Memoir Of Marco Parenti A Life In Medici Florence:

The Memoir of Marco Parenti Mark Salber Phillips,2014-07-14 For this vivid description of the world of a Florentine patrician Mark Phillips draws on Marco Parenti s private letters *ricordanze* or diaries and public history or memoir When Cosimo de Medici died in 1464 Parenti foresaw a return to liberty and began to write a history but his political hopes and his literary ambitions foundered when the Medici party won a decisive victory over their patrician enemies in 1466 Despite this setback Parenti s historical Memoir recently rediscovered by Mark Phillips is our best witness to this major crisis in Florentine politics Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Memoir of Marco Parenti** Mark Phillips,1989-03-01 Drawing on Marco Parenti s Memoir a public history private letters and *ricordanze* diaries Phillips describes the world of this fifteenth century Florentine patrician *The Memoir of Marco Parenti* Mark Phillips,1987

Gilding the Market Susan Mosher Stuard,2011-06-03 In the fourteenth century garish ornaments bright colors gilt and military effects helped usher in the age of fashion in Italy Over a short span of years important matters began to turn on the cut of a sleeve Fashion influenced consumption and provided a stimulus that drove demand for goods and turned wealthy townspeople into enthusiastic consumers Making wise decisions about the alarmingly expensive goods that composed a fashionable wardrobe became a matter of pressing concern especially when the market caught on and became awash in cheaper editions of luxury wares Focusing on the luxury trade in fashionable wear and accessories in Venice Florence and other towns in Italy *Gilding the Market* investigates a major shift in patterns of consumption at the height of medieval prosperity which more remarkably continued through the subsequent era of plague return of plague and increased warfare A fine sensitivity to the demands of *le pompe* that is the public display of private wealth infected town life The quest for luxuries affected markets by enlarging exchange activity and encouraging retail trades As both consumers and tradesmen local goldsmiths long distance traders bankers and money changers played important roles in creating this new age of fashion In response to a greater public display of luxury goods civic sumptuary laws were written to curb spending and extreme fashion but these were aimed at women youth and children leaving townsmen largely unrestricted in their consumption With erudition grace and an evocative selection of illustrations some reproduced in full color Susan Mosher Stuard explores the arrival of fashion in European history **The Origins of the Platonic Academy of Florence** Arthur M. Field,2014-07-14 Founded by Cosimo de Medici in the early 1460s the Platonic Academy shaped the literary and artistic culture of Florence in the later Renaissance and influenced science religion art and literature throughout Europe in the early

modern period This major study of the Academy's beginnings presents a fresh view of the intellectual and cultural life of Florence from the Peace of Lodi of 1454 to the death of Cosimo a decade later Challenging commonly held assumptions about the period Arthur Field insists that the Academy was not a hothouse plant grown and kept alive by the Medici in the splendid isolation of their villas and courts Rather Florentine intellectuals seized on the Platonic truths and propagated them in the heart of Florence creating for the Medici and other Florentines a new ideology Based largely on new or neglected manuscript sources this book includes discussions of the earliest works by the head of the Academy Marsilio Ficino and the first public Platonizing lectures of the humanist and poet Cristoforo Landino The author also examines the contributions both of religious orders and of the Byzantines to the Neoplatonic revival Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Reimagining Mobilities across the Humanities Lucio Biasiori, Federico Mazzini, Chiara Rabbiosi, 2023-01-31 Volume 2 Objects People and Texts explores the movement of individuals and peoples and the circulation of material objects and books and texts Through a series of short chapters mobility is employed as an elastic inclusive and multifaceted concept across various disciplines to shed light on a geographically and chronologically broad range of issues and case studies In doing so the concept of mobility is positioned as a powerful catalyst for historical change and as a fruitful approach to research in the humanities and social sciences Like its sister volume this volume is edited and written by members of the Centre for Advanced Studies in Mobility and the Humanities MoHu at the Department of Historical and Geographical Sciences and The Ancient World DiSSGeA of the University of Padua Italy The structure of the book mirrors the Theories and Methods and Ideas thematic research clusters of the Centre Afterwords from leading scholars from other institutions synthesise and reflect upon the findings of each section This volume together with Volume 1 Theories Methods and Ideas makes a compelling case for the use of mobility studies as a research framework in the humanities and social sciences As such it will be of interest to students and researchers in various disciplines

The Ciphers of the Monks David A. King, 2001 This is the first comprehensive study of an ingenious number notation from the Middle Ages that was devised by monks and mainly used in monasteries A simple notation for representing any number up to 99 by a single cipher somehow related to an ancient Greek shorthand first appeared in early 13th century England brought from Athens by an English monk A second more useful version due to Cistercian monks is first attested in the late 13th century in what is today the border country between Belgium and France with this any number up to 9999 can be represented by a single cipher The ciphers were used in scriptoria for the foliation of manuscripts for writing year numbers preparing indexes and concordances

numbering sermons and the like and outside the scriptoria for marking the scales on an astronomical instrument writing year numbers in astronomical tables and for incising volumes on wine barrels Related notations were used in medieval and Renaissance shorthands and coded scripts This richly illustrated book surveys the medieval manuscripts and Renaissance books in which the ciphers occur and takes a close look at an intriguing astrolabe from 14th century Picardy marked with ciphers With Indices Mit Kings luzider Beschreibung und Bewertung der einzelnen Funde und ihrer Beziehungen wird zugleich die Forschungsgeschichte die bis dato durch Widerspruechlichkeit und Diskontinuit t gepr gt ist umfassend aufgearbeitet Zeitschrift fuer Germanistik *Images and Identity in Fifteenth-century Florence* Patricia Lee

Rubin,2007-01-01 An exploration of ways of looking in Renaissance Florence where works of art were part of a complex process of social exchange Renaissance Florence of endless fascination for the beauty of its art and architecture is no less intriguing for its dynamic political economic and social life In this book Patricia Lee Rubin crosses the boundaries of all these areas to arrive at an original and comprehensive view of the place of images in Florentine society The author asks an array of questions Why were works of art made Who were the artists who made them and who commissioned them How did they look and how were they looked at She demonstrates that the answers to such questions illuminate the contexts in which works of art were created and how they were valued and viewed Rubin seeks out the meeting places of meaning in churches in palaces in piazzas places of exchange where identities were taken on and transformed often with the mediation of images She concentrates on questions of vision and visuality on seeing and being seen With a blend of exceptional illustrations close analyses of sacred and secular paintings by artists including Fra Angelico Fra Filippo Lippi Filippino Lippi and Botticelli and wide ranging bibliographic essays the book shines new light on fifteenth century Florence a special place that made beauty one of its defining features *Companion to Historiography* Michael Bentley,2006-02-27 The Companion to Historiography is an original analysis of the moods and trends in historical writing throughout its phases of development and explores the assumptions and procedures that have formed the creation of historical perspectives Contributed by a distinguished panel of academics each essay conveys in direct jargon free language a genuinely international wide angled view of the ideas traditions and institutions that lie behind the contemporary urgency of world history *Companion to Historiography* Michael Bentley,2006-02-27 This Companion presents a clear thematic overview of historiography explored through a series of stimulating and wide ranging articles Compiled by experts in the field the Companion is fully indexed for ease of access

Florentine Tuscany William J. Connell,Andrea Zorzi,2000 Florence has often been studied in the past for its distinctive urban culture and society while insufficient attention has been paid to the important Tuscan territorial state that was created by Florence in the fourteenth and fifteenth centuries Comprising a handful of formerly independent city states and numerous smaller communities in the plains and mountains the Florentine empire in Tuscany supplied the markets and fiscal coffers of the Renaissance republic while providing lessons in statecraft that nourished the political thought of Machiavelli and

Guicciardini This volume comprises seventeen original essays representing the new directions being taken by historians of the Florentine Renaissance It offers new and exemplary approaches towards state building political vocabulary political economy civic humanism local history and social patronage in what is one of the most interesting and well documented of the states of late medieval and Renaissance Europe **Reason and Experience in Renaissance Italy** Christine Shaw,2021-11-25 A wide ranging survey of the political principles which underlay or were used to justify political proposals and decisions in Renaissance Italy Political Memoir George W. Egerton,1994 The genre of political memoir has a long history from its origins in classical times through its popularity in the age of courts and cabinets to its ubiquity in modern mass cultures where retired politicians increasingly attract large and eager readerships for their revelations Yet there is virtually no scholarly criticism which treats this complex form of literature as a distinct genre fusing autobiographical historical and political elements The essays in this book draw together the collaborative findings of a team of British European American and Canadian scholars to present a pioneering historical and critical study of the genre of political memoir analysing the development of its distinct functions and assessing leading memoirists in European American Canadian Indian and Japanese societies The editor George Egerton introduces the volume and surveys the principal features of the genre over its long history Otto Pflanze analyses the memoirs of Bismarck Robert Young Milton Israel Joshua Mostow and Robert Bothwell study the memoir literature of France India Japan and Canada respectively Barry Gough and Tim Travers look at naval and military memoirists while Zara Steiner B J C McKercher and Valerie Cromwell assess the memoirs of diplomats and their families Leonidas Hill examines the memoirs of leading Nazis John Munro Francis Heller and Robert Ferrell convey inside information on the making of memoirs notably by the Canadian Prime Ministers Diefenbaker and Pearson and the American President Truman Stephen Ambrose assays Nixon as memoirist while Janos Bak portrays the status of memoirists under totalitarian regimes Wesley Wark and John Naylor analyse the proliferation of intelligence memoirs and government efforts to protect official secrets from the revelations of the candid memoirist The principal findings reached by the contributors in their study of this problematic but influential genre are set out by the editor in the concluding chapter Renaissance Politics and Culture Jonathan Davies,John Monfasani,2021-08-16 Renaissance Politics and Culture collects ten essays by eminent scholars in Renaissance studies to celebrate the life and work of Robert Black who has made some of the most original and significant contributions to the history of the Renaissance Reflecting his interdisciplinary interests and approaches these essays analyze education humanism political thought printing and the visual arts during this key period in their development Contributors James R Banker J r mie Barthas Davide Baldi Bellini Jane Black Lorenz B ninger Jonathan Davies James Hankins John Monfasani John M Najemy and Brian Richardson *Enduring Loss in Early Modern Germany* ,2010-07-05 This anthology assembles cross disciplinary perspectives on the experience of and responses to forms of material and spiritual loss in early modern Germany tracing how individuals and communities
