*The Song-Yuan-Ming Transition in Chinese History* Paul Jakov Smith,Richard von Glahn,2020-03-23 This volume seeks to study the connections between two well studied epochs in Chinese history the mid imperial era of the Tang and Song ca 800 1270 and the late imperial era of the late Ming and Qing 1550 1900 Both eras are seen as periods of explosive change particularly in economic activity characterized by the emergence of new forms of social organization and a dramatic expansion in knowledge and culture The task of establishing links between these two periods has been impeded by a lack of knowledge of the intervening Mongol Yuan dynasty 1271 1368 This historiographical black hole has artificially interrupted the narrative of Chinese history and bifurcated it into two distinct epochs This book aims to restore continuity to that historical narrative by filling the gap between mid imperial and late imperial China The contributors argue that the Song Yuan Ming transition early twelfth through the late fifteenth century constitutes a distinct historical period of transition and not one of interruption and devolution They trace this transition by investigating such subjects as contemporary impressions of the period the role of the Mongols in intellectual life the economy of Jiangnan urban growth neo Confucianism and local society commercial publishing comic drama and medical learning

Agricultural Transition in China Jun Du,2018-05-07

This book extends current research on the political economy of modern China with particular regard to agricultural development and its role in economic transition It uses Neoclassical principles to re interpret agricultural growth and technological change under complex market institutions with empirical studies on China and selected East Asian economies The text also questions how technological advances in China contribute to the Great Divergence debate Through a comparative analysis of agricultural technical changes in the planting of rice paddies in Japan Taiwan and China Du finds that different market institutions and structures have given rise to considerable diversity of agricultural change between different economies in terms of the nature timing and duration of technological transition Such diversification has in turn affected the trajectories of agricultural and wider economic growth Here Du reflects on the nature of contemporary Chinese economic development and extends observations on agricultural transition to the entirety of Asia finding that the nature timing and time span of agriculture technology transitions have varied considerably across different economies

*Developmental Dilemmas* Peter Ho,2005-05-24 *Developmental Dilemmas* singles out land as an object of study and places it in the context of one of the world s largest and most populous countries undergoing institutional reform the People s Republic of China The book demonstrates that private property protected by law the principle of getting the prices right and the emergence of effectively functioning markets are the outcome of a given society s historical development and institutional fabric Peter Ho argues that the successful creation of new institutions hinges in part on choice and timing in relation to the particular constellation of societal economic political and cultural parameters Disregarding these could result

in rising inequality bad land stewardship and the eruption of land related grievances

**Feminism and the Body** Londa L. Schiebinger, 2000 This collection of classic essays in feminist body studies investigates the history of the image of the female body from the medical discovery of the clitoris to the body politic of Queen Elizabeth I to women deprecated as Hottentot Venuses in the nineteenth century The text look at the way in which coverings bear cultural meaning clothing reform during the French Revolution Islamic veiling and the invention of the top hat as well as the embodiment of cherished cultural values in social icons such as the Statue of Liberty or the Barbie doll By considering culture as it defines not only women but also men this volume offers both the student and the general reader an insight into the interdisciplinary and cross cultural study involved in feminist body studies

Merritt, 2017-08-01 Christopher W Merritt combines and highlights the historical and archaeological records of the Overseas Chinese experience in Montana beginning with the arrival of Chinese immigrants in 1862 to the repeal of the Chinese Exclusion Act in 1943 Provided by publisher

**Lineage Society on the Southeastern Coast of China** , Mapping China's Growth And Development In The Long Run, 221 Bc To 2020 Kent Deng, 2015-08-28 The narrative of China s history in this book is theme led rather than conventionally chronicle based It covers China s resource endowments historical contingencies such as civil wars invasions and climate changes and ideologies including Legalism Confucianism Social Darwinism nationalism and Marx Stalinism that shaped the particular path of growth and development in China over two millennia This book aims to take the reader through China s remarkably long and colourful saga of growth and development full of ups downs twists and turns It shows that China s experience has neither been linear nor trouble free China s long term experience showcases the two fundamentals in growth and development efficiency and equality The lesson that one can learn from China s long history is that distributing incomes equality is as important as producing them efficiency By the same token to secure growth and development the political economy of government and governance is as critical in determining growth and development as resource endowments technology and market exchanges This applied to China s past and will inevitably apply to China s future

**Legal Orientalism** Teemu Ruskola, 2013-06-01 After the Cold War how did China become a global symbol of disregard for human rights while the U S positioned itself as the chief exporter of the rule of law Teemu Ruskola investigates globally circulating

narratives about what law is and who has it and shows how legal Orientalism developed into a distinctly American ideology of empire

*Fruitful Sites* Craig Clunas, 2013-06-01 Gardens are sites that can be at one and the same time admired works of art and valuable pieces of real estate As the first account in English to be wholly based on contemporary Chinese sources this beautifully illustrated book grounds the practices of garden making in Ming Dynasty China 1369 1644 firmly in the social and cultural history of the day Who owned gardens Who visited them How were they represented in words in paintings and in visual culture generally and what meanings did these representations hold at different levels of Chinese society Drawing on a wide range of recent work in cultural theory Craig Clunas provides for the first time a historical and materialist account of Chinese garden culture and replaces broad generalizations and orientalist fantasy with a convincing picture of the garden's role in social life

*Footbinding and Women's Labor in Sichuan* Hill Gates, 2014-12-05 When Chinese women bound their daughters' feet many consequences ensued some beyond the imagination of the binders and the bound The most obvious of these consequences was to impress upon a small child's body and mind that girls differed from boys thus reproducing gender hierarchy What is not obvious is why Chinese society should have evolved such a radical method of gender marking Gendering is not simply preparation for reproduction rather its primary significance lies in preparing children for their places in the division of labor of a particular political economy Drawing on extensive fieldwork and interviews with almost 5 000 women this book examines footbinding as Sichuan women remember it from the final years of the empire and the troubled times before the 1949 revolution It focuses on two key questions what motivated parents to maintain this custom and how significant was girls' work in China's final pre industrial century In answering these questions Hill Gates shows how footbinding was a form of labor discipline in the first half of the twentieth century in China when it was a key institution in a now much altered political economy Countering the widely held views surrounding the sexual attractiveness of bound feet to Chinese men footbinding as an ethnic boundary marker its role in female hypergamy and its connection to state imperatives this book instead presents a compelling argument that footbinding was in fact a crucial means of disciplining of little girls to lives of early and unremitting labor This vivid and fascinating study will be of huge interest to students and scholars working across a wide range of fields including Chinese history oral history anthropology and gender studies

**Tigers, Rice, Silk, and Silt** Robert Marks, 1998-02-28 Challenging the conventional wisdom conveyed by Western environmental historians about China this book examines the correlations between economic and environmental changes in the southern Chinese provinces of Guangdong and Guangxi from 1400 to 1850 but also provides substantial background from 2CE on Robert Marks discusses the impact of population growth on land use patterns the agro ecology of the region and deforestation the commercialization of agriculture and its implications for ecological change the impact of climatic change on agriculture and the ways in which the human population responded to environmental challenges This book is a significant contribution to both Chinese and environmental history It is groundbreaking in its methods and in its findings

*Nature and Human*

*Communities* T. Sasaki, 2011-06-28 This book discusses Nature and Human Communities in the historical and social background of Asia Part 1 deals with the problems of coexistence among human beings Part 2 explores coexistence between human beings and nature The text focuses on local regional commitments to solve problems and integrate specialized knowledge It considers the kinds of relationship between human communities and nature that may lead to a more balanced sustainable future for both Avian Influenza poses a looming threat for human and animal health The old paradigm was that the disease in waterfowl poultry pigs and man was caused by separate viruses that stayed within their own niche Deadly outbreaks have shattered this view This timely reference examines such sensitive issues as regulation of low pathogenic and high pathogenic AI surveillance of waterfowl live bird markets and outbreak control in densely populated areas *A Great Undertaking* Jeff Hornibrook, 2015-04-27 Jeff Hornibrook provides a unique microcosmic look at the process of industrialization in one Chinese community at the turn of the twentieth century Industrialization came late to China but was ultimately embraced and hastened to aid the state's strategic and military interests In Pingxiang County in the highlands of Jiangxi Province coalmining was seasonal work peasants rented mines from lineage leaders to work after the harvest These traditions changed in 1896 when the court decided that the county's mines were essential for industrialization Foreign engineers and Chinese officials arrived to establish the new social and economic order required for mechanized mining one that would change things for people from all levels of society The outsiders constructed a Westernized factory town that sat uneasily within the existing community Mistreatment of the local population including the forced purchase of gentry held properties and the integration of peasants into factory style labor schemes sparked a series of rebellions that wounded the empire and tore at the fabric of the community Using stories found in memoirs of elite Chinese and foreign engineers correspondence between gentry and powerful officials travelogues of American missionaries and engineers as well as other sources Hornibrook offers a fascinating history of the social and political effects of industrialization in Pingxiang County

**The Profits of Nature** Peter B. Lavelle, 2020-03-03 In the nineteenth century the Qing empire experienced a period of profound turmoil caused by an unprecedented conjunction of natural disasters domestic rebellions and foreign incursions The imperial government responded to these calamities by introducing an array of new policies and institutions to bolster its power across its massive territories In the process Qing officials launched campaigns for natural resource development seeking to take advantage of the unexploited lands waters and minerals of the empire's vast hinterlands and borderlands In this book Peter B Lavelle uses the life and career of Chinese statesman Zuo Zongtang 1812-1885 as a lens to explore the environmental history of this era Although known for his pacification campaigns against rebel movements Zuo was at the forefront of the nineteenth century quest for natural resources Influenced by his knowledge of nature geography and technology he created government bureaus and oversaw state funded projects to improve agriculture sericulture and other industries in territories across the empire His work forged new patterns of colonial development in the Qing empire's

northwest borderlands including Xinjiang at a time when other empires were scrambling to secure access to resources around the globe Weaving a narrative across the span of Zuo s lifetime *The Profits of Nature* offers a unique approach to understanding the dynamic relationship among social crises colonialism and the natural world during a critical juncture in Chinese history between the high tide of imperial power in the eighteenth century and the challenges of modern state building in the twentieth century

**The Sichuan Frontier and Tibet** Yingcong Dai, 2011-07-01 During China s last dynasty the Qing 1644 1911 the empire s remote bleak and politically insignificant Southwest rose to become a strategically vital area This study of the imperial government s handling of the southwestern frontier illuminates issues of considerable importance in Chinese history and foreign relations Sichuan s rise as a key strategic area in relation to the complicated struggle between the Zunghar Mongols and China over Tibet Sichuan s neighbor to the west and consequent developments in governance and taxation of the area Through analysis of government documents gazetteers and private accounts Yingcong Dai explores the intersections of political and social history arguing that imperial strategy toward the southwestern frontier was pivotal in changing Sichuan s socioeconomic landscape Government policies resulted in light taxation immigration into Sichuan and a military market for local products thus altering Sichuan but ironically contributing toward the eventual demise of the Qing Dai s detailed objective analysis of China s historical relationship with Tibet will be useful for readers seeking to understand debates concerning Tibet s sovereignty Tibetan theocratic government and the political dimension of the system of incarnate Tibetan lamas of which the Dalai Lama is one

*A Native Chieftaincy in Southwest China* Jennifer Took, 2005 This book explores a Zhuang native chieftaincy enfranchised under the Chinese tusi system and its relationship with the Chinese imperial state It sheds critical light on the social and political organization of the strategic Chinese Vietnamese border area over 600 years
