Malgre Nous:

Perpetrators, Accomplices and Victims in Twentieth-Century Politics Anatoly M. Khazanov, Stanley Payne, 2013-09-13 These studies examine the ways in which succeeding democratic regimes have dealt with or have ignored and in several cases sugar coated an authoritarian or totalitarian past from 1943 to the present They treat the relationship with democratization and the different ways in which collective memory is formed and dealt with or ignored and suppressed Previous books have examined only restricted sets of countries such as western or eastern Europe or Latin America The present volume treats a broader range of cases than any preceding account and also a much broader time span investigating diverse historical and cultural contexts and the role of national identity and nationalism studying the aftermath of both fascist and communist regimes in both Europe and Asia in an interdisciplinary framework while the conclusion provides a more complete comparative perspective than will be found in any other work The book will be of interest to historians and political scientists and to those interested in fascism communism legacies of war democratization collective memory and transitional justice This book was previously published as a special issue of *Totalitarian Movements and Political Religions* **Malgré nous et autres oubliés** Joseph Burg, 1990-12-31T23:00:00+01:00 Cet ouvrage est une r dition num rique d un livre paru au XXe si cle d sormais indisponible dans son format d origine , Official Reports of the Debates of the House of Commons of the Dominion of Canada Canada.
