Man In The Past The Present And The Future:

Man in the Past, Present and Future W. S. Dallas, 2023-05-10 Reprint of the original first published in 1872 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **An Elementary Treatise Upon Man's Past Evolution, Present Constitution And Future Development** Max Heindel, 2020-12-04 This book is written by Max Heindel the founder and Messenger of The Rosicrucian Fellowship This is a reference book of the Fellowship students and Probationers This book is also referred as Cosmo Conception or Mystic Christianity The founder of the Christian Religion stated an occult maxim when He said Whosoever shall not receive the kingdom of God as a little child shall not enter therein Mark 10 15 All occultists recognize the far reaching importance of this teaching of Christ and endeavor to live it day by day When a new philosophy is presented to the world it is met in different ways by different people One person will grasp with avidity any new philosophical effort in an endeavor to ascertain how far it supports his own ideas To such an one the philosophy itself is of minor importance Its prime value will be its vindication of HIS ideas If the work comes up to expectation in that respect he will enthusiastically adopt it and cling to it with a most unreasoning partisanship if not he will probably lay the book down in disgust and disappointment feeling as if the author had done him an injury Another adopts an attitude of skepticism as soon as he discovers that it contains something which HE has not previously read heard or originated in his own thought He would probably resent as extremely unjustified the accusation that his mental attitude is the acme of self satisfaction and intolerance such is nevertheless the case and thus he shuts his mind to any truth which may possibly be hidden in that which he off hand rejects Both these classes stand in their own light Set ideas render them impervious to rays of truth A little child is the very opposite of its elders in that respect It is not imbued with an overwhelming sense of superior knowledge nor does it feel compelled to look wise or to hide its nescience of any subject by a smile or a sneer It is frankly ignorant unfettered by preconceived opinions and therefore eminently teachable It takes everything with that beautiful attitude of trust which we have designated child like faith wherein there is not the shadow of a doubt There the child holds the teaching it receives until proven or disproven In all occult schools the pupil is first taught to forget all else when a new teaching is being given to allow neither preference nor prejudice to govern but to keep the mind in a state of calm dignified waiting As skepticism will blind us to truth in the most effective manner so this calm trustful attitude of the mind will allow the intuition or teaching from within to become aware of the truth contained in the proposition That is the only way to cultivate an absolutely certain perception of truth The pupil is not required to believe off hand that a given object which he has observed to be white is really black when such a statement is made to him but he must cultivate an attitude of mind which believeth all things as possible That will allow him to put by for the time being even what are generally considered established facts and investigate if perchance there be another viewpoint hitherto

unobserved by him whence the object referred to would appear black Indeed he would not allow himself to look upon anything as an established fact for he realizes thoroughly the importance of keeping his mind in the fluidal state of adaptability which characterizes the little child He realizes in every fiber of his being that now we see through a glass darkly and Ajax like he is ever on the alert yearning for Light more Light The enormous advantage of such an attitude of mind when investigating any given subject object or idea must be apparent Red Rocks Collection (Past, Present, Future) Verna Clay,2015-10-29 PAST Tana Raven Sees makes her home in a valley surrounded by red monoliths Although others claim she lives alone she is never alone Not only do the forest animals come to her when they are injured or ill but she is often visited in dreams by her deceased grandmother Frannie For years Frannie has been foretelling of a man who will seek her out and make her cry After waiting so long she decides her grandmother is mistaken That is until the day he arrives with his daughter PRESENT After enduring a media frenzied divorce covered by the tabloids country singer Sunny Sundance is ordered by her doctor to rest During her sabbatical she even considers retiring at the height of an illustrious career When her attorney calls about a journal and tintype photo dating back to the 1800s he received from a man who claims the artifacts belonged to Sunny s ancestors she is intrigued but not convinced After reading the journal however she knows beyond any doubt that the claims are true Since her career is on hold she drives incognito to the Village of Oak Creek a small community located near the beautiful city of Sedona in Arizona with the intent of buying back her family s homestead Little does she realize she is about to begin an amazing journey into an unbelievable family legacy FUTURE A solar flare has destroyed the surface of the earth and driven its inhabitants underground Unknown to Dr Violet Morningstar she holds the key to the future However she has contracted a deadly virus and must be placed in cryogenics Awakened hundreds of years in the future she is astounded to find civilization although technologically advanced is still underground The only bright spot in her life is remembering visions from a dream while in cryogenics Is it possible that her dream holds the key to terraforming the earth
