Man And His Mind:

Stream System Gerald Murnane, 2018-04-03 Stories from a mind bending Australian master a genius on the level of Beckett Teju Cole Never before available to readers in this hemisphere these stories originally published from 1985 to 2012 offer an irresistible compendium of the work of one of contemporary fiction s greatest magicians While the Australian master Gerald Murnane s reputation rests largely on his longer works of fiction his short stories stand among the most brilliant and idiosyncratic uses of the form since Borges Beckett and Nabokov Brutal comic obscene and crystalline Stream System runs from the haunting Land Deal which imagines the colonization of Australia and the ultimate vengeance of its indigenous people as a series of nested dreams to Finger Web which tells a quietly terrifying fractal tale of the scars of war and the roots of misogyny to The Interior of Gaaldine which finds its anxious protagonist stranded beyond the limits of fiction itself No one else writes like Murnane and there are few other authors alive still capable of changing how and why we read *ON THE*
