Women and the Curse Rodney L. Thomas,2022-10-16 The book explores the matter of sexuality from the creation into the long history of Judaism and the church In this book I highlight how many of the preconceived notions of how God perceives women and roles that He has for them are not the way most people that attend our churches perceive them We have been dramatically effected by Greek thoughts regarding women and have also been dominated in our thinking by warfare mentality The value of a person has been weighted by their ability to wage war Even in this arena there are women who have proven their giftedness and their skill I believe that if you carefully examine the matters set out in this book you will come to understand that so much of the evidence for the role of women in the church is based upon flimsy and biased evidence If you open your heart and mind I believe this book can help you to see a new way forward in helping the church promote the spirit of unity and respect between human beings that God desires and has Himself
