MARX TOYS

Robots, Space, Comic, Disney & TV Characters

Maxine A. Pinsky

Wonderful toy robots, space ships, astronauts, and comic characters produced by the Louis Marx Company from the 1950s to the 1970s are described in detail. Many of the most highly valued of all the Marx toys are presented in this text. Numerous color and black and white photographs illustrate the text. Prices are included among the descriptions.

The toys described were produced in tin or plastic. They include wind-ups, battery powered toys, hoppers, and ramp walkers which light up, make noises, or scramble erratically around the room. Interviews with artists employed by the company add detail and color to this valuable text. This is an essential reference for anyone fascinated by toys.
