*Malinithan J. C. Dutta, 1997*      **Northeast India** Samrat, Samrat Choudhury, 2023 A journalist's history of the short yet troubled life of this new region bordering China and Southeast Asia exploring its significance for the idea of India      *T.K. Tagin* T.K. Tagin, 2025-08-05 The Aching Mori massacre remains a grim testament to the suffering and resistance of the Tagin community against systemic oppression Rooted in forced donations and the exploitative Jorimona system during Kembang indigenous tribes endured harsh subjugation under colonial expeditions that masked exploitation as governance These operations employed violence cultural erasure and forced labor to dismantle tribal identity In response the Tagins resisted fiercely not merely to survive but to defend their dignity and heritage The massacre that followed was a brutal act of repression aimed at silencing defiance through terror Yet this tragedy became a symbol of unyielding resistance inspiring future movements and asserting the people's right to self-determination Though soaked in sorrow the Aching Mori massacre embodies the strength and resilience of a community that refused to be erased By remembering their struggle we honor their legacy and keep alive the spirit of justice resistance and hope for future generations      *Arunachal Pradesh District Gazetteers* S. *Studies in Iconography* Medieval Institute Publications,1994-11-01 **Studies in Iconography** Medieval Institute Publication Staff,1994-11 **Transfigurations** Anthony Cutler,1975 In this investigation of three well known motifs of Byzantine art the author establishes a relationship between changes of formal detail and varied contexts of meaning Although the motifs studied occur throughout the thousand years of Byzantine history they are seen not as static indicators of significance but as expressing changing aspects of meaning through modification of the details of form or composition these changes of form are shown to be previously unconsidered aspects of iconography Rather than investigating the classical or Early Christian origins of these motifs as is traditional in most scholarship Dr Cutler focuses on their adaptation to varying iconographical requirements and relates these changes to the shifting religious and political history of Byzantium In illustrating this thesis the author draws on a wide range of examples in mosaic wall painting manuscript illumination and coins and controls his analysis by reference to Byzantine historical and theological literature The result is a new understanding of major elements of Byzantine art and creativity and a method of approach widely applicable to other aspects of both Eastern and Western medieval iconography
