Man In The Monkey Suit:

The Man in the Monkey Suit Oswaldo Franca, Jr., Oswaldo França Júnior, 1989 The Rooster's Wife Russell Edson, 2005-04-01 For the past 40 years Russell Edson has been producing a body of work unique in its perspective and singular in its approach He is arguably America's most distinguished writer of prose poems Here are contorted Darwinian narratives of apes and monkeys exhibiting absurdly human behavior along with his usual menagerie of elephants horses chickens roosters dogs mermaids and mice Along with his trademark humor *The Rooster's Wife* finds Edson contemplating age mortality and immortality as well *Of Memory and Distance* It's a scientific fact that anyone entering the distance will grow smaller as he proceeds Eventually becoming so small he might only be found with a microscope if indeed he is found at all But there is a vanishing point where anyone having entered the distance must disappear entirely without hope of his ever returning leaving only the memory of his ever having been But then there is fiction so that one can never really be sure if one is remembering someone who vanished into the distance or simply who had been made of paper and ink Russell Edson has been called a surrealist comic genius a magician of metaphor and imagination He is all of these and a philosophical poet whose zany expeditions into the twisted labyrinths of logic resemble Lewis Carroll's adventures through the wonderlands of paradox and illusion Perhaps that is why even people who do not read significant amounts of contemporary poetry can immediately appreciate the playful accessibility of Russell Edson's writing What he pulls out of the hat of the subconscious is always unpredictable immediate and surprising Russell Edson's books include *The Very Thing That Happens* 1964 *The Childhood of an Equestrian* 1973 *The Tunnel* Selected Poems 1994 and *The House of Sara Loo Rain Taxi Chapbook Series* 2002 He lives in Darien Connecticut *The Great Unknown* Marcus du Sautoy, 2018-04-10 An engaging voyage into some of the great mysteries and wonders of our world Alan Lightman author of *Einstein's Dream* and *The Accidental Universe* No one is better at making the recondite accessible and exciting Bill Bryson *Brain Pickings* and Kirkus Best Science Book of the Year Every week seems to throw up a new discovery shaking the foundations of what we know But are there questions we will never be able to answer mysteries that lie beyond the predictive powers of science In this captivating exploration of our most tantalizing unknowns Marcus du Sautoy invites us to consider the problems in cosmology quantum physics mathematics and neuroscience that continue to bedevil scientists and creative thinkers who are at the forefront of their fields At once exhilarating mind bending and compulsively readable *The Great Unknown* challenges us to consider big questions about the nature of consciousness what came before the big bang and what lies beyond our horizons while taking us on a virtuoso tour of the great breakthroughs of the past and celebrating the men and women who dared to tackle the seemingly impossible and had the imagination to come up with new ways of seeing the world *The Victim* W.E.B. HONOR takes you behind the scenes of today's urban police force. A brutal Mafia slaying rocks the city of Philadelphia when the only living witness is revealed: a wealthy debutante involved with the targeted mobster. One of the suspects is a cop, Matt Payne, who unwittingly takes on the ultimate battle between organized crime, upper class power, and his own police force.

The Apes of Wrath Richard Klaw, 2013-01-08 In the Rue Morgue, the jungles of Tarzan, the fables of Aesop, and outer space, the apes in these seventeen fantastic tales boldly go where humans dare not. Including a foreword from Rupert Wyatt, the director of *Rise of the Planet of the Apes*, this provocative anthology delves into our fascination with and fear of our simian cousins. Evil Robot Monkey introduces a disgruntled chimp implanted with a chip that makes him cleverer than both his cohort and humans alike. In *Murders in the Rue Morgue*, a murder mystery unravels with the discovery of a hair that does not appear quite human. Merging steampunk with slapstick, *The Ape Box Affair* has a not so ordinary orangutan landing on Earth in a spherical flying ship where he is promptly mistaken for an alien. King Kong sets a terrible example with booze and Barbie dolls in *Godzilla's 12 Step Program*. If you've ever wondered what makes humans different from apes, soon you'll be asking yourself, is it even less than we think?

Jake Thomas and the Book of Destiny Ninth Eyed, 2014-06-25 Jake Edward Thomas is born in the New Order, a world without war. He is different from other children in school; he likes to ask why, while other children are content believing what their teachers say. Jake has too many questions—questions that could get him in trouble. One night, the New Order Police arrive for Jake's best friend, Jos. She has been labeled an undesirable, and Jake blames himself for her disappearance. Quickly, Jake is forced to consider the horrors of the outside world. His grandfather explains the facts of the long ago war, and Jake now realizes his own life might be in danger. He may end up like Jos. The sudden change of events in Jake's peaceful life has something to do with a mysterious man named Jack, and the *Book of Destiny* now in Jake's possession. On the run, Jake has trouble recognizing friend or foe, especially when there is a demon out for his soul. The *Book of Destiny* will guide Jake's way, but will the young man live to make his new world a better place?

Crime Ink: Iconic John Copenhaver, Salem West, 2025-09-02 Prepare for intrigue, suspense, and unforgettable twists in this groundbreaking anthology of queer crime fiction. In 2023, crime fiction anthologies featured 517 stories across 30 titles, but shockingly, fewer than 1 percent were penned by LGBTQ writers. *Crime Ink: Iconic: An Anthology of Crime Fiction Inspired by Famous Queer Icons* is a resounding response to this glaring disparity, offering a vibrant collection of stories by and about queer authors and characters. Drawing inspiration from queer icons, James Baldwin, Oscar Wilde, Candy Darling, Radclyffe Hall, Babadook, Megan Rapinoe, Laverne Cox, Dolly Parton, Vita Sackville-West, and many more, these tales span the rich spectrum of crime fiction, from cozy mysteries and whodunits to noir psychological thrillers and police procedurals. Each story is a testament to the depth, ingenuity, and thrilling originality of queer voices in the genre. This anthology showcases an incredible array of talent, including New York Times Best Crime Novels of 2024 honorees Margot Douaihy, Robyn Gigl, John Copenhaver, and Katrina Carrasco, Lambda Literary winners Ann Aptaker, Greg Herren, Ann McMan, and J.
