The Lady with the Borzoi Laura Claridge,2016-04-12 The untold story of Blanche Knopf the singular woman who helped define American literature Left off her company s fifth anniversary tribute but described by Thomas Mann as the soul of the firm Blanche Knopf began her career when she founded Alfred A Knopf with her husband in 1915 With her finger on the pulse of a rapidly changing culture Blanche quickly became a driving force behind the firm A conduit to the literature of Langston Hughes and the Harlem Renaissance Blanche also legitimized the hard boiled detective fiction of writers such as Dashiell Hammett James M Cain and Raymond Chandler signed and nurtured literary authors like Willa Cather Elizabeth

Bowen and Muriel Spark acquired momentous works of journalism by John Hersey and William Shirer and introduced American readers to Albert Camus Andr Gide and Simone de Beauvoir giving these French writers the benefit of her consummate editorial taste As Knopf celebrates its centennial Laura Claridge looks back at the firm s beginnings and the dynamic woman who helped to define American letters for the twentieth century Drawing on a vast cache of papers Claridge also captures Blanche s witty loyal and amusing personality and her charged yet oddly loving relationship with her husband An intimate and often surprising biography *The Lady with the Borzoi* is the story of an ambitious seductive and impossibly hardworking woman who was determined not to be overlooked or easily categorized **Middlebrow Queer** Jaime Harker,2013-02-01 How could one write about gay life for the mainstream public in Cold War America Many midcentury gay American writers hampered by external and internal censors never managed to do it But Christopher Isherwood did and what makes his accomplishment more remarkable is that while he was negotiating his identity as a gay writer he was reinventing himself as an American one Jaime Harker shows that Isherwood refashioned himself as an American writer following his emigration from England by immersing himself in the gay reading writing and publishing communities in Cold War America Drawing extensively on Isherwood s archives including manuscript drafts and unpublished correspondence with readers publishers and other writers *Middlebrow Queer* demonstrates how Isherwood mainstreamed gay content for heterosexual readers in his postwar novels while also covertly writing for gay audiences and encouraging a symbiotic relationship between writer and reader The result in such novels as *The World in the Evening* *Down There on a Visit* *A Single Man* and *A Meeting by the River* was a complex layered form of writing that Harker calls middlebrow camp a mode that extended the boundaries of both gay and middlebrow fiction Weaving together biography history and literary criticism *Middlebrow Queer* traces the continuous evolution of Isherwood s simultaneously queer and American postwar authorial identity In doing so the book illuminates many aspects of Cold War America s gay print cultures from gay protest novels to out pulp fiction *Hollywood's Melodramatic Imagination* Geoff Mayer,2021-12-23 Melodrama is the foundation of American cinema It is however a poorly understood term While it is a pervasive and persuasive dramatic mode it is not tied to any specific moral or ideological system It is not a singular genre rather it operates as a genre generating machine capable of determining the aesthetics and structure of the drama within many genres Melodrama centers the conflict around the clash between good and evil and provides a sense of poetic justice but the specific values embedded in notions of good and evil are determined by the culture and they shift from nation to nation region to region and period to period This book explores the populist westerns of the 1930s the propaganda films that followed the Japanese attack on Pearl Harbor and the popularity of Sax Rohmer s master villain Fu Manchu Melodramas of passion and film noir also offer a challenge to melodrama with its seemingly alienated protagonists and downbeat endings Yet with few exceptions Hollywood was able to assimilate these genres within its melodramatic imagination [The Cinema of Norman Mailer](#) Justin Bozung,2017-09-07 The

Cinema of Norman Mailer Film is Like Death not only examines the enfant terrible writer's thoughts on cinema but also features interviews with Norman Mailer himself The Cinema of Norman Mailer also explores Mailer's cinema through previously published and newly commissioned essays written by an array of film and literary scholars enthusiasts and those with a personal philosophical connection to Mailer This volume discusses the National Book Award and Pulitzer Prize winning author and filmmaker's six films created during the years of 1947 and 1987 and contends to show how Mailer's films can be best read as cinematic delineations that visually represent many of the writer's metaphysical and ontological concerns and ideas that appear in his texts from the 1950s until his passing in 2007 By re-examining Mailer's cinema through these new perspectives one may be awarded not just a deeper understanding of Mailer's desire to make films but also find a new alternative vision of Mailer himself Norman Mailer was not just a writer but more he was one of the most influential Postmodern artists of the twentieth century with deep roots in the cinema He allowed the cinema to not only influence his aesthetic approach but sanctioned it as his easiest crafted analogy for exploring sociological imagination in his writing Mailer once suggested Film is legitimately more interesting than books and with that in mind readers of Norman Mailer might begin to rethink his oeuvre through the viewfinder of the film medium as he was equally as passionate about working within cinema as he was about literature itself

Robert B. Ray, 2008-04-30 Speaking about the kind of filmmaking now known as Classic Hollywood the most popular and influential cinema ever invented Vincente Minnelli once gave away its secret I feel that a picture that stays with you is made up of a hundred or more hidden things They're things that the audience is not conscious of but that accumulate What are those hidden things Can we invent a method that will enable us to discover them Robert Ray attempts to answer those questions by looking closely at four movies from the 1930-1945 period when the American studio system reached the peak of its economic and cultural power Grand Hotel The Philadelphia Story The Maltese Falcon and Meet Me in St Louis To avoid the predictable generalizations that have plagued film studies Ray works with the movies details Grand Hotel's room assignments or Meet Me in St Louis's ketchup which are treated as mysterious but promising clues By producing at least one entry for every letter of the alphabet Ray demonstrates that a movie's details have much to tell us The ABCs of Classic Hollywood is a movie primer a deceptively simple book that spells out a fascinating account of the most powerful storytelling system ever designed
