

THE MAMMOTH BOOK OF
War Diaries & Letters

LIFE ON THE BATTLEFIELD IN THE
WORDS OF THE ORDINARY SOLDIER

EDITED BY
JON E. LEWIS

Mammoth Of War Diaries And Letters

Matthew C. Price

Mammoth Of War Diaries And Letters:

The Mammoth Book of War Diaries and Letters Jon E. Lewis, 1998 Gathers accounts of America's Revolutionary and Civil wars the Napoleonic Wars the Boer War both World Wars and the Vietnam War **The Mammoth Book of War Diaries and Letters** Jon E. Lewis, 1999 A poignant collection of the private thoughts secret fears eyewitness accounts of soldiers under enemy fire Vivid moving truthful the letters diaries selected for this volume by this historian afford intimate glimpses into the souls of ordinary men in extraordinary circumstances Written from the battlefield often from the front lines the firsthand descriptions of military combat by common soldiers junior officers lend to these never before published accounts a rawness of emotion an immediacy that never make their way into history books In its uniquely personal perspectives on military engagements ranging in time from the American Revolution Napoleonic Wars through two world wars the Vietnam conflict this engrossing collection of testimony illuminates too the evolution of modern warfare Whether written by an infantryman in the trenches of World War I or in camp by a relative Rommel or Napoleon the personal eyewitness accounts in this remarkable book make poignantly intimate the military experience the hell that is war **The Mammoth Book of How it Happened: World War II** Jon E. Lewis, 2012-03-01 In his account of World War II historian Jon Lewis has selected 300 first hand accounts from Heinz Guderian rolling his panzer tank into Poland to VJ Day in London and New York More than a eyewitness chronicle this collection gives the reader an insight into how the repercussions from the war shaped our modern world and how nothing from geo politics to rock n roll can really be understood without considering it **Letters of Seamen in the Wars with France, 1793-1815** Helen Watt (Archivist), Anne Hawkins, 2016 Letters of seamen below the rank of commissioned officer which tell us a great deal about shipboard life and about seamen's attitudes **The War Diaries** Irene Taylor, Alan F. Taylor, 2006 From the creators of *The Assassin's Cloak* comes an anthology of powerful and sometimes surprising daily wartime diary entries from war fronts throughout history The War Diaries brings together in their own words the stories of men and women who have endured life at its most intense and dangerous By turns horrific and comic the entries retain the candid intimacy that is the particular preserve of those who keep diaries From Che Guevara Virginia Woolf and Davy Crockett to anonymous soldiers in the trenches these poignant and intense missives capture the immediacy horror and pathos of wars that span the centuries With a remarkable cross section of contributors Josef Goebbels Ana's Nin Florence Nightingale Samuel Pepys and Salam Pax to name just a few Irene and Alan Taylor bring unprecedented insight into what has been described as the most exciting and dramatic thing in life and the universal perversion war This book is a unique gift for history enthusiasts everywhere *Royal Marines in the First World War* Matthew Richardson, 2024-12-31 The Royal Marines had the distinction of serving in every major land campaign of the First World War as well as participating in most minor ones They also served afloat as an element of the Royal Navy For the greater part the morale and esprit de corps of the formation was second to none wherever its men found themselves and whatever challenges

they faced This new history examines the participation of the corps in actions such as the defense of Antwerp the Gallipoli landings the Battle of the Somme the Zeebrugge Raid and the Allied intervention in North Russia It covers the Marines in action aboard ship at the Dardanelles and Jutland and throws a spotlight on the little known Royal Marines presence in the West Indies Flying Marines operated with the Royal Naval Air Service and Royal Flying Corps often with noted bravery Wherever possible the words used are those of the men who were there and these eye witness accounts some never before published offer an immediacy and freshness to this story

How We Are Changed by War D.C. Gill, 2010-04-30 How We Are Changed by War examines the changes to Americans during wartime through the medium of their diaries and correspondence beginning with the colonial period of the early seventeenth century and ending with diaries and letters from Iraq War veterans The book clearly discusses and describes the universal themes of war such as reintegration to society and the horrors of war through private writings regardless of the narrator s historical era This allows the writers to speak to each other across time to reveal a profound commonality of cultural experience How We Are Changed by War is a fascinating look at the writings of individuals who served their military in different eras and a great example of how history is shaped by both memory and experience Jacket

The Complete Idiot's Guide to World War I Alan Axelrod, 2000 Provides coverage of the causes leading to war famous battles weapons and the influence on political and cultural development and includes biographical information on key figures

The Great War Dan Todman, 2014-03-04 The First World War with its mud and the slaughter of the trenches is often taken as the ultimate example of the futility of war Generals safe in their headquarters behind the lines sent millions of men to their deaths to gain a few hundred yards of ground Writers notably Siegfried Sassoon and Wilfred Owen provided unforgettable images of the idiocy and tragedy of the war Yet this vision of the war is at best a partial one the war only achieving its status as the worst of wars in the last thirty years At the time the war aroused emotions of pride and patriotism Not everyone involved remembered the war only for its miseries The generals were often highly professional and indeed won the war in 1918 In this original and challenging book Dan Todman shows views of the war have changed over the last ninety years and how a distorted image of it emerged and became dominant

[The Canadian Experience of the Great War](#) Brian Douglas Tennyson, 2013-05-01 Although the United States did not enter the First World War until April 1917 Canada enlisted the moment Great Britain engaged in the conflict in August 1914 The Canadian contribution was great as more than 600 000 men and women served in the war effort 400 000 of them overseas out of a population of 8 million More than 150 000 were wounded and nearly 67 000 gave their lives The war was a pivotal turning point in the history of the modern world and its mindless slaughter shattered a generation and destroyed seemingly secure values The literature that the First World War generated and continues to generate so many years later is enormous and addresses a multitude of cultural and social matters in the history of Canada and the war itself Although many scholars have brilliantly analyzed the literature of the war little has been done to catalog the writings of ordinary participants men and

women who served in the war and wrote about it but are not included among well known poets novelists and memoirists Indeed we don't even know how many titles these people published nor do we know how many more titles were added later by relatives who considered the recollections or collected letters worthy of publication Brian Douglas Tennyson's *The Canadian Experience of the Great War A Guide to Memoirs* is the first attempt to identify all of the published accounts of First World War experiences by Canadian veterans

The Greenwood Encyclopedia of Daily Life in America Randall M. Miller, 2008-12-30 The course of daily life in the United States has been a product of tradition environment and circumstance How did the Civil War alter the lives of women both white and black left alone on southern farms How did the Great Depression change the lives of working class families in eastern cities How did the discovery of gold in California transform the lives of native American Hispanic and white communities in western territories Organized by time period as spelled out in the National Standards for U S History these four volumes effectively analyze the diverse whole of American experience examining the domestic economic intellectual material political recreational and religious life of the American people between 1763 and 2005 Working under the editorial direction of general editor Randall M Miller professor of history at St Joseph's University a group of expert volume editors carefully integrate material drawn from volumes in Greenwood's highly successful *Daily Life Through History* series with new material researched and written by themselves and other scholars The four volumes cover the following periods The War of Independence and Antebellum Expansion and Reform 1763 1861 The Civil War Reconstruction and the Industrialization of America 1861 1900 The Emergence of Modern America World War I and the Great Depression 1900 1940 and Wartime Postwar and Contemporary America 1940 Present Each volume includes a selection of primary documents a timeline of important events during the period images illustrating the text and extensive bibliography of further information resources both print and electronic and a detailed subject index

The Devil's Rope Alan Krell, 2002 In this book Alan Krell investigates the place barbed wire holds in the social imagination

Lt. Spalding in Civil War Louisiana Michael D. Pierson, 2016-11-02 In July 1862 Union Lieutenant Stephen Spalding wrote a long letter from his post in Algiers Louisiana to his former college roommate Equally fascinating and unsettling for modern readers the comic cynicism of the young soldier's correspondence offers an unusually candid and intimate account of military life and social change on the southern front A captivating primary source Spalding's letter is reproduced here for the first time along with contextual analysis and biographical detail by Michael D Pierson Lt Spalding in Civil War Louisiana lifts the curtain on the twenty two year old's elitist social attitudes and his consuming ambition examining the mind of a man of privilege as he turns to humor to cope with unwelcome realities Spalding and his correspondent James Peck both graduates of the University of Vermont lived in a society dominated by elite young men with advantages granted by wealth gender race and birth Caught in the middle of the Civil War Spalding adopts a light hearted tone in his letter both to mask his most intimate thoughts and fears and distance himself from those he perceives as social inferiors His jokes show us an unpleasantly stratified America

with blacks women and the men in the ranks subjected to ridicule and even physical abuse by an officer with more assertiveness than experience His longest story a wild escapade in New Orleans that included abundant drinking and visits to two brothels gives us a glimpse of a world in which men bonded through excess and indulgence More poignantly tactless jests about death told as his unit suffers its first casualties reveal a man struggling to come to terms with mortality Evidence of Spalding s unfulfilled aspirations like his sometimes disturbing wit allows readers to see past his entitlement to his human weaknesses An engrossing picture of a charismatic but flawed young officer Lt Spalding in Civil War Louisiana offers new ways to look at the society that shaped him *The Wilsonian Persuasion in American Foreign Policy* Matthew C. Price,2007 In this remarkably well written book Dr Price examines the epochal transformation of the United States from a largely isolationist nation to one which has come to play a central role in world affairs using its vast political resources and in the final analysis its military capabilities to dramatically alter the world order in the twentieth century This shift required the active promotion of internationalism by key political leaders such as Woodrow Wilson himself Franklin Roosevelt and others often in response to the shifting facts of global power and working tirelessly to sway American public opinion toward greater involvement in the global arena When Woodrow Wilson proclaimed that the United States should make the world safe for democracy he was enunciating a vision of national duty already latent in Americans ideals which would frame U S foreign policy for generations The book provides a detailed account of one of the great turning points in American and world history the American embrace of globalism **Scars of Independence** Holger Hoock,2018-05-08 A NEW YORK TIMES BOOK REVIEW EDITORS CHOICE A magisterial new work that rewrites the story of America s founding The American Revolution is often portrayed as an orderly restrained rebellion with brave patriots defending their noble ideals against an oppressive empire It s a stirring narrative and one the founders did their best to encourage after the war But as historian Holger Hoock shows in this deeply researched and elegantly written account of America s founding the Revolution was not only a high minded battle over principles but also a profoundly violent civil war one that shaped the nation and the British Empire in ways we have only begun to understand In *Scars of Independence* Hoock writes the violence back into the story of the Revolution American Patriots persecuted and tortured Loyalists British troops massacred enemy soldiers and raped colonial women Prisoners were starved on disease ridden ships and in subterranean cells African Americans fighting for or against independence suffered disproportionately and Washington s army waged a genocidal campaign against the Iroquois In vivid authoritative prose Hoock s new reckoning also examines the moral dilemmas posed by this all pervasive violence as the British found themselves torn between unlimited war and restraint toward fellow subjects while the Patriots documented war crimes in an ingenious effort to unify the fledgling nation For two centuries we have whitewashed this history of the Revolution *Scars of Independence* forces a more honest appraisal revealing the inherent tensions between moral purpose and violent tendencies in America s past In so doing it offers a new origins story that is both relevant and necessary an important

reminder that forging a nation is rarely bloodless The Advancement of Liberty Matthew C. Price,2007-12-30 This book is a counterpoint to the prevailing view that the United States is an imperialist nation that has violently pursued power in the world to advance its own narrow interests The basic theme is that at the dawn of the 20th century there were six democracies in the world but by century s end democracy was ascendant This epic historical transformation has been thanks in great measure to the vision and sacrifices made by Americans Matthew C Price examines the great conflicts of the 20th century showing how American democratic principles have utterly reshaped global values and politics The defeat of fascism and imperialism in World War II led to the Marshall Plan the single most influential rebuilding program in human history The fostering of democracy in Japan the establishment of the UN and the fall of the Soviet Union reshaped the world in unforeseen ways America has dedicated itself to democracy in the Middle East to democratization in China and to the larger quest for the spread of liberal democratic principles worldwide even when the struggle is difficult dangerous and ongoing Early in the century Woodrow Wilson said that America should make the world safe for democracy In taking up that challenge the United States changed human history Civil War Diaries & Letters of Bliss Morse Bliss Morse,1985

Abner Doubleday JoAnn Smith Bartlett,2009-05 Abner Doubleday His Life and Times is a full length biography of a man who lingered on the fringes of history for nearly 150 years His story is one of a man who was remembered for a myth not his actual deeds This story sheds light on the man who was as complex as any modern person a man who was far ahead of his time When General John F Reynolds fell at the beginning of the Battle of Gettysburg it was Doubleday who took on the command of the troops during the first day As the Union retreated at the end of the day and the two armies flowed through the streets Abner was seen in the midst of the wounded and stragglers as he tried to learn more details of the action He rode rapidly back to the front His horse was covered with foam and the flushed face of the General bespoke the tremendous strain under which he was laboring A subordinate officer described Abner He handles his troops under fire with the same composure he would exhibit at a review or parade He is a man of unquestioned bravery cool and clear sighted on the battlefield *The Greek Civil War* Thanasis D. Sfikas,2017-07-05 Half a century after the civil war which tore apart Greek

society in the 1940s the essays in this volume look back to examine the crisis They bring a new comparative approach to the study of the Greek Civil War and establish the sometimes obscure links between Greek and European historical developments in the 1940s They also highlight the complexity and interconnections of the social economic and political cleavages that split Greek society and provide a comprehensive and subtle understanding of the origins course and impact of the Greek Civil War in a variety of contexts and levels Combining the approaches of political and international history with the latest research into the social economic religious cultural ideological and literary aspects of the struggle and underpinned by the use of a wide range of hitherto neglected sources The Greek Civil War broadens the scope of the enquiry and offers fresh analysis

The Mammoth Book of How it Happened: World War I Jon E. Lewis,2012-03-01 The spectre of the Great War still

haunts us No other conflict so dramatically illustrates the waste of life and the slaughter of innocents as that of 1914 18 And none has so dramatically shaped the modern world the Russian Revolution the rise of Hitler the break up of Empire the supremacy of America and World War II all stem from the four years of the war to end all wars Here is the eye witness chronicle of that war from the trenches of Flanders to the staff rooms of the Imperial Germany Army from T E Lawrence in the desert to the Red Baron in the air from Land Girls in England to German U boat crews in the Atlantic it leaves nothing out And if all the horror of the war fought by the Tommies in the trenches is captured so too are the machinations of the top brass and politicians

Yeah, reviewing a book **Mammoth Of War Diaries And Letters** could build up your close associates listings. This is just one of the solutions for you to be successful. As understood, ability does not suggest that you have extraordinary points.

Comprehending as without difficulty as bargain even more than additional will offer each success. next-door to, the revelation as well as keenness of this Mammoth Of War Diaries And Letters can be taken as well as picked to act.
