Male Bonding Volume Two:

Human Chemistry (Volume Two) Libb Thims, 2007-09-01 Volume two begins with Goethe's theories of affinities i.e. the chemical reaction view of human life in 1809. This is followed by the history of how the thermodynamic 1876 and quantum 1905 revolutions modernized chemistry such that affinity, the force of reaction, is now viewed as a function of thermodynamic free energy, reaction spontaneity and quantum valency bond stabilities. The composition, energetic state dynamics and evolution of the human chemical bond A-B is the centerpiece of this process. The human bond is what gives yields and takes, absorbs energy in life. The coupling of this bond energy driven by periodic inputs of solar photons thus triggering activation energies and entropies connected to the dynamical work of life is what quantifies the human reaction process. This is followed by topics including mental crystallization template theory, LGBT chemistry, chemical potential, Le Chatelier's principle, Muller dispersion forces and human thermodynamics.

Howard, 2003-06-02 This four volume Companion to Shakespeare's Works compiled as a single entity offers a uniquely comprehensive snapshot of current Shakespeare criticism. This companion to Shakespeare's histories contains original essays on every history play from Henry VI to Henry V as well as fourteen additional articles on such topics as censorship in Shakespeare's histories, the relation of Shakespeare's plays to other dramatic histories of the period, Shakespeare's histories on film, the homoerotics of Shakespeare's history plays and nation formation in Shakespeare's histories.

H. Lawrence: Triumph to Exile 1912-1922: Volume 2** Mark Kinkead-Weekes, 2011-11-24 This second volume of the acclaimed Cambridge Biography of D H Lawrence covers the years 1912-22 the period in which Lawrence forged his reputation as one of the greatest and most controversial writers of the twentieth century During this period Lawrence produced the trio of novels with which he was to revolutionise English fiction over the next decade It was a painful process Sons and Lovers was crudely cut by its publisher The Rainbow was destroyed by court order and Women in Love took almost three years to find a publisher This 1996 biography tells the writing life too tracing the illuminating relations between man and manuscript without confusing life and art Drawing on previously unseen information from the Cambridge Editions of the Letters and Works and original research fresh light is shed on questions of Lawrence's sexuality health quarrels and friendships which have been more often gossiped or theorised about than scrupulously examined **I Will Bear Witness, Volume 2** Victor Klemperer, 2016-02-17 Destined to take its place alongside The Diary of Anne Frank and Elie Wiesel's Night as one of the great classics of the Holocaust I Will Bear Witness is a timeless work of literature the most eloquent and acute testament to have emerged from Hitler's Germany Volume Two begins in 1942 the year the Final Solution was formally proposed and carries us through to the Allied bombing of Dresden and Germany's defeat **Henry James and the Suspense of Masculinity** Leland S. Person, 2013-06-15 Using insights from feminist studies men's studies and gay and queer studies Leland Person examines Henry James's subversion of male identity and the challenges he poses to conventional constructs of heterosexual masculinity Sexual and gender categories proliferated in the nineteenth and early twentieth centuries and Person argues that James exploited the taxonomic confusion of the times to experiment with alternative sexual and gender identities In contrast to scholars who have tried to give a single label to James's sexuality Person argues that establishing James's gender and sexual identity is less important than examining the novelist's shaping of male characters and his richly metaphorical language as an experiment in gender and sexual theorizing Just as an author's creations can be animated by his or her own sexuality Person contends James's sexuality may be most usefully understood as something primarily aesthetic

and textual As Person shows in chapters devoted to some of this author s best known novels Roderick Hudson The American The Portrait of a Lady The Bostonians The Ambassadors The Golden Bowl James conducts a series of experiments in gender sexual construction and deconstruction He delights in positioning his male characters so that their gender and sexual orientations are reversed ambiguous and even multiple Ultimately he keeps male identity in suspense by pluralizing male subjectivity
