Series Authors and Titles      *Monographic Series* Library of Congress,      *Great Insights on Human Creativity* Efiang  
Etuk,2002 We all agree that it is beautiful world and the most brilliant civilization in human history the highest standards of  
living the world has ever known healthier life and longer life span instantaneous communication around the globe endless  
variety of consumer products But with so many blessings why is there so much dissatisfaction with life Why are there so  
many cases of emotionally disturbed children troubled youth turned off students busy yet bored employees outwardl  
successful and yet emotionally troubled executives inner emptiness insecurity frustration alienation drug dependency and  
alternative life styles In *Great Insights on Human Creativity* the worlds greatest thinkers remind us that these are not  
separate problems but symptoms of a single fundamental problem undiscovered and underutilized human potential and as a  
result a deeper lack of fulfillment in peoples lives Further they tell us that if we truly want to deal with increasingly complex  
global problems and to build a more durable human civilization what is needed is a system that allows people to experience  
themselves as important and creative and that also enables them to engage their talents in socially and environmentally  
beneficial ways and thus to find meaning in their lives This rare collection of insights we can all relate to from the voices we  
have trusted provides us with the tools we need to raise creative self confident children make learning exciting and  
personally rewarding imbue work with meaning and enhance workers productivity commitment and self esteem transform  
our organizations into collaborative communities of mutually supporting individuals energize our constituents to excel in  
areas of their maximum potential and assist our clients and other vulnerable members of society to recognize and more

documentary record of the reception of German literature in England is a valuable scholarly resource One of the most  
important features of British literary and intellectual history over the past 250 years is the influence of German literature  
From the second half of the 18th Century through the first decades of the 19th German books and ideas attracted then  
gained the attention of a nation Despite the acknowledged importance of the influence on writers such as Coleridge and

Carlyle the subject though often alluded to was rarely studied This collection provides a guidebook through the masses of periodical and allows the English side of the Anglo German literary relationship to be explored in detail In order to make the collection useful to scholars with a wide range of interest it has been divided into three parts Part 1 is a chronological presentation of commentary on German literature in general It also contains collective reviews of multiple German authors notices of important anthologies and reactions to influential works about Germany and its culture Part 2 collects reviews of 18th Century individual German authors and Part 3 is devoted to the English reception of Goethe and Schiller Parts 2 3 contain cross references to the collective reviews of Part 1 Containing over 200 British serials and articles and reviews from all the major English literary periodicals the collection also includes a broad sampling of opinion from the more general magazines including some popular religious publications
