BOY

BY

JAMES HANLEY

“BOY IS VERY REMARKABLE . . .

Your writing is just a transparent medium, through which what you want to say slips invisibly and silently into my mind. I like that: it seems to me the essence of style. Parts of BOY are very painful: yet I think that your sanity and general wholesomeness stick up out of your books a mile high. . . .”

mechanics of early modern censorship and the poetics that the licensing system produced the forms and pressures of self censorship Among the issues that Robertson addresses in this book are the workings of the licensing machinery the designs of art and obliquity under a regime of censorship and the involutions of authorship attendant on anonymity **The Parliamentary Debates (Hansard)**.
