Humble Leadership N. Graham Standish,2007-02-26 There comes a point at which leadership can break down precisely because of our success as leaders When confidence turns to pride and arrogance we lose sight of the people that we have been called to serve and become consumed with following our own vision Graham Standish offers a way forward that moves us through this paradox by seeking to humbly follow God s plans rather than our own Humble leadership grounded in the teachings of Jesus means

recognizing that what we have and who we are is a gift from God and our lives should reflect our gratitude for this gift It requires us to be radically and creatively open to God s guidance grace and presence in everything When we lead out of such openness God s power and grace flow through us The path Standish proposes is not easy Humble leadership can be personally dangerous exposing our weakness powerlessness fear and anxiety Our cultural need for strength infects Christian leaders with a pride that causes them to ignore biblical teachings on humility But a humble leader says to God I m yours no matter where you call me to go what you call me to do and how you call me to be I will seek your will and way as I lead others to do the same
