## **Mammoth Hunters:**

The Mammoth Hunters (with Bonus Content) Jean M. Auel, 2010-10-06 Set in the challenging terrain of Ice Age Europe that millions of Jean Auel's readers have come to treasure *The Mammoth Hunters* is an epic novel of love, knowledge, jealousy and hard choices a novel certain to garner Jean Auel even greater acclaim as a master storyteller of the dawn of humanity. Ayla, the independent heroine of *The Clan of the Cave Bear* and *The Valley of Horses*, sets out from the valley on Whinney, the horse she tamed. With her is Jondalar, the tall, handsome, yellow-haired man she nursed back to health and came to love. Together they meet the Mamutoi, the Mammoth Hunters, people like Ayla. But to Ayla, who was raised by the Clan of the Cave Bear, they are the Others. She approaches them with mixed feelings of fear and curiosity. Talut, a powerful bear of a man with bright red hair, a booming laugh and a gentle heart, and his tall, dark-haired sister Tulie are the leaders of the Lion Camp of the Mamutoi. It is here that Ayla finds her first women friends, but some among the Mamutoi dislike Ayla because she was raised by flatheads, their name for the people of the Clan. Ayla is haunted by her memories of the Clan because Rydag, a child of mixed parentage living with the Mamutoi, bears so strong a resemblance to her own son Durc. It is the Mamutoi master carver of ivory, dark-skinned Ranec, flirtatious, artistic, magnetic, who fascinates Ayla. She finds herself drawn to him because of her uncanny control over animals, her healing skills, and the magic firestone she discovered. Ayla is adopted into the Mammoth Hearth by Mamut, the ancient shaman of the Great Earth Mother. Ayla finds herself torn between her strong feelings for Ranec and her powerful love for the wildly jealous and unsure Jondalar. It is not until after the great mammoth hunt when Ayla's life is threatened that a fateful decision is made. This eBook includes the full text of the novel plus the following additional content: An Earth's Children series sampler including free chapters from the other books in Jean M. Auel's bestselling series; A Q & A with the author about the Earth's Children series. *The Mammoth Hunters* Jean M. Auel, 2002.  Reese, 2023-12-12 Discover a groundbreaking new way of thinking about life society and the future of our species that  
 bridges science and human history Could humans unknowingly be a part of a larger superorganism one with its own  
 motivations and goals one that is alive and conscious and has the power to shape the future of our species This is the  
 fascinating theory from author and futurist Byron Reese who calls this human superorganism Agora In We Are Agora Reese  
 starts by asking the question What is life and how did it form From there he looks at how multicellular life came about how  
 consciousness emerged and how other superorganisms in nature have formed Then he poses eight big questions based on  
 the Agora theory including If ants have colonies bees have hives and we have our bodies how does Agora manifest itself Does  
 it have a body Can Agora explain things that happen that are both under our control and near universally undesirable such as  
 war How can Agora theory explain long term progress we ve made in the world In this unique and ambitious work that spans  
 all of human history and looks boldly into its future Reese melds science and history to look at the human species from a  
 fresh new perspective Told with his characteristic wit and compulsive readability We Are Agora will give readers a better  
 understanding of where we ve been where we re going and how our fates are intertwined      Bookwise Sharon Parsons, 2001
