terms of passing the Torch of Health and Wealth to this generation of youth? How does the Glycemic Index help lower sugar intake? How can Stress Busters techniques and activities help with stress? You are a cornucopia of endless treasure. Now is the time to claim your treasure by Investing In Your Health: You'll Love the Returns.
