Indian English and the Fiction of National Literature Rosemary Marangoly George, 2013-11-21 During the twentieth century at the height of the independence movement and after Indian literary writing in English was entrusted with the task of consolidating the image of a unified seemingly caste free modernising India for consumption both at home and abroad This led to a critical insistence on the proximity of the national and the literary which in turn led to the canonisation of certain writers and themes and the dismissal of others Examining English anthologies of Indian literature as well as the establishment of the Sahitya Akademi the national academy of letters and the work of R K Narayan and Mulk Raj Anand among others Rosemary Marangoly George exposes the painstaking efforts that went into the elaboration of a national literature in English for independent India even while deliberating the fundamental limitations of using a nation centric critical framework for reading literary works

Exploring Caste and Sexuality in Indian English Writing Lucky Issar,2024-01-16 Exploring Caste and Sexuality in Indian English Writing Outcast Subcultures examines the ways in which caste intersects and shapes matters of desire gender religion and language It demonstrates how postcolonial upper caste theorists and fiction writers obscure caste and when they do discuss it they seem to reinforce it Dominant brahminic discourse discusses issues concerning women s rights equality justice and neocolonialism but ignores caste based discrimination and exclusion and the practice of untouchability which are everyday occurrences in Indian life To understand the brahminic obsession with caste and sexuality this book examines the works of Arundhati Roy V S Naipaul R K Narayan and M K Gandhi making a compelling argument that the freedom of choice in matters of sexuality was not unknown in medieval and ancient India If the urban elite pursues desire freely today so did the upper caste men and women of Vatsyana s time Unlike the upper caste elite caste regulated ordinary people or Dalits then just as it regulates them now which suggests how the brahminic elite in different epochs creates non normative spaces for itself without giving up caste order

Everyday Technology David Arnold, 2013-06-07 In 1909 Mohandas Karamchand Gandhi on his way back to South Africa from London wrote his now celebrated tract Hind Swaraj laying out his vision for the future of India and famously rejecting the technological innovations of Western civilization Despite his protestations Western technology endured and helped to

make India one of the leading economies in our globalized world Few would question the dominant role that technology plays in modern life but to fully understand how India first advanced into technological modernity argues David Arnold we must consider the technology of the everyday Everyday Technology is a pioneering account of how small machines and consumer goods that originated in Europe and North America became objects of everyday use in India in the late nineteenth and early twentieth centuries Rather than investigate big technologies such as railways and irrigation projects Arnold examines the assimilation and appropriation of bicycles rice mills sewing machines and typewriters in India and follows their impact on the ways in which people worked and traveled the clothes they wore and the kind of food they ate But the effects of these machines were not limited to the daily rituals of Indian society and Arnold demonstrates how such small scale technologies became integral to new ways of thinking about class race and gender as well as about the politics of colonial rule and Indian nationhood Arnold s fascinating book offers new perspectives on the globalization of modern technologies and shows us that to truly understand what modernity became we need to look at the everyday experiences of people in all walks of life taking stock of how they repurposed small technologies to reinvent their world and themselves **Indian Review of Books** ,2000
