Huey,2002 Scholars have often taken Shinkokinshu 1205 to represent a nostalgia for greatness presumed to have been lost in the wars of the late 1100s The author argues that the compilers of this anthology of waka poetry instead saw their collection as a new beginning a revitalization and affirmation of courtly traditions and not a reaction to loss      *Catalogue of the War Poetry Collection* Birmingham Public Libraries,1921

Hitomaro: Poet as God Anne Commons,2009-05-31 Kakinomoto no Hitomaro fl ca 690 is generally regarded as one of the pre eminent poets of premodern Japan While most existing scholarship on Hitomaro is concerned with his poetry this study foregrounds the process of his reception and canonization as a deity of Japanese poetry Building on new interest in issues of canon formation in premodern Japanese literature this book traces the reception history of Hitomaro from its earliest beginnings to the early modern period documenting and analysing the phases of the process through which Hitomaro was transformed from an admired poet to a poetic deity The result is a new perspective on a familiar literary figure through his placement within the broader context of Japanese poetic culture      *Hand Book of the Young Men's and Young Ladies' Mutual Improvement Associations* Church of Jesus Christ of Latter-Day Saints. Young Men's Mutual Improvement Association,1928      *Men of Our Time* Fred Moramarco,Al Zolynas,1992-10-01 In this groundbreaking volume Fred Moramarco and Al Zolynas bring together a comprehensive and widely representative selection of poetry reflecting both the diversity and commodity of male experience in the United States today Since the beginning of the contemporary phase of the women s movement in the 1960s various anthologies devoted to the poetry of women have articulated and defined a distinctive sensibility attuned to the particularities of a woman s life in our time Although much has been written recently about the male role in our society as well the discussion generally has assumed a sociopsychological or mythic perspective Poetry Moramarco and Zolynas believe can reveal most about the nature of male life today especially the enormous changes

men have experienced in recent years As the editors state in their introduction A quiet revolution has been taking place in men s poetry over the past few decades as men have been chronicling the history of their hearts and have been examining those relationships central to their being in the world their connections to their fathers and mothers their own sense of fatherhood and of being sons and brothers their marriages divorces and other aspects of their love lives as well as the ways they conceive of maleness and femaleness The poems collected in *Men of Our Time* 257 from more than 170 poets include a wide mix of ethnic and racial perspectives that reflect the multicultural tenor of American life They reveal men s most intimate feelings about the loss of childhood sexual anxieties and fantasies aging self sufficiency and dependency and the perennial quest for a masculine identity Above all the poems are unapologetically grounded in a distinctly male experience or imagination *Men of Our Time* reclaims a poetry that is connected to and expressive of men s lives in the closing decade of the twentieth century
