Meeting The Madwoman Empowering The Feminine Spirit:

Meeting the Madwoman Linda Schierse Leonard,1993 By befriending the inner Madwoman both women and men will discover the feminine spirit within themselves a discovery that can lead to a deeper sense of being and human community Women will also discover the courage and the strength to confront injustice and effect positive change in the home the workplace and the ballot box and men will learn how to relate to the women in their lives in more mature and fulfilling ways Meeting the Madwoman brings a fresh and *Meeting the Madwoman* Linda Schierse Leonard,1994-03-01 The Madwoman is a powerful psychological and emotional energy that lives in us all both men and women and speaks to us all inhabiting our dreams our lives our collective cultural memory Ignored or suppressed she becomes a force of self destruction acknowledged and understood she becomes a source of creativity and power In this remarkable and revolutionary book Linda Schierse Leonard explores how we can overcome the inner turmoil of contemporary life unexpressed rage the buildup of guilt and anxiety by harnessing this primal expression of our natural instincts From Medea to Ophelia to Thelma and Louise the paradox and patterns of madness are as old as time But the chain can be broken the Madwoman within each of us can and must be freed openly expressed and transformed into a source of constructive creative energy Leonard draws upon an extraordinary range of sources ancient myths and fairy tales films and literature contemporary and historical women s lives to design a model of empowerment for women today With its fresh perspectives and bold insights Meeting the Madwoman is a provocative work of profound cultural significance one whose ideas are sure to resonate for years to come Praise for Meeting the Madwoman A book loaded with practical insights that s also fun to read With refreshing originality Leonard reverses some traditional perceptions New Woman A vigorous exploration Throughout Leonard writes passionately seeing the Madwoman as an empowering symbol and the discovery process as a spiritual exercise a kind of purification and ultimate triumph of the feminine spirit Kirkus Reviews *Trauma and Beyond* Ursula Wirtz,2020-06-08 In this seminal work on the clinical archetypal and spiritual dimension of trauma the author offers a compelling vision of the transformative potential of suffering and the dialectic of Dying and Becoming Wirtz outlines a healing path from fragmentation to integration and illuminates the resilience of the human spirit in the face of severe trauma Trauma and Beyond will be essential reading and a valuable resource for counsellors therapists and Jungian analysts who are challenged in their practice with individual and collective traumata *Distorted Bodies and Suffering Souls*. Chantal Kwast-Greff,2013 Chaos Pain Self mutilation Women starve themselves They burn or slash their own flesh or their babies throats and slam their newborns against walls Their bodies are the canvases on which the suffering of the soul carves itself with knife and razor In Australian fiction written by women between 1984 and 1994 female characters inscribe their inner chaos on their bodies to exert whatever power they have over themselves Their self inflicted pain is both reaction and language the bodily sign not only of their enfeeblement but also to a certain extent of their empowerment of themselves and their world The texts considered in this book chiefly by

Margaret Coombs Kate Grenville Fiona Place Penelope Rowe Leone Sperling and Amy Witting function as both defiance and acceptance of prevailing discourses of femininity and patriarchy between submission and a possible future The narratives of anorexia bulimia fatness self mutilation incest and murder shock the reader into an understanding of deeper meanings of body and soul and prompt a tentative interpretation of fiction in relation to the world of real women and men in contemporary white Australia This is affective literature with the reader in voyeuristic complicity Holding up the mirror of fiction the women writers act perform as a social lever their narratives as Bildungsromane But there is a risk that of reinforcing stereotypes and codes of conduct which supposedly long gone still represent women as victims Why are the female characters self destroyers and victims Why are they not heroes saviours or conquerors If women read about women themselves and feel pity for the Other they read about they will also feel pity for themselves there is little happiness in being a woman But infanticide and distorting the body are problem solving behaviours In truth the bodies of the female characters bear the marks and scars of the history of their mothers and the history of their grandmothers indeed that of their own the history of survivors

Sabina Spielrein Angela M. Sells, 2017-07-25 Explores the life and work of psychoanalyst Sabina Spielrein through a feminist and mytho-poetic lens Long stigmatized as Carl Jung's hysterical mistress Sabina Spielrein 1885-1942 was in fact a key figure in the history of psychoanalytic thought Born into a Russian Jewish family she was institutionalized at nineteen in Zurich and became Jung's patient Spielrein went on to earn a doctorate in psychiatry practiced for over thirty years and published numerous papers until her untimely death in the Holocaust She developed innovative theories of female sexuality child development mythic archetypes in the human unconscious and the death instinct In *Sabina Spielrein* Angela M Sells examines Spielrein's life and work from a feminist and mytho-poetic perspective Drawing on newly translated diaries papers and correspondence with Jung and Sigmund Freud Sells challenges the suppression of Spielrein's ideas and shows her to be a significant thinker in her own right This book is a major perhaps a definitive contribution to the literature Angela

Sells documents both the demonization of a great psychoanalytic theorist mainly because she was a woman and worse still was once Carl Jung's patient The book's greatest strength is its power to enlighten and inform and in so doing to arouse indignation and amazement at Spielrein's brilliance and tenacity Phyllis Chesler author of *Women and Madness* This is a pathbreaking piece of research that not only begins to rehabilitate the reputation of a woman patient of Jung's but also suggests that Spielrein was an important contributor in her own right to the beginnings of psychoanalysis Carol P Christ coauthor of *Goddess and God in the World* *Conversations in Embodied Theology* *Wonder Women and Bad Girls* Valerie Estelle Frankel, 2020-10-26 *Wonder Woman* Harley Quinn Shuri and Black Widow These four characters portray very different versions of women the superheroine the abuse victim the fourth wave princess and the spy respectively In this in depth analysis of female characters in superhero media the author begins by identifying ten eras of superhero media defined by the way they portray women Following this the various archetypes of superheroines are classified into four categories boundary crossers good girls outcasts and those that reclaim power From Golden Age comics through today's hottest films heroines have been surprisingly assertive diverse and remarkable in this celebration of all the archetypes *Star Wars and the Hero's Journey* Valerie Estelle Frankel, 2021-03-12 The original *Star Wars* trilogy famously follows Joseph Campbell's model for the hero's journey making Luke Skywalker's story the new hero quest for a modern age With the nine plus film saga complete however new story patterns have emerged as the hero's journey is imagined over and over for characters of different ages genders and backgrounds The prequels offer the plot arc of the villain's journey through Anakin Leia and Padme while damsels in the men's story break out to undergo their own ordeals The heroine's journey is exemplified by Rey and Jyn Obi Wan Yoda and Vader must accept the loss of power and fade into spirit guardians perpetuating the lifecycle By the sequel era the original trio become mentors to the younger generation and finally must do the same Meanwhile the *Mandalorian* explores a different form of the quest as he transforms from immature warrior to patriarch This book tracks the journeys of over 20 characters throughout the franchise *The Night House* Danielle Dulsky, 2025-03-25 Fairy tales are more than mere bedtime stories they are living breathing repositories of ancient wisdom and magick In *The Night House* bestselling author and word witch Danielle Dulsky peels back the layers of these timeless narratives to reveal their potent role as guides for navigating today's world Historically kept and passed on by women fairy tales are distinguishable from other types of folk tales by their supernatural elements and because of this they were often dismissed as trivial fantasies for women and children Danielle illuminates how this marginalization kept these stories safe from the witch hunter's noose and allowed women to safely store and transmit their sacred age old wisdom for new generations to uncover and explore Her fresh and relevant commentary will support your kinship with the Earth ancestors and your own living myth *The Night House* shows how a single fairy tale is actually a treasure box of coded knowledge and magickal practice that has remained largely intact preserved under the floorboards of the Yaga's hut for us to find *Our Turn Our Time* Christina Baldwin, 2010-06-15
