thinking of bringing a new pet into your family If you have do you realize that it does not have to be something big like a dog You can also have the option of going with a smaller mammal A few examples would be a gerbil or a hamster or maybe even a rabbit or a rat One common reason people choose smaller mammals as a pet is if they are restricted with the amount of space they have for a pet A prime example would be something living in a small apartment in the inner city Chances are that there would not be enough room in the apartment for a dog to be comfortable and have room to play On top of that it can be a real hassle walking a dog up and down stairs to take them outside and some dogs will require training to be able to walk in the city without problems Training can be costly and the entire experience of having a dog in a small apartment can be full of hassles so in this situation it is probably better to go with a smaller pet If your children have been begging you for a pet you might want to start out with a smaller animal Fish can be boring and children can lose their interest and forget about them in no time At the same time a dog can be way too much responsibility for a child especially if they are young and it is there first pet The perfect option for a child as their first pet would be an animal such as a hamster or gerbil Chapter 1 Small Mammal Care Basics Chapter 2 Hamster Gerbil Care Chapter 3 Rat Care Chapter 4 Mouse Care Chapter 5 Rabbit Care Chapter 6 The Dangers of not caring for Your Small Mammal Correctly Lucid Dreaming (EasyRead Large Bold Edition) Stephen LaBerge,1986 Futurehype (EasyRead Super Large 18pt Edition) , *Cape Wind (EasyRead Large Bold Edition)* , **Fire Your Doctor!
