Angel Can Fly Rita J. Maggart,2002 Lighthearted wisdom for when you need a comforting voice **The Nun and the Bum** Adele Azar-Rucquoi,2017-11-15 The Nun And The Bum portrays an unlikely love story of Aneesa Haddad and Andrew LeBouef She is born of Syrian parents spends sixteen happy years as a teaching nun falls in love with her pastor leaves convent leaves him embarks on a peace making journey of Arabs and Jews Alls well except for missing soul mate One day there he is disguised by his own strike out *Inventing Memory* Erica Jong,2007-08-02 First published in 1997 Inventing Memory is about four generations of remarkable women from a Jewish American family their triumphs tragedies scandals and love affairs as related by Sara Solomon the youngest of these women While trying to chronicle their history the story becomes essentially hers as she comes to understand the nature of memory the way all of us both invent and assimilate our ancestors In learning about the women in her family Sara discovers how to create her own future **Tender** Mark Childress,2014-03-03 Mark Childress's novel Tender is a little more than just a fine novel it is a big all American Technicolor dreamboat of a book as vital and as intense as anything I've read in the last ten years The legend is familiar to everyone who cares about pop music and rhythm and blues but Mark Childress has invested it with an eerie mystery train vitality that is only available to the talented novelist There's something else as well this is the first novel I've ever read in my life which is more inside rock and roll than about it through the eyes of Leroy Kirby Mark Childress has made the mad early days of rock and roll seem not just comprehensible but inevitable Beneath the cool prose line of this minimalist epic there is the same raw and feverish drive that propelled the early rockabilly stars as they created a new kind of music Childress's understanding and love of this new music lends Tender the sort of piney woods authenticity I associate with such American classics as Elmer Gantry and All The King's Men If you care about rock and roll Tender is going to knock your socks off This is a great novel and as Childress documents the meteoric rise of his talented child monster prodigy Leroy Kirby he never misses a beat
